...Rohan Goel

After playing infinite Taboo and Mafia games with you, i realized you aren't that intimidating after all :P It's so fascinating how you are such a genius and so humble at the same time. One thing i am definitely taking from this college is a spectacular friend for life. Thanks for always being there to guide me and for being a great motivation. Hoping the never ending deep talks never end. :D

...AASHIMA RATHORE

Few would possess a personality as you. Good luck, Mr Swag Ambassador! :D

...Dhananjai Sharma

Sahi banda hai yaar tu. Take care and keep in touch.

...Siddharth Kumar Sah

Abhi! I have had so many amazing memories with you !! Our horror stories, our dumb charades, our choreo designing and your motivation that I can handle it. Thank you so much for everything. Hope you make it big in life. All the very best!! Keep in touch :D

...TAMANNA PAHOOJA

It was great to know you stud boii. Keep in touch man.

...Devgeet K Patel

I will rant to you about anything and everything till the end of time. There is no escape now. You're an inspiration. And the absolute best. Your choice of words to comfort someone never ceases to amaze me. All the love and food in the world to you. And I'm not going to say stay in touch because the opposite was never an option.

...ISHITA MALVIYA

A down to earth partner in crime with whom no joke is offensive ever, no party is long ever, and no dumbness is futile ever :) besides being the best person, you really have the mettle to achieve what people otherwise think is impossible. May our paths cross again, always stay the same :)

...SABHYATA SHUKLA

A down to earth partner in crime with whom no joke is offensive ever, no party is long ever, and no dumbness is futile ever :) besides being the best person, you really have the mettle to achieve what people otherwise think is impossible. May our paths cross again, always stay the same :)

...SABHYATA SHUKLA

You wanted to be the first one to write but i want to be the last one to write, the one who wants to stay with you till the last. From TRW report to being the roomates in flat, I wouldnt have survived both the PS without you. We have similar taste in food (the love for Navtara shall always remain, Rasmalai), similar taste in maths ki Arithmetic Progressions (AP), computer science ki Dynamic Programming (DP). Number theory padhte padhte number practical pe pohch jaate they. Ek din paper zarur publish karenge. Hackathon mai cold coco bhi saath mai peeya, Mup project bhi raatbhar jaag ke kiya. Miss kheer thi ki shaadi bhi karvayenge. You know a lot about my zoo. Let it be secret only. I will always cherish the hostel room talks till 4 am. "Useless Issue" pe bhi hum kafi discuss kar chuke hai xD. Har chiz ke 2 meaning batate rehna. Ab shakal ka toh kuch kar nahi sakte, baatein toh achi kar hi leta hai tu. Zarurat hogi toh aur log room pe aa jayenge tere lekin mai room ke bahar chala jaunga. Sakht TA wala sapna juniors ko pass on karna. All the similar things have connected us so well, dont think will find such a person again!

...SHAH JAINAM AMISH

My coding buddy, a very good friend, study partner, pasta partner :D. I'll forever cherish the countless memories we made together. I can't remember an exam I gave without studying with you, remember our Coding resolutions :P? those endless discussions with you about rare species of our campus :P and endless coding sessions. ICPC planning :P. and a lot more to write here. You have been a great support for me in the ups and downs of my college life and I'll always be thankful to you for that. Let's enjoy our Bangalore life together as well. Fat_boy67 forever, Shaiyara forever.

...PRIYANK LODHA

EPS Legend! It was great to take that course with you. All the best for your future endeavours. Cheers!
:D

...Ayush Sharma

Dude studying for the exams with you was awesome. I really wish I had gotten to know you sooner man. Let's meet up in Bangalore soon(totally my fault for not meeting up till now).

...Kartik Kenny

Bhaisaab aap to GOD ho __. Jaldi milte hai. apko all the best kya bolu...apka aashirwaad dedo hume...:P

...HARDIK VERMA .

From being opponents in EPS debate to team mates in ELFAM presentation. Remember the running around to get ELFAM time table changed? :P And trying every possible pose for Mayank to capture after presentation. XD We have had all CS courses together, but it's the English ones that connect us more. Stay the amazing person you are and keep in touch!

...Somya Shubhangi

Sometimes I wonder if this guy works for the secret services. Extremely private about his personal life, giving away nothing. You have this air of professionalism that lasts as long as a person hasn't had two good conversations with you. Then there is a ton of nonsense that comes out of this apparently serious guy. TRW was a watershed moment in our friendship, largely because at least you knew who I am in person and not just name and there has been no going back since. It might actually be easier for the government to get Vijay Malya to pay back his loans than to get a treat out of you, the deal it took to get a birthday treat from you is still fresh in my memory. When it comes to taking a treat, you leave nothing to chance. I can imagine you sitting next to the banks of the Ganga, sipping a cup of hot Coco on a cold winter night ,stuffed after your Rasmalai eating Spree just because someone offered to treat you to sweets there. To all the wonderful stories woven around our hero Priyank for every lab and watching juniors shiver in fright at the mention of his name. We certainly left a legacy behind. Stay the fashionable one with a saree for every occasion (even to go to the mess) and the composed one for every situation.

Khatarnaak padosi hamesha UP wale bolkr marta tha sale. Bro getting neighbors like you and tiwari was one of the best thing in college. Learned a lot from you guys. I will always remember those Blur races and Mortal Kombat k matches.

...Akshay Kumar

Sahi hai sahi hai is what I have learned from you recently there are plenty other things in that list believe me. My initial reaction of you for first initial 2 years before Shaiyara happened was, fuck this guy is so serious, well well I have whole new perception of you now :p . Bro you my friend are one hell of a person, from Shaiyara outings to negotiating deals for apartment to planning Morgan's future we have had some good times, cheers to them. Busy to aap rehte ho but kabhi jab hume korporate kabootar bane hue time ho jaega toh jab ye notification aaega ki "Abhimanyu Bits" have messaged you toh ek halki si muskaan hamesha aaegi. Love you bakchod launde.

...HIMANSHU AGARWAL

Saare stud ek taraf, apna Abhimanyu ek taraf! Thodi ladkiyan humaare liye bhi chhad do? Bro you are like the conscience keeper of our group. Bas treat time pe de diya kar aur thoda kanjoos kam ban. Tera attitude aur har cheez aur har cheese ke liye dedication toh first year se hi dekh raha tha, par tu itna bakchod bhi hoga ye third year mein hi maloom chala. Agli baar humein ekdum ghatiya movie aur ekdum badhiya wali outing pe kab le chal raha hai? :p

VBEEVEI. Borrowing MuP notes was a good deal. We're too good at Contact for our own good. Veg Schezwan Noodles and Veg Cheese Grilled Sandwich aren't the same without you. The bottle of Mixed fruit juice waits. Sayonee Sensates. The 3 phase firing circuit to my lamp load. Keep in touch, but beware of "one who cannot dance" for he is always watching. Good luck figuring that one out.

...SAMMIT JAIN

...NISSIM GORE-DATAR

Vbeevi, I've enjoyed all the dinner conversations we've had about the most trivial things. I used to third-wheel at Mongi all the time, what an idiot : P I love your pretty dimples. We share the same fav guilty pleasure movie. Love ya loads.

I have shared some secrets with you that I have not shared with anyone knowing that you will not spill them and would understand my feelings. You are the only person I know who loves maths and tries to understand it. I remember the time you taught me before exams and the way you taught was amazing. AASHIMA RATHORE:2014B5A80573G

Dear Aashima, I do not know how to thank you for being such a great friend to me throughout my college life. I might not have told you this but I really admire your genuineness and ability to bond with people no matter what. You always know how to make others laugh and even laugh at yourself when you get things wrong: for example No, gorillas do NOT exist on Mars and Annaleise Keating does not have cancer just because she wears a wig! I know how much you value friendship and I always know whom to go to when I have troubles pestering me, or I want to complain about life. One of the most memorable moments with you was when I left campus for the last time in 3-2, and I gifted you a bunch of _____. Your reaction was something I still remember to this day. I wish you a lifetime of happiness and love.

...ROHAN Dutta

Aashimaa, my Punjabi girl, the only solace in the boring Physics life. Do you remember our first Physics VGH dinner? You were running around talking to people. I had a lot of fun studying Physics with you. And even more fun attending together a particular class just to see that particular person (that damn smile!) (well I think he laid the foundation of our friendship unknowingly :P) And the endless crushes we both had :/ I love how you keep your friendships so nicely. You are that perfect friend to anybody - fun loving, sincere, caring and 100 percent original. There was literally a time when I asked you to share your wisdom in keeping so good friendships. It was easy connecting with you and you are one person I look forward to being friends forever. And girl, your workouts did find its fruits - your hotness increased exponentially. Stay awesome :) Stay connected :)

...ARCHA R I

One of the most enthusiastic girl I've ever met. Keep your will to learn new things. Will remember those artificial jogging days in Nagda with you and Sunita. All the best for future. :-)

...Bhakti Vora

One of the most enthusiastic girl I've ever met. Keep your will to learn new things. Will remember those artificial jogging days in Nagda with you and Sunita. All the best for future. :-)

...Bhakti Vora

One of the most sweet and innocent girls i have met. Spending time with you was one of the best experiences in bits. Best of luck for the future. Stay in touch. Let the gossips continue! ;)

...DESHPANDE CHIRAG ANAND

If I wrote down everything I feel about you here, this would be a love letter. Babe, you have literally been my survival kit here in college. Lol to you getting me into every club/dept in the first year. Your gymming, diplomacy, and dancing (and singing lol) spirit have always inspired me. I shall preserve it all in my memory, our fights, our talks and our sleepovers. No one can replace you. May you have an amazing life ahead full of food and action *wink* <3

...SONI SALONI

Aashima!! From "yo so dumb" jokes in first year to random boozy outings to rakshabandhan to "Aa aa aa aa gayaaaa" to you trying to convince us that ghosts are real (you seemed legit though with that paper ouija board) - every moment has been fun filled with you. I hope that every moment of your future life is filled with as much excitement as you're always trying to seek. Jai Rajputana :P

...ARJUN NAIR

From being chased around for calling you "egg puff" to the deeeep shit we discussed, I am glad I met you. Friendship with you was effortless. This is the thing I will miss most about you that you are so easy to talk to and hang out with. Clickin Aashima ;)

From gym buddies to study buddies to bitching buddies to be cascading together :P our friendship has seen it all . You are one person I can sit and tell my kids stories about , and of course how i got to be friends with you :D Thanks for being the bigger person everytime we fought (that message of joy still makes me feel guilty :P) . It has always been fun with you and I hope its stays the same beyond this campus too .

...TUSHAR JOEL CORNELIUS

Aashima! College would never have been the same without you. All those late night gossip ranging from random crushes to life's greatest mysteries were so much fun. Always be cheerful with that infectious smile of yours. Miss you! :*

...Somya Shubhangi

I'm gonna miss slapping you for no reason, pulling your cheeks for no reason, poking your tummy for no reason. Fat-Thin-Fat-Thin-Fat-Thin. Hope that day comes when you permanently shed all your weight and still never stop hogging:p Best of luck for future:DD

...KANNAN KAPOOR

Tere Mere Darmiyaan hai Baatein Ankahee! Tu wahaan hai, Main yaahaan hoon, Saath hum nahi. Faisle Jo kiye, Faasle hi Mile. Raahein Judaa kyun hogayi? Na tu Galat, Na main Sahi! Teri Smile Kaafi Dangerous Hai, so never let anybody take that away from you. Zindagi Lambi nahi, badi karna Babumoshai! Jo hamesha mera dost rahe, woh Rajput! (I wish this were true). You will always be my favourite Rathore! I am glad that I met you and sad that not earlier. If only we had more time in our hands, Aag laga dete! All the Best, and Bas Duaa Mei Yaad Rakhna!

...VARAD JOSHI

"Don't add days to your life but add life to your days", whenever I hear this quote, you come to my mind. You are a person I can spend time with doing absolutely nothing, just talking and smiling and still I will never get enough of you. With a magnetic personality like yours, it is very difficult for someone to resist your influence. Also I have noticed that you smile with your eyes and then you look like this => ^_^ and that becomes an instant source of joy for the people around you. You are simply one of the most genuine person I have ever met. Whenever we talk, we just talk without filters and I feel that, this is one of those things that brings us closer. To all the ghost stories and train games that we shared, I am gonna say it was just you who made them special for me. Thanks for always being there for me! Finally, Our lives may be moving fast like a train, But trust me this is not the end. And today even if we move ahead of this station, You and I will always travel in cohesion <3

Our late night discussions that sometimes degenerated into both of us falling asleep were the best!!! Finally in fourth year you cleaned your room! The number of times you took my phone and whatsapped! Please always stay the same!! Cuute!!!!

It is really something to watch you sleep like there exists no problem in the world (Sleeping Goals <3). There are many memories I will look back and smile on, our discussions on North V/s South Indians, the way you(both neighbours) ruined my message, our futsal night, THESE HOES AIN'T LOYAL ka trip, your cheeky dance moves on "HAWA HAWA" & "GREEN LIGHT". Your a great person to hang out with I was indeed luck to be your neighbour. PS: Perks of being a friend of APST- 1) Get freebies from

Lippy Singh/Apes/Lips - I was reminded during the trip about the epic scenes in 1-1, on the "tasks" I had to undertake to seal a position in our coveted group! Epic times. To say that you've had an indelible impact on my college life would be a mere understatement. Over the years I've been witness to / part of some epic bakchodis, and you've been integral to most of them. I do hope you pay heed to my campaigns for you (abhi Bhi chance hai, try to kar) though. Thanks for everything bruh

...Velianda Srinivasa Tanmay

...RISHABH CHATURVEDI

APSTeeeeeee I lub juuuuuu. You have good intentions and are genuinely sweet, and you have your friends' best interests at heart. But sometimes, you are just the worst friend ever. I'm positive that you've given me some of the worst advise ever. But it's okay, you try to be genuine. You're the opposite of Pabba at these times, where you kick a person when they're down. But other than that, you're really awesome. You're the cute boi with dimples to die for. Bas plis plis plis vo gandi shorts ko jala de. Also it's super fun to see you try to talk about shit you don't know, and you pretend to be the bawse xD Labhi, Pabba, Mehta and I shall always be there, ready to burst out in laughter when you do that the next time. So don't be that kid. :P Can't wait for bangalore! See you soon bro :D

...ASHU TAYAL

I don't even know how I would have survived both the PS without you. I will rant to you about anything and everything till the end of time. There is no escape now. You are a mean BITCH but still my absolute favorite. Also you are not that UGLY. You deserve the best. Thank you for existing, saal bhar ka tareef ho gaya ab back to gaali. Also please remember that meri shaadi mai tujhe sabyasachi gift karna hai, so stay in touch!

...ISHITA MALVIYA

I'll fulfill your wish here, girlfriend has end but lab partner has no end. I'll always remember the bio labs and workshop and never forget the lab where you gave me a pendrive. Your room had a prime location though I never came to see from your window :P. You have been very good friend and caring when i was sick here. Ishita ki saath mai milke udaate rahenge :P. Stay the same good person you are and mera naam leke logo ko darate rehna and nahate rehna xD. BANGalore mai macha dena.

Kaafi gossip monger, kaafi selfless, kaafi helpful and kaafi pro. I can never forget how in 4-1, when I wasn't on campus, you used to text me at 3AM about the latest placement gossips - those nights would have been very lonely without you. And one can also never forget tera subah subah uthte hi brush muh daalke, bed pe cross folded legs ke saath baithke, phone pe chats ke through gossip spread karna. Have forever enjoyed your company, shall stay in touch :)

...Rohan Goel

Me aur kisi ka bhi birthday yaad rakhu ya na rakhu, tera zaroor yaad rahega. Mere liye jitni maar tune khaayi hai, utni mere liye koi aur nahi khaayega, aur tu aur kisi ke liye itni maar kabhi nahi khaayega. Ye hee to pyaar hai. Tere jitna practical dost shayad hee kisi aur ko mile, aur ronaldo chod ke tere jaisi volleys koi nahi le sakta, don't let anybody tell you otherwise. Thodi baatein kam karo, aur ladkiyon ke kapde mat yaad rakho. Bhai bhai bhai!

...SHUBHAN PARAG PATNI

Sirji, kaafi memories together.....Another hostel but yet jb bhi aaya CH-3 to poore corridor ko pta hota tha ke lippy is in the house... kaafi harkatein kri tune..... Allahu Akbar, Karnu ke upar flying chappal, piku ke room mein wo raat and yes how can i forget jo tera mobile le kr bhaaga tha main and becharé nannu aur shanu pil gye the..... My first impression 'Ye kaisa insaan hai" and now to be one of the most prized persons in my life...Tumhare liye ek shayri araz hai 'Kis Kadar Shukriya Ada Karu, Us Khuda Ka, Alfaz Nahi Milte, Zindagi Itni Khubsurat Na Hoti Jo Aap Jaise Dost Nahi Milte"

...BHUVAN GUPTA

Abhijeet Pratap Singh Tomar aka Lippy aka APST , bhai tere jaisa aur koi nahi, tujhe koi argue nahi kar sakta , koi ladai nahi kar sakta , tujhse zyada masti bhi koi nahi kar sakta. itni maaze kiye hai Karnawat ke room "chitiyalpanti","chapal" , roz raat bahar ghumna , teri aur ankit ki ladai etc.. all this made college life unforgettable . CR7 For The Win

...SHANTAM KUMAR

Honestly, I had a hard time understanding what came out of your mouth in the beginning. Once I did, I realised ki kuch fayda nahi hai :P Keep being the no-nonsense bakchod king that you are!

Abhijeet Paan Singh Tomar! You are one of the most creative guys I have met. Tu bohot ache jokes crack karta hai - â??Mai gossip nahi kartaâ?? :P Future jitni bhi uncertain ho, mai ek cheez ke bare me certain hu - and mai terekko dua de raha hu ikse lie - tu Emma Watson se zaroor milega. Ye yaad rakhna and mujhe bhi kabhi de dio dua :P

...Pulkit Agarwal

I'll never forget the time I spent with you during internship interviews! You can't possibly imagine how much it helped me! :)

...YASH PANDYA

Bhai tu bohot masti krta hai. Jab 1-1 mein T1 ke time tu aata tha toh mai aur Karnawat room band kr lete thee ki ab ye padhne nhi dega. Tab mujhe bas tu bakchod lgta tha but last 2 semesters mein I have seen your sensible side as well. You're one of the most supportive guys and a genuine well wisher. Tu apna local Benzema hai bhai, aur tere se toh zyada hi rough khelta hun mai. Kabhi zindagi mein vella ho toh apna Youtube channel start krna. Angry Rantman se toh better hi krega bro tu. Tere jaisa banda kabhi nhi milega bhai. You're the life of every party. Thanks for sticking by my side whenever I needed you. 3k de bc bet waale. Confession bhi daala tha tune mdc. Kabhi maaf nhi krunga. Paise chhapte rho aise hi aur hamesha khush rho prabhu :) Love, Ayush <3

...Ayush Sharma

6th class se lekar aaj tak....badla nahi tu. The most bakchod friend I have and the most caring one too. The Gossip Monger and the Night Walker (hue). door rehta tha fir bhi paas tha <3. You have always been there for me, ab wo gaali dene ke liye ho ya support dene ke liye. (I think i should apologize for tearing a corner of that Emma Watson poster in your room :P). Can never forget your maggi and your "chitiyal panti". Aur itna sab kiya hai yahan likh bhi nahi sakte. Stay the same man and let's change your name from lipi to something else soon :)

...SHREYANS GUPTA

Thanks for giving me the news of my placement at Microsoft. It was the best thing I had heard in a long time. Best of luck for your future endeavors. :)

...URVASHI JAIN

You've been a rare amazing find in college. All the very very best for whatever you do in life ahead :D

...SHRIYA SRIVASTAVA

Got a little to know you, as I do almost always, submitted my thesis grade after the coming semester started. You're a good person. And I am saying all this only because you gave me that guitar pick for free and lent the cover. :P

...Siddharth Kumar Sah

Thank you for having my back on Feb 3rd 2017 :) Here's to more falls, ribboned roads, unforgiving weather and unlimited fuel powering a beating heart. Until our next ride, which we will definitely complete(hopefully with some crypto in hand) :)

...B RACHITH AIYAPPA

Without your precious physics notes, it would've been one tough ride. Thanks and best of luck mate :D

...KAPIL KALRA

Abhik! You were one of the few people I knew pehle se. Remember you, Nandan, Kashish and I used to eat in the IC every day in the first few days on campus? I'll always remember you as Magnex, who taught me Bunnyhop in CS 1.6. You slay bro! Also I'm a big fan of your performances in the music nights, and I always look forward to it. Keep in touch :D

...ASHU TAYAL

It has been great knowing you man. From RN classes in Chandigarh to finally sharing the same corridor, it has been a fantastic journey. I'm sure you will do great in life. Cheers! :D

...Ayush Sharma

You've been a wonderful friend all these years. And I am so glad dandeli trip happened. I admire the enthusiasm with which you talk about things you love to do. Keep me updated with all your life events. Illy.

...SOUMYA JETHANI

When I look back on my college years, I'll feel damn lucky to have had you as a friend. Here's to all our amazing trips, our contemplative conversations, those song marathons earlier on, and to our occasionally effective gym sessions. We still have to play together though, and that's something I'll look forward to for the time we cross paths again in the future. Have a brilliant life ahead of you, coz you don't deserve anything short of one. :D

...ARITRA CHOWDHURY

Good man. All the best for future.

...Shubham Shastri

I still remember the fateful day we met, with bags in hand, and parents at our sides, at the airport. If I close my eyes, it all comes back in a flash - sitting on the park slides, lying on the VGH lawns, the hundred thousand white pasta dishes I made you eat, the time you and Aparajita were sitting on the bench listening to Volcano and I joined you. I cannot imagine college life without you. Knowing you has been one of my greatest joys. Your kindness, humility and compassion are standards I will hold others to, for the rest of my life. I wish you luck for all the things in life to come, and hope that we will stay friends long after my hair turns grey.

...KRATIKA CHANDRA

I remember you thinking I must be a good guitarist when we met. The irony xD I think you're really good with the guitar and I really hope you keep at it with music. We've got way too many memories to write about but I doubt anything would beat NH7. You're the best person I could've asked to share that with, amongst many others (It's the perfect ...?). Keep in touch, cheers!

...ROHIT SHEKHAR

I really admire that you're always calm and smiling. You're incredibly easy to talk to about any thing at all. It's been a pleasure knowing you and I hope we stay in touch later on.

...GAGNEET SINGH

I have met very few people who are as smart and as talented as you. I have always been astounded by how calm and composed you are, and how, despite everything, you manage to be so humble. All the best!

...ROHAN A GAJENDRAGADKAR

Can't believe that it's over man. One of my first few friends on campus, and I'll probably not get to see him again. Sorry for not hanging out with you enough during Spree, I was too caught up in FC games and outings :/ I know that you're bound for success man. All those exams not studied for and solely putting in effort for what you love and what really matters, I wish I had it in me to do something so inspirational. Oh yeah, I'm waiting for you to become that god-level guitarist of some world-class rock band. Keep in touch, buddy :)

...Suhas S Pai

It's just weird how someone so ridiculously smart and amazing-at-everything can be so humble. I look up to you and would kill to be half of the person you are. Thanks for the weights lol, I used them twice. Stay in touch so that we can get a coffee whenever and wherever we meet next! :D

...JAYATI SINGH

We mostly met during labs:p, but really glad to have known you. I think you are really smart and also a

great human being. Be awesome as always!

...AADITYA VIKAS VAZE

Who needs to say stuff in testimonials when you have Lambda. I can't possibly describe how happy I am that we ended up spending so much time together. Keep making me listen to amazing music! Let's continue our journey the right VVAY! :)

...YASH PANDYA

You are the number 1 boyfriend on my list! :D That aside I really admire you as a person. I don't think I can ever be as humble and caring as you are. All the best and stay in touch.

...AKSHITA MITTAL

Abhik I will never forget first year where in class we used to deeply understand all the slides in 15 mins and chill the rest of the time :P We are obviously going to stay in touch, that's a no brainer. Keep smiling and do not change your ideals <3

...Rujuta Kelkar

I will perpetually wonder at your mysterious smile, and our slowly building up lambda moments (ha!) will stay with me always - we need more coffee, more grades, more exercise, more music, more time.

...Veena Vijai

To all the common room football matches and actual Central lawns ones and of course music night setups.. cheers!

...VARUN PRASAD

You're super smart, always calm and way too humble. Best of luck! PS- you still have to teach me cryptocurrency.

I really wish we had more time in college together, 1.5 years wasn't really enough. Aur ab toh tu Chennai mein rahega. :/ Seriously choosing CEERI was one of the best decisions, otherwise kabhi itne acche bande se mil paata. You are one of those rare kinds who is so awesome and fucked up at the same time. How unique? :D I'll forever remember CEERI, NC sessions, our Shaiyara dark lane walks, Slapping sessions XD (esse kon rota he yaar). #ShaiyaraForever

...PRIYANK LODHA

...HIMANSHU SINGHVI

They say you are born with family but you can always choose your friends. Call it luck or just IDs but I think it was destiny that our brought us together into the same group. Over long chats and multiple outings, this gora (and chota) baccha has become a very close friend of mine. Ever ready to help out unconditionally and even give treats (you are always the Pay Pal in the group) without keeping track of

money (Please keep track of money in future :p). Dene wala jab bhi deta deta chappar phadke defines you, and don't worry dene wali bhi hogi ek din :p

...CHINTAN BETRABET

...ABHIMANYU SINGH SHEKHAWAT

Adarsh you were probably one of the first people I met on campus. I've rarely seen anyone as calm and composed as you, well atleast until you decide that you've taken too much shit and flip out crying like a baby. I've seen you invert 9's to 6's but also seen someone go through a loss and come out stronger. I respect you opinion and that solo trip you took after 2-2. Be the same calm, dignified and loyal person that you are. Hopefully we meet again sometime or probably do a project together !! Also what the hell am I supposed to do with that fire engine

...SHUBHAM AGARKAR

The most good lucking guy in our CEERI group. Pighlu bande! I will remember all those wonderful moments we had and only feel sad ki we couldn't spend more time. I know you will succeed in everything and of course bandi toh mil hi jaegi. Best of luck! Stay in touch!

...KRATIKA CHANDRA

Most recent college friend ! It was nice to know someone who comes for night walks with a collection of stories by O.Henry. I think you have a great taste in books, music and girls :P You're the go-to guy for nice conversations over coffee . Stay the same sensible ,mature and kind person that you are .

...APARAJITA

To my most handsome friend. I had heard sayings such that a friendship should not been valued by how long it has been but by how pure it has been. Aur apni dosti bahut sachchi hain. Humari na to branch same thi, na hostel, na mess. CEERI ka group choda to humare dost bhi same nahi the. To vo kya tha jisse main yeh keh sakta hu ki you are one of my closest friends. I don't know. I really have missed you this sem. More so after spending that entire day in Bangalore with amazing pizza, a game of bridge and some deep conversations. Ho sake to aa jao campus one last time. Nahi to jindagi ke kisi aur mod par phir mulakat jarur hogi. And yes we will pick it up from where we have left. Mere Pighlu hamesha contact

mein rehna. All the best

...ANAND Dugad

Hi Padosi! Ye toh typical issue generation ka example ho Gaya,bagal men baithkar dono phone pe converse kar rahe hain. :P Anyway, you're sweet at times (argumentative at all others), really helpful, awkward ,dedicated, sincere aur bohot sara kuch par aise sar nai chadhai hi mai tujhe.But from how you were when I first met you to know, you've undergone a great transition and mostly for the good. It's amazing how we never give up on each other irrespective of all the fights. .I hope it stays the same and we be a constant source of support ,fun and annoyance for each other.and hangout more often.:D

Also, I think I will continue to wonder what would happen if I didn't wake you up in the morning since 8 semesters (about 800 days). You owe me. :p There are really a lot of things coming up my mind.. and mostly insulting (most of all your nick!!!).. But I would keep them aside for now.. and just for this time let everyone know that you have great sense of humour and oration skills. B) I also remember the days when you encouraged me when I wasn't feeling good! Besides this, we share a lot of secrets about each other and most importantly know to how keep them. One of the few important people, sorry.. animal in my life. Bhaai I simply wish us to be like this. Baaki sab sambhal jaega.

From Warcraft to Calvin Harris cover to covering for each other in backstage to finding never before seen guys in your room to that Marshall amp we could never sell... we grew up together from ambitious teens to whatever we are today (dead mauz??)... Whenever I came back to hostel from vacations I had that warm feeling of being in that wonderful neighborhood... Thanks for that bro... And I still don't know who wrote that on your walls and ceiling...

...VARUN PRASAD

Itne saare testimonials! Par I know you would be angry seeing most of them ;) Kamath is a changed man after PS1. I will try not to focus on your NEVER ready attitude to going out with us but on our countless experiments with buckets, gaming sessions, you trying to get me into DOTA and always trying to get me to try new things! Kuch kehene ki zaroorat hi nhi hai. One thing only! BC, keep in touch, where ever you are. And be ready for our next outing!! No convincing.

...AMAN GARG

Kamath. Thanks for letting me use all your cool instruments and for letting me eat all the fancy snacks in your room! Cheers!

...ABHIJEET RAKDE

A distinct memory from SG for me is the discussion we had at Satay by the Bay over a bowl of frog porridge, wherein you aptly remarked, "Who would have thought that the two of us, of all people, would end up sitting in Singapore this summer sharing a frog dish.' Indeed, much like that dish, our friendship (there, I admitted it - happy? :p) has turned out to be quirky, unexpected and well worth the try. Keep in touch Kamath. Might want to try some of your 'rave stuff' some day. ;)

...NISSIM GORE-DATAR

I have always looked up to you Adjay. You're the epitome of humility, dedication, and commitment. I wish you the very best of luck! :D

...ASHU TAYAL

Adjay Phodu Sagar! You're the living definition of the word humble. Innocent, righteous and principled. Perhaps a bit too much for my relatively pragmatic mind to digest, but it is indeed very inspirational. You're extremely talented and hard-working at the same time, a combination that has provided and I hope it continues to provide every success that you desire in the world. You don't need me to wish you for your endeavors, because I'm convinced you'd ace them anyway. Phodte raho, aur kabhi update bhi

kiya kar :P

...Velianda Srinivasa Tanmay

King of Humility, Duke of sorry land :P Thoda sa credit Lena bhi seekh lo. I have never met a person as selfless and humble as you. And keep suggesting TV shows. Stay the same, but thoda kam humble :P (kidding). All the best for the years ahead

...SAKSHI MEHRA

Mr. Adjay - best friend ! lab partner ! more importantly my research mentor . It was very nice writing codes, reading papers. It was much nicer to have you by side to ask doubts while writing codes or reading papers (i think we met thrice a week for the project). But, most importantly, what i enjoyed a lot is talking with you and other internet surfing (you may remember some funny pranks we did). we did during the time we spend for the project. It was also fun chasing Srinivas Sir, Anuridh Pandit Sir etc for the project. I am very proud to have a friend who always find time to help others even though you may be having hundreds of work at the same time . By the end of that day, I know you would have completed those hundreds of work also. It was great going out with you during chemical outings, Mumbai (Trip Manager, 100 Dosa Restaurant) and Chennai trips. We will meet for sure :- I will come to your home again for the delicious Idli and Dosa. All the Best and do well. :-

The way you take jokes in stride or tackle a problem or try to help others is something I really admire. Keep on doing whatever you do.

They were also a sincere attribution of your virtues. 3. Life was a lot easier with a friend, rather a brother like you aside. 4. Yo nigga! You already know how much in awe of you I am. I have told you this multiple times and I'm not going anywhere anytime soon so I'll keep reminding you. I think the very fact that you have accepted me for the person that I am knowing my darkest sides and have still not flinched once as a friend. I owe you my entire college life literally. I would have not emerged out of college a better person if not for you. And most importantly the fact that you already know all of this and I am just restating is the biggest testimonial to how much you mean to me, being the introvert that I am. You KNOW me and noone else does in BITS at least. I can just go on :P PS: Abs challenge is still on. No excuses. And, world trip hell yeah! You'll be sponsoring I'll be tripping. Can't wait to come to your massive exorbitant bungalow with your hot girlfriend and meet her :P

...Shreyas Rajesh

AKSHAY GINODIA:2014A8PS0474G

The guy with aptitude. You were the kind of guy who a person can easily talk to, clear on the head as well heart. Bahut mja aya bhai tere saath in 4 saalon mai. Hope terekko wo ek cheez bhi mil jaye taki tu apne depression se permanently bahr aa sake. Baki teri khabrein to milti rahengi. All the best for future :D

...MADHUR GARG

Count aka 'Gino'dia is obviously and naturally the best guy with numbers, mathematics and puzzles. (If one could find you out of your room) you leave no stone unturned to tickle our funny bone and amaze us with your mimicry and puns - which makes you a super entertaining company to keep. I will definitely miss your humor and quick wit. Shall stay in touch :)

...Rohan Goel

Bhai, Bhai, Bhai Statistics Gawwwd, Probability Gawwwd, apna Marwadi Count. I can never imagine enjoying PS2 without you. I would have been alone with Jayanti Prudhvi Tej (Okay, Now that's Bad :P). Moving on to the semesters on campus full nights we have end up staying doing bakchodi and watching HIMYM together with Pizza and Pepsi. All the times I have taught you ADVD and Mue and all the times you have taught me IIC and Disco. Our Group studies is something which I'll definitely miss because you'll hardly ever study after college :P The guy with the most logical mind and best reviewer of things be it movies or life advice or alcohol. You are the main reason for decreasing coolness in me. Cheers to the times when we both were afraid of placements and never were able to decide what to order from swiggy under an hour. Cheers to the times you have taught me how to cook maggi and taught me how to save money and do kanjoosi :P I do look up to you for many things in life (Actually not so many :P). Bas Aisa chill karta reh, Bandi Pata le, Ache Kapde khareedle , Single sharing room mein rehle teri life set hogiiii..... Hopefully.....

...NANDAN THAKUR

Count, Kitna soyega? Now that I think about it, I find it fairly obvious why you sleep so much. What do people do in their sleep - they count sheep (or was it goats) :P And counting is one of your favorite pasttimes - Isliye to tune DISCO, DSA, Crypto aur ab ML le lia! "Show me the numbers", you say. But seriously, Your IQ is off the charts. I haven't met anyone with a greater IQ than you. *met, pata nai kyu mistake hua, maybe teri EPS wali story ne mujhe subliminally influence kar dia :P I know you will achieve great things in your life. Take care, Keep rocking :D

...Pulkit Agarwal

You got so many names in this college but one thing I never called you is akshay, change it coz it's useless just like you just kidding:P, you are among very few persons I considered as a friend. Your room was the centre of our poker group meets, late night talks about personal life and for prabhu talks. I have countless memories with you and have seen many phases of you from 2nd year non scoring to your daily depression to getting 8 GPA to you overcoming placement pressure.Finally you got a job where you wanted and you do deserve it, now try for a bandi too but in Mumbai it'll be a dream only I guess:P . All the best for future bc and stay in touch no matter what:)

...SHIVAM GUPTA

Bro PS-1 wouldn't have been the same without you, without the every monday GoT watch and the

discussions that followed, without the collective bitching and without you playing pictionary. Thanks for the memories , stay in touch and obviously your new haircut is kaafi pro!!

...YASH KARNAWAT

Becoming friends with you is how I started this 4 years journey and obviously those crazy startup ideas. You weirdo, you always amaze with your results and number of hours you can sleep. 3 years neighbour, good to know you. Keep in touch, you are a good person. :)

...Siddharth Kumar Sah

Cannot imagine the last four years without you. Will miss all the bakchodi sessions we had and the songs and the movies we talked about. Now get out of depression and try to move to bangalore.

...DEBADITYA BASU

...VIJAYAKAR ARNAV VIKRANT

Hey Nerd..PS-1 would be less fun without you, since there would be one less person to laugh at :P. Smart to tu hai but your jokes are so lame sometimes (sorry), though I see you redeeming yourself on DB. I like how our infrequent chats have no pleasantries. Let's keep it this way and all the best !

...ARKAPRIYA PAUL

Hi Upgrad Waitlist buddy. Ab milke machaate hain XD

...YASH PANDYA

Turns out it was Mr. Lavhale "sleeping" in the balcony. We all remember what happened next (you probably don't). Missing your shenanigans right now and will keep missing them until we meet again.

On the very first day when I met you I thought that you are going to be a very shy person but how wrong was I. The way you changed during these 4 years, I don't think anyone can change this much in a single lifetime. I think there will be some good research work in the future on this evolution. But you are a great friend and I will always admire you. Good luck for the future.

Akshay Sancheti:2014A4PS0239G

God in all things - Mech God, AOE God, Frisbee God, Sand... - OK let's stop there. Looking forward to your marriage soon :P

...Sanjeev Sripadraj Murthy

Hey Bro. You are the one person who has been a positive constant in my life since the first day of campus. The career talks, our arguments on so many things :P, though we do not agree on most of the ways we want to live our lives, we have managed to respect each others' choices and keep our friendship intact. You know everything about me, good and bad and still, you have supported and been there for me always. I love you. You are the best bro in the world. I hope you get what you aspire to in your career and keep acing life :) Here's to more career discussions in future. PS: Get married soon, I want to dance at your wedding.

...ADITI MAHESHWARI

One of the most genuinely nice person I have ever met. Those late night studies before exams, your interesting and entertaining life story sessions, your late entries to almost all the mech lectures, going in all the rooms and getting people to connect to AOE and much more will always stay in my memory. Like mech, AOE, frisbee and many other things, keep acing whatever you do. I am sure that you will get whatever you aspire in your life. Stay in touch. All the best!!

...Ameya Mangesh Deshpande

Aoe, frisbee,mech God. I will cherish your love stories forever :p. Keep your aspirations high like you always have. Also the most hardworking guy in the group. You will definitely do good in each and everything you do. P.s. not to forget bandi god :p.

...DESHPANDE CHIRAG ANAND

SG. Innumerable times have you been late for everything due to your... ahem ahem... you know! But on a serious note, you are the most thoroughly prepared guy I have ever met. You would go to any lengths to finish the textbook, notes and 3 different colored highlights in them before the exams. You have been my inspiration to study mech in the 3rd year despite changing the field. You are an all rounder in the true sense... Study, sports, bandi and you know! Best of luck in your future endeavours aur kabhi call bhi kar liya kar.

...RATHI SHIVAM NARENDRA

Yo Sancheti, Coolest bro, mightiest god. Thanks for the last 3 years man. I sure it wouldn't have been the same without you. And, though you don't need it, all the best for anything you wish to pursue bro. Cheers Mofo ;)

...JAYESH SABOO

One of the persons that I have known the longest, Akki, you have been an amazing friend. For me you are a perfect all-rounder. You are the undoubtedly the most hard-working among all my friends. I really admire your way of going to the depth and completely understanding whatever you are doing. Then may it be your Mechanical CDC's, humanities, AOE or even frisbee. I have never seen you do anything half-heartedly. I know that recently you have been very confused about what you want to do in future but I want you to know that I am sure you will ace whatever you decide to do and this is not blind faith, it is because I know your personality and the way you approach each single thing in life. Another thing that I admire about you (and am slightly envious too) is your relationship with Tejasvi. I am sure that 20 years down the line you are going to be one of the most successful people, in your professional as well as your personal life. No need to tell you to be in touch because I know you will be.

...ANAND Dugad

Akki God ___ You've been one of the oldest friends on campus and someone I always look up to when I need an example of being practical. Ameya Mangesh Deshpande:2014A4PS0286G

You were the ideal mate in this last sem and have perennially been the source of entertainment. Not to forget that your room was always the amphitheater, the ideal place to watch all those movies. It was always fun playing by your side in AoE as it helped having a stable guy at the other end. It took all of 7 semesters for you to open up about Tirupati ;). Yes we will not stop on this. It has been real fun spending these 4 years with you and I have learnt many a thing from you but most importantly how to take everything jokingly and calmly without getting agitated. Here is to our career in Carnatic music and all those Purandaradasa bhajans xD. To the guy who believes in maximum outcome with the most minimum of effort - all the best for your future. Insha'Allah milenge US mein.

...Sanjeev Sripadraj Murthy

You have been one of my closest friend on campus giving a calm attitude and a listening ear to almost all my problems. Countless memories with you from the first year until now still flood my mind. I am sure our friendship will continue until eternity.

...DESHPANDE CHIRAG ANAND

Was great to see you in Singapore and have had those funny moments with Ravi and you. Good luck, buddy! :D

...Dhananjai Sharma

Defending SRK and bashing Bhai was how it all started. We may not have our personal moments but we have a Purest MG and too many intense discussions where our views aligned against a common opinion of believers in God! :p Minimum Input and Maximum Output will always be your thing although I coined it and Murthy copied it! :D All the best and Many more memories in another Country!

...VARAD JOSHI

I would say you are funniest person I have ever met! I am sure that if you repeat the same joke over and over again, I will still laugh the same. You are the person who compensates for the below par jokes of the rest of the group! :D It goes without saying that you are an infinitely efficient person (output / 0). I can say on behalf of our group that you certainly made our life a way lot entertaining.

...Soham Kelkar

Tujhya baddal lihinyache kashta karu ka nako hyacha vichar karnyatach mi jaasta vel ghalavla. Pan finally tharavla ki lihunach taku. Aplya aavdi nivdi kahi pharsya same nahit. Love for Maths is probably one of the only things that we share. But this difference in taste has never hindered any quality and sensible discussion that we had. You are undoubtedly the calmest member of our group. The question is, is it because you don't get irked easily or is it because it takes too much effort to show your anger and do something about it so you choose to remain calm. I believe the latter is true. I know you are a bit worried about the admits currently but a few years in the future you will realise that there was nothing to be worried about. I am sure that whatever you plan on doing after masters you are going to be successful if you remember a couple of things. Sometimes you need to take some effort. I am glad that you have started doing it with Tirupathi. Secondly always carry your ID with you so that you don't waste your and others valuable time :p. US madhe bhetuch nakki. Paintball is the new common liking we have after AOE and this we will pursue in the states. Evdha bolun mi majha bhashan sampavto, Jai Hind, Jai Maharashtra.

...ANAND Dugad

Two words that completely describe you.... Zootopia Flash. You the most calm and centered person I have ever met. Before any exam, you would be as chilled out as I would be panicked. Although your views on certain things (PUNE) were glaringly wrong, you stubbornly held on to them. All in all you have been a great friend and an amazing entertainer. I know our paths divulge now, but I sincerely hope you the best in life.

...RATHI SHIVAM NARENDRA

Yaar, kya banda hai tu. Jitna kaam kiya tere sath, maja aaya. Keep innovating. Good luck and keep in touch. :)

...Aravind Bolisetty

The best narrator in our group, your sense of humor would be heavily missed. If I create anything related to films you would be the go to person for criticism so buckle up a lot of stuff is going to come in your way :p. Slowly but steadily gauging your interest and then working for your future definitely paid off and now there is no looking back !!

Stay blessed and stay in touch

Baap! Itne effortlessly sab kam kaise karte ho? Hume bhi tips do. Its been a pleasure to know you, even though we have been friends for a short time. And thanks for teaching me the true value of champions +trebs play. Super effective. :P Good luck :D

...VADAGA ANANYO RAO

Glad to have gotten to know you better during our time in SG and in AH-1. Your ability to keep your cool through literally everything is as amazing as your propensity for random happenings- be it wandering off in SG or missing out on a geared bike because of your sandals. I doubt there's anything you can't take in your stride, and that's surely something I'd like to emulate. Glad to have had you around :)

If there is one thing I regret about what I did in my first year, it is that I chose to keep a distance from you. That was such a mistake. But then I'm glad that it all turned out well at the end. It was for your kind heart that you came over to apologize for not even a mistake you did when I got hit accidentally by the football you threw. You are a really strong person emotionally and I have seen you dealing with shit in the most graceful way as possible. But still in moments of breaking down, I hope you remember me and I promise I will be there for you. I'm counting on this friendship forever. Stay awesome!

ANAND Dugad:2014A3PS0278G

The person I respect the most for I dont know anyone else who's as honest as you are with yourself. You're too nice to even say something bad about you. Tumhe dekh ke, bure shabd kisi ke bhi muh se niklenge hi nai. Man, I don't respect people easily, but I respect you loads. Thank you for making Bangalore so much more fun than it would've been. Comin-con or Ashram were not possible without you, and for the latter, there is no better company than you. Your willingness to discuss the important things in life, with such 'tolerance', patience and openness is something the world most desperately needs. You're one person to whom I would genuinely want to stay in touch with. All the best for your endeavors. I know you'll ace them too. The following sums you up perfectly: In the world of trends, you're a classic.

...SIDDHANT RATHORE .

Anand Millind Dugad is one of the closest friends I have ever had, not entirely due to circumstances by majorly due to his character. He has a very solid character wherein he tries to uphold his virtues and ideals over most other things. Even though this does irk people at various instances, it is not easy to brave other people in a battle of ideals and thoughts - and he does just that. He is one of those people who would mingle with almost everybody and in most cases will leave a mark upon them. He has probably

been my ideal partner, and I'm sure he believes the same about me - right from Physics Lab to PS-1 at CEERI Pilani to a Lab in a ME course, we have complemented each other just fine. I wish him all the best for his future, which I am very sure he is going to do well in.

...Sanjeev Sripadraj Murthy

Anand!Supersaiyan! TI would have not been as much fun without you, both as a colleague and neighbour. Enjoyed our discussions thoroughly despite the many conflicts of opinions. Please try to be less sexist and racist before going to the US :P

...ROHAN Dutta

What started as just EM lab group mates and club mates turned to a life long friendship which even if I want to forget, will be impossible. When the world was formed, some ppl whom we call 'angels' were also called. You are probably one of those. Keep that pure and innocent but a very strong heart always along. Ok, so apart from that serious talk, for god's sake start eating fast and walk slow :-P Also for more taarife and badnamiyān, you know where to go :-P

...Bhakti Vora

You are the most helping and selfless person I have met. Your principles and your ability to stand up for them will take you a long way.I guarantee that you will win the heart of any person you meet just like you won ours. Not to forget our bond of friendship will remain until the endYours, kalumama :)

...DESHPANDE CHIRAG ANAND

He is one of the nicest person I have had the privilege to know. You discuss any topic, he is ever-ready to take criticism and understand others point of view. His work for Abhigyaan is unmatchable. You know how good you are when there are so many people who look up to you for so many things. We have been mostly associated through our work and it was a pleasure working with you. Good people are a rare find in today's world but he is a perfect example. Not altered by the selfish world yet. Be the same always. :) Stay in touch.

...SHRIYA GUNE

One of the purest souls on campus: Mr Anand Dugad. I'm privilidged to meet you, for you have always been a true friend. One noticeable thing has been your inquisitive nature to know about things, especially academic matters :P Anyway, hope you make it large in the US. Good luck, Anand :D

...Dhananjai Sharma

I have known you for a very long time, and I have respected you more and more as the time flew by. One of the most selfless and enthusiastic person I have ever met. I have learnt a lot of things from you. I can write much more but I don't think that is necessary as I am sure we will always stay in touch. All the best for you future!!

...Ameya Mangesh Deshpande

A friend, a mentor, a partner, a roommate and most importantly a brother (that clears a lot of things). It cant contemplated and it cannot be expressed in wordsâ? or numbers how much time I have wasted with you, in the mess, in y(OUR) room, foodking, mongi, ice n spice, IC, borkars, fruit waali auntyâ? you must get the point! Though wasted sounds like a negative word, I donâ??t regret even once about it. You have taught me, how pure a person can be! I have and will always try to become the ideal person that you are! Keep inspiring people! There is no goodbye because you and I know that we are always going to end up together! :D So best of luck!

...Soham Kelkar

Anand and I are alike in many of our life principles and completely opposite in some. And yet, we have stuck together. Never a study buddy, never a roommate, never a lab partner but always a friend. And I know how much you value friendship! So I hope I played my part in your life. To the person who always understood my sarcasm, discussed vehemently and argued and yet 5 minutes later, accompanied me for a coffee. To probably the most sorted person, with his apt nicknames for people, you will never be forgotten missed! We have no whatsapp groups, we have no similar future life choices and yet I know, we are just going to be the same! Because in life, I cannot afford losing a person like you. An irreplaceable GEM of a person, Thank you for seeing through my humour and helping in my alternate universe life problems! Aate Hai! Bas Duaa Mei mat yaad rakhna, Picture Abhi Baaki hai Mere Dost!

...VARAD JOSHI

Thank you for the countless EG, MOW and ES lessons in first year and for making humanities courses and taking the PEP minor this much fun! I cherish all our breakfast and dinner table conversations. Stay in touch and I still promise to treat you someday :P

...URVASHI JAIN

My oldest friend on campus, I cannot begin to tell you how much of respect and admiration I have for you as a person and friend. You have seriously set some friendship goals for me to follow. I have always admired your principled nature, even though I might disagree with a few of them. Knowing you for so long has been such a huge privilege and I am so glad I came to AH1-112 in 2-1 to ask EM doubts. If it wasn't for that, I think I would have missed out on a few amazing moments of my college life. Thanks for being there throughout and good luck in all your future endeavors. I know you'll make it big :D

...RANAWAT CHIRAG DINESH

"You always remember your first".... That's all the sleazy jokes on my part! My time at BITS would be like the apocalyptic flashpoint universe had I not met you. I met my saint walker in AH1 120- Kind hearted, (too) generous, full of hope and of course super slow. Our long discussions about life (and things I can't mention here) gave me a whole new perspective. You are the only person who inspired me to slightly like maths. Not only me but all the people whose life you have touched have learnt a great deal from you. Thanks for a great time and hope you achieve your life goal. And because I read your testimonial before writing this- I am sure we will cross paths again and discuss this at length. Live long and prosper. -M

...RATHI SHIVAM NARENDRA

The number of Testimonials says it all. You are a nice person Anand. Thanks for helping out always with all those hardware parts. Was great to have a colleague like you for all these years. Good luck and keep in touch. :)

...Siddharth Kumar Sah

An ardent cricket fan, our alike food choices, somewhat alike life choices acted like catalysts to bring us really close in the first semester itself. Sometimes I do get a complex when I see you have such a fixed approach towards life, but then your ability to listen and reconstruct them is what makes you admirable. Also that humanity thing which you wrote on my testimonial, I have little disagreement on it, so lets debate it on our next lunch!! May your biggest worry right now (I hope you know what I am talking about :p) be solved as early as possible and wish you very best for your future !!!

...VAIBHAV Shetiya

AMD told me in first year that Mastani is the only drink one should drink after sunset. Hands down best advice.

...Shubham Shastri

Cricket chya maage vedhe asnare..... Sarvanna sabhya samajnare.... Campus che alok nath mhanun olakh asnare.... Khayla khup vel lavnare.... saglyanche topan naav thevnaare... Anand Dada Duggad yancha vijay aso!!!!

...JAYESH SABOO

Duggad...you are one of the most sort after person I have met ...you are honest, genuine, clear and frank about everything. Thank god CEERI happened so that I met you. It has been great knowing you and all the best for future...keep in touch bro :)

...GOYAL RICHANG VINOD

Anand. You are an amazing person and I am so glad we had the same PS-1 or I'd never gotten to know you. I truly respect and adore the person you are. Stay in touch and let me know when you find a girl.

...JAYATI SINGH

Anand, you are the person I respect the most in this campus. Really glad that i got into CEERI or would not gotten to know you. I am always amazed by your dedication and the values you hold. You are one of those person who I can count on all the time. Please never change anything about yourself.

...DEBADITYA BASU

THANK YOU. FOR SO MANY THINGS ANAND BHAI. WANT TO SEE YOU COME BACK TO INDIA AND DO WHAT YOU'RE BEST AT. LOTS OF LOVE.

...SARTHAK SINGH

Thank you so much for everything. You have always inspired me to work towards the betterment of humanity. I define god as balance. And tuzme rab dikhta hain !! ;p. So glad that I came to BITS and met amazing people like you. Phodte raho sir. Best of luck for your future.

...Tejas Ajay Zodage

Anand, you have been my oldest and one of my closest friends on campus. I respect you the most for your candid nature. I will always remember our discussions during meals, playing AOE and frisbee with you. Also, you are one of the best leaders I have ever known. I know you will make it big in life and I wish you all the happiness in the world. Ani lakshat thev manat Bhakti asli ki dev pan pavto. All the best and stay blessed.

...Akshay Sancheti

Missal baki hai. Cricket bhi baaki hai. August ke pehle karte hai yeh, warna waha toh mushkil ho jayega.

...Abhyuday Puri

A member of the mafia; a friend; a brother; you are, and have been all of these things, and I refuse to write any more but instead make the promise of an outing next week! :P

...Veena Vijai

Fellow aloknath competitor ho. You deserved the win :P you have an amazing will to drive yourself to victory. Keep it up and keep in touch!

...SHUBHAN PARAG PATNI

Namaskar Alok Nath ji! Aapke baare mein jitna bhi likhenge, kam hi reh jaayega. Thanks for being a

part of these 4 years, hope you'll stay longer. All the best bro! Cheers :)

...Aravind Bolisetty

I think mera likhna thoda unexpected hoga but Alag level respect hai bhai tere liye. btw we played some cricket matches together and those were fun. All the best bro.

...ABHIK Adarsh

When I first met you... I thought "Wow this guy is too honest and virtuous...Is that even possible?". Then I saw you in conversations and debates ...upholding your ideals, supporting them with rich experience of yours. I realized then you must have grew up with really good people to have them instill such strong virtues in you.. You are one guy which I will personally feel bad about once I leave this campus because there are too few people like you out there..who can be so trusting and so honest while at the same time possesses the practicality to deal with any situation...A rare combination indeed. Jitna dedication tu Mafia mein dikhata tha utna hi dedication tu apne work mein dikhata hain. Continue it on and you'll have bright future ahead.. Wish you luck :)

...ABHINAV SINGH

Anand, I haven't known anyone else with such a strong sense of right and wrong as you. Tere saath maafiya khelne mein jitna mazaa ata tha utna kisi aur ke saath nahi aaya. I have seen kind and rational people and then there's you. I will also never forget your seeti wala dance. Even in the short time we had, I was able to bond deeply with you, and I hope it stays. Zaroor milenge phir se. Phir khelenge mafia ka game. Tab tak tu aise hi phodta reh bro :*

...ADARSH

I can hardly match here the outpouring of unwarranted praise that you've given me on my page, and at various occasions over the last four years. Needless to say, there is much and more that everyone can learn from you, as has been enumerated countless times here as well. But what's the most remarkable is that beneath the ideal boy image and the aura of respect, there's a person who's even more genuine, honest and helpful than appearances suggest. I'll forever be grateful for your role in moving me to AH-1 and setting the stage for an amazing three years in the hostel. Glad to have gotten to know you initially through our EG sessions and eventually through our corridor banter. I doubt I'd have been able to disagree with anyone else so amicably. Hope I can 'mend' some of your views someday ;-)

...NISSIM GORE-DATAR

I am not sure I can compose a message as heartfelt as yours; I'll try my best though. You are an inspiration, your proclivity to helping others selflessly, your desire to make a difference. I have learnt so many life lessons to you. Most importantly, you taught me how to fulfill the true call of friendship. I have never had lunch conversations as long, or as elaborate, or as controversial (:P) with anyone else. Thank you for all the amazing lunch time talks at TI (despite me being made fun of for most of the times XD). Thank you for teaching me how to play literature, here's to hoping you'll teach me more! PS: Ask me anytime you need a poster. It would be a privilege actually to make one for you.

...SWATI SHIKHA .

ANANT SHARMA:2014A7PS0051G

There are people who work hard and then there are those who work for a purpose and that's you. ...ARJUN VARANASI

Onchit! Though we didn't start at a very good note, it didn't stop us from becoming such great friends, although i think we are the kind of friends who can only insult one another. And I think that suits us the best. Stay the same carefree, chilled out person you are and keep teaching us how to get the maximum of life.

And this attitude of yours will always help you achieve all your goals. You are indeed genuine and straightforward which is the best thing about you. And the constant endeavour to develop new skills is something that we should all learn from you. Be the same.

The Tinku of the group. One of the most helpful guys I've ever met. I've seen you transform for the good over the last 4 years. Aise hi fodte rehna humesa. The corridor would not have been as much fun without your idiosyncrasies, be it the "sh ka s", or putting your hands over your head and dancing, or be it your "KYAAAAA!??". Keep moving forward in life and always keep in touch.

...AKSHAY GINODIA

...Akshay Lavhale

Yo Bro! Have always appreciate your perspective and views on life issues. One of the few members of the group who had such a logical and passionate approach to life. One day, I am sure, I will be sitting at

my desk ,drinking cappuccino, and reading newspaper and find that ur company has made it to Fortune 500 or 100!!! Always stay the same and keep following your passion. Life will sort itself out. All the best and pls stay in touch. -Keshav (u r one of the few who calls me that)

Hey Anish, you are one of the coolest person I ever meet. You and I spent some of the best time of our life. I always liked our discussions though any of them hardly ever reached to a conclusion. Good Luck for the future and also get over your Globophobia (fear of balloons)

...DIVYANSH GUPTA

Here is one of the shining moments of your college life: In first year, there were rumors going on about ragging in the hostel. One day, I heard that seniors were rounding up firsties of our floor. I quickly switched off my lights (you know it to be a rare occurrence) and pretended to be asleep when there was a knock on my door and a guy shouted "Oye! bahar nikal b*****". It was the guy who lived in 204, who I thought was a senior. Although, I didn't open the door, I got to know it was just a stupid a***** firstie pranking me quite a while later. Turns out that firstie wasn't stupid and certainly wasn't an a*****. I'm accepting it 4 years later. Congratulations, you successfully pranked me. Going to miss everything about you. The "JON SNOW ZINDA HAI" moment, that legendary middle finger, the parliament level debates, kejru ki beti, everything. Stay happy, stay high. Sada fukte raho. PS: One of these days, we HAVE to buy a bazooka and blow up the library.

...NAMAN AGARWAL

The most non-violent member of the group. The way you remain cool in horrible situations (like when you were thrashed on your first birthday here) really inspired me. Stay away from balloons and stay bless..ah (oh sorry) stay happy. All the best.

Ankit bhai! I still have your number saved as Ankit Deville. But you're always super cheerful and I like that about you. Looking forward to Bangalore bro :D

...ASHU TAYAL

You're exceptionally talented at cracking f-all jokes. I will never forget the nitRATE one who supposed "cracked" at Tito's Lane man. person who has been constant since first day of college. Not gonna let you go that easily.

...SARTHAK SINGH

Baba, tumhare baare mein kya hi likhun. One memory of college which will always be in my mind is
sitting in your room and spending time with my closest of friends, Conversations I've had with you have
been one of the most deep, open and meaningful ones. One of the most genuine and level headed guys
I've met. I hope you will always be in touch! Proud to call you a friend! Senti ho kar likhna mujhko nahi
aata, but that needed to be said :)

...NIKHIL NAIR

It was always fun listening to the kind of beautifully irrational things that you say. You have a very kind
heart and I have no doubt that you can cross any kind of border for the sake of your friends.

...DIVYAM MALAY SHAH

Dost toh kahi hue hamare par baba ek hi tha aur ek hi rahega! Baaki log tereko trips ki BT karne ke liye kitni bhi gaali dete ho, jo bhi trip tu aya hai usmain chaar chand lagaya hai (especially apna anjuna wala trip). Tumhare jokes ke hum deewane toh hai hi (I still laugh at jija fufa) but tumhare vivid imagination ki daad dete hai. Apan dono ka ek hi problem hai ki hum sochte bahut hai. Hope that goes away. Baaki, life toh tum phod hi doge. All d best and keep in touch!

...SAGAR SHETE

Annie Ray - There are a lot of times I see you and say kaise kar leti hai yaar yeh? I have loved all your songs in Music Night since Evanescence first year and still do (Always). I loved your EPS talks and still remember half of those. I loved Playing Badminton with you the other day. Wayy too much proness handling reverse duals and balancing chill life with work life. I still very clearly remember sitting outside C-Mess and getting to know you. Ever since then we have just randomly bumped into each other a lot of times and you have always replied saying "Hey Buddy". Your NonStop Energy has motivated me a lot throughout and You have been always an inspiration to me. Will always be. Love Nandan.

...RIKKIN AMIT MAJANI

If you've been lucky enough to have the same bestie for 8 years, clap your hands! Clap! Clap!! We've been a typical patte throughout , all the fun, gossip, jealousy, fights blah blah would always remain memories to cherish. Looking forward to add more to the lists and tolerate each other forever! :D

...SAKSHI SHARMA

damn you were one of my first friends on campus. Gadhi to tu hai, but you're actually pretty cool. thoda contact aur badhate hain yaar, baat hi nahi hoti aajkal apni!

...ARNAV DIXIT

Oh hi Aparajita! You have tolerated me, my lame jokes and my endless supply of insults for the last 4 years and I hope that god gives you the strength to tolerate them for the rest of your life. We grew pretty close over the last year and I hope we stay the same. I'll always remember the numerous hours we spent talking and walking around the campus occasionally listening to the other person rant. Conversations with you have always been great making us loose track of time which resulted in you crying for sleep while I kept forcing you to stay for breakfast. XD People here are calling you sassy and sarcastic but I'll keep calling you cute because that's what you actually are, a cute cat! Oh and one last thing, tere shaadi me "Jaa Chudel" pakka gayenge. :P

...RISHAB PARAKH

We came to know each other only in the last year, but I have really enjoyed your company. You are pretty open minded and vocal about what you genuinely think, and I think that's really cool. Stay that awesome throughout your life! And I'll always be there for you to share a good book, a cup of coffee or a beer(in case your cat rejects your invitation, that is). :)

...ADARSH

Appy dappy jappy!! it's been long right? i love irritating you a lot, fight over silly things in and recently we have not been in touch that much, i hope to bridge that gap, please message kar diya kabhi :P chal kThanksByeTata :)

APEKSHA JAIN:2014B4A70623G

Tumhaari taareefon ke liye ye jagah bahot chhoti hai. Your words of encouragement kept me going when I didn't have confidence in myself. I will always remember our maths outings, crazy bollywood dancing , crashing a wedding, failed attempts at jogging, your love for dal Makhani, Algebra 1 study sessions (where it all started :P), handling Quark media (kaafi drama), Rohit Gandhi ka lecture, the fun we had at your sister's wedding, ranting about CS, eating all the vegetarian options at Food King... The list is endless. Wish you all the best for future. I know we'll stay in touch.

...MANU SARASWAT

OCD Queen! Meri poori life gol ghuma di... literally. Dimag to mera kharab pehle he tha... rahi sahi kasar poori kardi. Baaki kaafi dram, kaafi khana, kaafi sona, aur kaafi baatein ho gayi hain. Kaafi safai bhi karwa di gayihai. Ab to khush hai? ya ab bhi kuch karna hai :P "College wouldn't have been what it was for me, without you. Par kasam khayi hai ki tareef to nahi karni hai. To bas.. hat! I DON'T LOVE YOU. Aur likhne Ka man ho Gaya suddenly... Domino's tujhe khana hota hai hamesha. Aur hafte mein teen baar red chillies bhi Tera he plan hota hai. I shall keep the guilty vale TV shows a secret and expect the same from you. I don't think I have ever been so eccentric in front of anyone as I was in front of you. Tune vo bhi jhel liya. Taaliyan. Hat. I can't imagine how things would have been if you had not been my friend. let's see... 45 minutes oiling and an eternity of happy moments would have gone. I still don't love you. Thanks for EVERYTHING. AND DONT THINK YOU WILL EVER BE ABLE TO GET RID OF ME :p abhi to shuru hua hai :P

Up for deep conversations anytime anywhere. Keep smiling

and dancing. <3

Apeksha, you are one the most caring friends that I have ever had! You have proven to me that there are some people in this world who will value you and will always be with you no matter what! ...Soham Kelkar

The best neighbour I could ask for! I love you for all the times we spent gossiping outside your door while you so carefully oiled your hair, for all the times we spent fretting over assignments and exams, for the times you calmed me down about thesis and future plans, for those random pizza nights and for all the times you helped me choose my clothes for outings (and dates :P). And off-course for so lovingly donating your bucket to me!!! You are an amazing friend and I can't wait to hear about where the next chapter of our lives takes you. You'll do great as always! <3

And that was also the first time you saw me cry (unfortunate goldfish incident the second time) XD. You are too caring and sweet and its beautiful how you take care of the people you love. Those long conversations I had with you in 4-1 filled a void, seriously thanks for studying in your room and not in

the library. And dude, your room, every time I looked in I would marvel at your taste in decorating your room. Best of luck for your future endeavors. We'll keep in touch :)

Though I may never have said it directly, you are one of the very few understanding and sensible girls on campus(not being sexist one bit here). It's astounding how you were so receptive and open to so many of my viewpoints - it led to some serious introspection. It's sad I got acquainted with you and Kapil so late but I enjoyed every bit of it, however small it may have been. All the best for your future! We will keep in touch!

...Sanjeev Sripadraj Murthy

...ROHIT SHEKHAR

I like you man! Can't imagine my first year without you and your antiques.:P It's so easy to talk to you and express myself even when we meet after such huge intervals. It's like we never stopped being in touch. Aaaand lets try to be in touch. PLEASE. I miss you. Keep acing life! I am so proud of you. Throwing some love at your stupid face!

...ISHITA MALVIYA

One of the very few people in Physics who shared my level for enthusiasm for it. Let's do more of 9.25' telescope projects together where you take infinitely long sleep breaks and we actually do some work and not just mid-compre booze outings. Your dedication towards your goals has motivated me since day 1. You are that one person who can literally do anything when you set your mind to it. Always fun to hang around with you. Stay in touch :)

...AASHIMA RATHORE

I don't know why log Hume dost sun ke amuse ya shocked kyo jate he. They think that we are two different poles that can exist in this campus :p but the physics works fine here. I'll be glad to be in touch with in future at least I'll be curious to know where you'll be heading in your life , best of luck mate. And thanks for the in between party spikes .

...ADITYA SHRIVASTAVA

The guy who I met during my ragging near Monginis. From there to being co-mentees in DoSM...So many memories ;) Couldn't have done SPREE without having you man :') Stay in touch...hopefully, we'll work together in the future again :D

...Rujuta Kelkar

So many great memories together. You are the person I used to regret spending less time with. I am glad we have done a really good job of rectifying that in our fourth year. Here's to more trips, fitness and fun times together! Good luck, keep in touch! :)

...ABHIK RAY

I have had great times with you, Ari! Good luck for everything ahead, I know you'll ace. Do not pee in "balloons".

...JAYATI SINGH

Hey there! Nothing I write will ever be enough to explain our bond and all those crazy times! You better stay in touch!!

...JOISHER HEER VIPUL

Hi Aritra. Seeing you top EEE courses has been inspiring. You're a good friend :)

...SARTHAK SINGH

Bro. You've been a great friend since the start. I always thought you looked a bit like Govinda but nobody seemed to agree. Hmm. Anyway, it's been a crazy journey with you in it man. I love how chill you are but also focused when you need to be. Our FIFA games really are works of art. The place I'll miss more than my room this sem is your room(where I used to drop by whenever), specifically your balcony. Stay in touch. Cheers!

...GAGNEET SINGH

The first friend I made on campus. From Queeny till today, man it was really great knowing you. To all the memories we made and to all the memories we will make. Thanks bhai for everything and all the best for your future :)

...PRATIK MANWANI

Work like Ari, Inspire like Ari, Be as much like Ari as you can and you'll do just fine. You've still gotta introduce me to good music mate!

...KUNWARJEET CHAWLA

Ari man. You're truly a bundle of energy. I think having you by my side these 4 years has been great. I know you're that one person who really really cares about the sanctity of friendship. I love how you get angry and never hold back. I love how you get happy and smile a lot. You've done a lot for others, I know. You're a hero my boy. I will cry when I have to say goodbye to you.

...PRABHAT CHALMETI

Ari! All those intense debate sessions and super memorable tournament trips safely are right at the top of my favourite college memories. I am glad I could share them with someone as fun and entertaining as you. I really admire your ambition and your willingness to take the road less travelled by so to say, and know that you have what it takes to make it big. All the best!

...ROHAN A GAJENDRAGADKAR

ARJUN NAIR:2014B1A30945G

Hey Dad! Gotta say I like your style XD

...ROHAN Dutta

Hello to my very first friend on campus. From sharing 1 set of semester books to sharing a Khamba, from being roomies on campus to the endless night stays back in Delhi, from you being a tea-toddler to you forcing me to Bog for two beers, from you teaching me a course from the scratch to me telling you what to mug up half an hour before the exam, We've seen it all, done it all. You're one of the very few persons I'm gonna miss seeing everyday. Nevertheless you will eventually become that well-read, know-it-all uncle to my kids. Like I always say "you would be the most ideal son for my dad" haha. Love you and all the best for your future Love, Brother From Another Mother #ATAKAforever

...KANNAN KAPOOR

Broooo. You just showed me how amazing Mallus can be :D Not copying it from Kannan's above but surely I will miss you too bro :D You are probably the most learned person i have met in this college , or say the most likable learned person in college. Thanks for being there for all of us . Thanks for being that person any of us could speak their heart out to. I wish lots of success for you in life . Till then "Your beer's on me " :D For one last time "Mere jokes tere se zyada ache hai" :) #ATAKAforever

...TUSHAR JOEL CORNELIUS

Are you a capacitor? Cause you filter out my lows. <3 :*

...SONI SALONI

Bhai hampi jayega toh bula liyo. Saath m element discover karenge

...SHIVAM AGARWAL

I do think that time is a circle kinda thingy and everything is predecided, atleast in one particular universe, so your friend would be right :P Actually, if every possible outcome exists, then...okay I am confused now. Anyway, never stop writing because well, you're pretty damn good. Sometimes, you talk like a wise old man. That's almost frightening. All the best. Make Feynman proud.

...Somya Shubhangi

Hey Arjun! Thank you for feeling bad for me whenever Kannan bullied me but never doing anything

about it. :P It's fun to hang out with you. You're cool. Good luck! :D

...SUMEGHA SINGHANIA

Hey workshop buddy !! You are one of the smartest people I know and i hope you do amazingly well in your life . Great knowing you . All the best for your future endeavors !!

...AYUSHI SONI

...FERNANDES GLENN JACOB DENSTON

Bro tere saath jitni bhi "trip" kari h sab kaafi amazing thi , first roadtrip ho ya phr last waves sab kaafi exciting rhi h and each trip has made our bond more stronger. One thing that I like about you the most is ki tere saath kisi bhi topic pe meaningful discussion kar sakte h aur tu seriously sunta h Bangalore aa ja party karte h !! aur bhai you are the most clumsiest person I ever met most of the times jab tu kuch girata h toh samaj bhi nhi aata ki aise gir bhi kaise sakta h

...NIKHAR Bajaj

Brooo!!! If anybody asks me an example of an ideal intellectual mind, Id tell your name. Its been a pleasure to have good insights from your end. Stay in touch Cheers!!

...MALAVIA KUNAL JAYENDRA

Here's to all our bakchodi and all those meaningful conversations. Mere hisse ki bhi EEE contribution to the world kar dena. All the very best dude, I know you'll go places.

...SHRIYA SRIVASTAVA

whenever I look at you I see one of the most sorted, intellectual person I have ever met. I have had a great time with you. Your interesting insights on things be it those physics concept of teleporting humans or any random shit always fascinated me . Thanks for such an amazing time. Hope we stay connected.

...SONAWANE AJINKYA LAKHAN

The most understanding, caring and lovable friend i have. Pehla bhai who is itna shaant! I can always rely on you to solve any of my weirdest possible problem with your smartness and wit. I would have flunked in so many courses if you hadn't been superbly nice and taught me things. I'd always miss you infinitely. Will hate you for stealing my girlfriend. Thanks for being the big-brother i needed over here. Loads of love:*

...AASHIMA RATHORE

You always loved philosophical questions and sicussions which was one of the best things about you!! Somehow you managed to sound passionate even with that soft voice!!! You were a great friend and I loved your advice about so many things!!! You have such interesting facts and stories but your obsession with physicists is so weird!!! Stop naming animals after scientists!!! I know you will reach heights!! Remember me when you're famous!!!!

...ANJANI Josyula

Kehte hai kaanch tutna Shubh hota hai. Us din Voh chashma tuta tha and apni dosti ka basis bana tha. Jokes apart, thank you for being my support system throughout these 4 years. Yeh baat zarur hai ki saath main EEE hoti toh kuch dhang ka kar lete, but nevertheless tu fodega EEE. Iâ??ll miss you a lot bro. Weâ??ve been through some crazy shit together. From infinite bog outings to hiding stuff in A-wing

bathroom. Aur tujhe har cheez kaise pata hoti hai bhai. You are one of the most learned people I have met. But mythology ka knowledge Mera zyaada hai. Life main thodi choti chindi cheeze jo matter nhi karni chaiye but karti hai unpe dhyaan de. I love you bro. Stay messy stay mallu. #ATAKAforever

...Aman Gadia

Arjun bro! I really like having conversations with you, be it asking doubts or some conversation about life/biology/philosophy/existence/experiences/(spit?) :P I've always looked up to you, and think that you're easily the sweetest person I know. Hit me up once you've figured out the meaning of our seemingly pointless existence! :D

...ASHU TAYAL

We both are clumsy. Yay. I like how you have a different way of looking at things, any conversation with you can take an unexpected turn. Constant motivation and sahara toh tu hai hi. Have those opinions. Eat whatever. Only core friend, we have a long way ahead together, Teehee.

...SOUMYA JETHANI

I shall never forget our not-so-productive but super entertaining MPC Group Meetings. You always seem to have a unique opinion about things, and that is something I have always found admirable. All the best!

...ROHAN A GAJENDRAGADKAR

Yo topper. Our life talks are still pending. Definitely, want to go on an outing with you and Gadia! You've been a good friend :)

...SWAPNIL TAPARIA

I hope the RSS doesn't kill you before Soni does. All the best with everything :)

...KRATIKA CHANDRA

Finally I got someone other than Aditi to bitch about you-know-who. Yr Soni ne tujhe pehle hi pakad liya, otherwise you know we wd have made great pair :D. Jokes apart I really like you as a person. You are sweet and at the same time too much fun. I love your sense of humor. I admire your guts to choose EEE as your career option. All the best and Stay in touch.

...Bhakti Vora

Arkopriyo pol, the quirkiest person I've met. If you stop her and ask her - how are you? You'll find that most of the times she will reply saying - "chal toh rahi hu, theek hi hogi na." But she's nothing like she seems to be. And getting to know her may seem challenging because she won't make it easy for you but I can assure you it is worth it. She's a really good friend, an excellent listener, really really entertaining and someone who'd make you think a little more. She's the best writer I know of. I've shared really good times with her and its something I'd cherish forever. Love you arka.

...Shreya Arya

My anime and k-pop buddy! You're an amazing person, always sweet and friendly. I will miss the random discussions about anime and BTS and everything else. ...LEAH RACHEL CHACKO

This person has always tested my level of patience! I have spent the best and worst times in life with you. Your normal is different level of unusual for most of the people in the world. Your exceptional level of thinking, open-mindedness and rational thinking with just a pinch of emotions make you a unique person. You are one of the pure-hearted persons with a great sportsmanship. Your data analytics skills are commendable.(Graph bna rhi hogi responses ka ya grammar check rhi hogi :P) Be the same person as you are! It is difficult to find people like you who standout from the crowd mentality. Hope to see you in future! ?(Teri library mein milege kabhi :P)

...HONEY JAIN

Arkapriya Paul!!! This person has shown a different view to so many things that I really wonder people do actually think. Thank you for showing the other side to things. Never let the love for food and chicken

Before I met you, I knew you were the rich boy who attended all GPLs (invited or not :P) but after knowing you better, I realized that there is a lot more about you. After the Babes outing, random talks during Waves and recently during Spree, I saw the smart and funny person you are. Don't let this praise get into your head. Always remember, Bitch be humble!

...CHINTAN BETRABET

Yo my nigg!! i shall miss you. Maybe we could start all over again as buds, i would really love that but you got such high standards. You have been one hell of a germophobic, ingenious person, who kicks asses all the time :)

...SABHYATA SHUKLA

...DHRUV PASSEY

Ashu, got to know you through Adarsh, then Mehta, but I still don't think I know you well enough. Let me know if we're in the same city. I love your passion, be it running, explaining the Bro code at 3 am in the night or taking Adarsh's case . Even though you think I am a cold man who disappears into the night I'll still leave a door open for you. And haa if we both are in India then lets run Bangalore/Mumbai Marathon 2020 together

...SHUBHAM AGARKAR

Irrespective of how many things we disagree on, you will always be one of my closest (not in marathons though) bros. The innumerable runs to jacinto, all of our trips, our night mess sessions, that meteor shower night, our skateboarding nights, that running across bdome lawns to catch up with her, your music suggestions, your slaps... :p Along with Lodha, you have often forced me to think again about my convictions, and I hope I always have people like you in my life. Above all, in you I have found someone I have been completely open to, and who has in turn been open to me. Does life offer anything better than such a friendship? Agli baar jacinto kab? Thoda slow chalenge iss baar :)

...RISHAB PARAKH

The most romantic person I know. There are already too many testimonials on your page, so all I'm going to say is this - constant chitter chatter is something I'm generally averse to, and you're one of the few people whose constant chitter chatter doesn't annoy me at all.

...Adheep Das

Ashu Tayl, the fake-wannabe-nigga I had the good fortune of meeting. Tera coolness level match karna is next to impossible bro, hum thehre peasant junta. Mere paas paise hain par uda nahin paa raha main, chutiye ho tum log bahar nahin nikalte! Han bike aati hai na chalani, seedhe bhagao , jahan khamba dikhe chadha do, simple! You have fucked up each name so much, it's not possible to trace back the origin of the word. Abbey har cheez ka experience jaroori hai! Kood jaate hain pahad se, experience hai! I am really really glad, like honestly really really glad that I came back alive from a road trip where you were one of the drivers! You are not gonna work hard in life, obviously, just like me and nikhil and sachin and obviously sleeping does not take you to amsterdam where we have planned to commit every sin human world can offer! Now since hawkins is dead you can go take his place and give your bandar logic on everything. I will not be surprized if you don't get a degree even in the next 10 years. But you are cordially invited with your bandar samaaj to Pune and stay with me until you decide to do something other than sleep and eat(which will be forever) at expensive places with the money you get by selling your costly household things and stealing your college fees. Just fucking come to pune you half human!

Raat bhar CSGO aur AOE full volume speaker pe chalake jo band bajayi hai wo hamesha yaad rahega. Bas thoda chill lena kam kar do and I'm pretty sure ki next nobel prize tumhe hi milega.

...TAVEESH SHARMA

Ayush Sharma, the maggu-crybaby-studboi I had the good fortune of meeting in college. Football mein thoda rough khelna seekh le, aise soft personality doesn't go with your image :P If anyone gets the Chandigarh vala swagger correct upto the point of being likeable it's you my boy. Kaafi memories hai tere saath, kaafi Punjabi songs, kaafi Snaps *wink wink*. One more person from my college life I am never letting go. Our adventures have just begun! :D

...ABHIJEET PRATAP SINGH TOMAR

Ayush Bro, kaafi catchy bhaasha sikhi hain aapse. Aage bhi aise hi invent krte rehna. Will miss seeing you randomly in my room and telling you about my CS matches xD. Hope we meet again and Good Luck Bro.

...SUKRIT GAIRA

Kaafi Backchodi.....This defines how our parties were in Bangalore.....aise hi parties karte rahenge and maze karenge :P...cheers

...ACHINT GUPTA

Ayush Sharma, The Classy and Stud boy of the Group. It has been really nice knowing you. Those were the days when we used to do random backchodi in corridors, then came the days when we planned trips and the Munnar trip (track) was one of the best moments of life, all thanks to you for organizing it. I hope you get what you desire in life. Best of luck for all future endeavours in life. I hope we remain in contact.

...SAURABH VIJAYVARGIA

...EMMANUEL MANIHAS KRUPA

Sharma ji / Bund bhai was amazing spending time with you over these 4 years. Through the football sessions/ the cricket matches, the many outings and the Munnar and Goa trips. Hamesha se thoda zyaada hi style tha, ekdam classy, always making the rest of us look like peasants! Swaggy suresh, nerdy naresh are your brainchildren, so are the many other lingos that have forever stuck in our head. Kaaaafi, substantial, stuuuufs :) Amazon mein kaafi zyaada hi phode ho, hopefully abhi even I will get to see how Sharmaji parties in Bangalore! Take care bro, lets keep in touch!

...Velidanda Srinivasa Tanmay

Thanks for being a friend bhai... Kaafi bharosa dikhaya hai tune mujhpe, when you asked me your doubts while practicing... whether it was for making me feel good, or whether it was because you actually believed I could help you, it doesn't really matter.. It did help... Thanks for that.. I just hope you "Kamehameha" [;)] all your problems away and glide through life with success always.... Good Luck! :)

Ache wale Ayush! Anyway, you've been a great friend, from proving that you are shareef max after sending drunk texts/ videos to helping me always, from buying 26 hazaar ke kapde to calling other people rich, from partying max to saying 'wahi usual bore' always, from saying ki NC lag rhi hai to getting 9 in the same courses, from blahs to blahs, it was amazing having you around. Keep rocking and keep in touch, mazze karte hain jald hi milke, teri treat, mojito ke bhi 500 deta hai strangers ko itna toh banta hai :D

...SAKSHI SHARMA

AYUSHI SONI:2014B2A30713G

Ayushii! 4 years of laughing, crying, gossiping, eating, sharing things and just talking about everything and anything. I could not have gone through all those torturous chemistry labs had it not been for you. Thank you for being my last minute teacher and also telling me cheerfully how you were as poorly prepared as I was before every chemistry exam . You're such a beautiful human being and an even amazing friend. Stay happy and cheerful and you're going to do amazing in life. Loads of love. <3

...SUMEGHA SINGHANIA

Cheers to best workshop partner ever :P !! Wishing you all the best in life, Aayushi..I sincerely hope you do well D

...ARJUN NAIR

Hi Ayushi , I am glad we are friends otherwise Sam would have taken only my case every time we went to Mongi and that would have sucked :p Maggi , cheese fries ,pizza and let's not forget all the cribbing, would have been incomplete without you. I am so happy that I am friends with a beautiful person like you. Cheers to all the second year fun (hope you get this :P) and the oreo shake. May God give you the strength to stay awake while watching movies. LOVE ALWAYS <3

...SHIVANGI PANCHOLI

Thank you for being there at every step I needed you. Thank you for being my go to person for every freaking thing. Thank you for being you. Keep doing the amazing things you do. Love and love forever. <3

...SHRIYA SRIVASTAVA

Hello my self proclaimed roomie! Thanks for making my life dramatic and non peaceful with all your problems otherwise you know how boring it would have been. Thanks for being convinced every time I said "chal aj breakfast karke soyenge". Thanks for filling the bottles in my room :P and bearing with all my laziness . As much as I hate the day I met you, I'll hate the day you'll leave me... wait will you? Love the spirit you have for life, your stupidity and kindness. Love ya bro :*. Apka "Sorry" sunane ka intezar rahega.

...ARPITA MEHTA

POM presentation was one of the best group projects during college. You're super fun to talk to and all that crying about stupid EEE labs and lab reports will always be cherished :P . Stay happy and I wish you all the success in life. Stay in touch after college :)

...KASHISH MALHOTRA

Ayushii!! Hamari ranting toh kabhi khatam nahi hogi. PS1 was a lot more fun with you being a part of it. Tu place ho jayegi. :P Ab rona band kar. But vada pav stall is always on the cards :D Cheers. Stay in touch. And good luck for life

...MALAVIA KUNAL JAYENDRA

Hey neighbour! 4 saal aise hi nikal gaye but never really bonded well with you. Tera rona, party karna, phone pe chillana i'll miss it all :)

...SABHYATA SHUKLA

Hi "Mentor for life" :) You are one of the best people one could ever have in their life. You were probaly the best thing DOMAC could have ever given me (Even Spree is second :P) . Okay thoda zyada ho gaya . So basically my parents got me admitted into BITS only for two reasons : 1) Job (not very likely) 2) To make you laugh everytime you would rant about life . I have much more respect and affection for you than i can express. You are surely one of the gems i am taking back from this college :) All the best for all your future endeavours. PS - Whenever you were sad , and i said "Bss naam bata" . I was serious XD So you know whom to call the next time :D

...TUSHAR JOEL CORNELIUS

Hey ladkii, meri sabse pehle dost on campus. Tu Bhut achi hai. Khush raho muskarate raho aur Muje bhi lo Mat. All the best for your future, stay connected and thank you for all your support and help.

Hey moti, keep up the enthusiasm and cheerfulness throughout your life. Itni hi bindaas reh humesa aur hasaati reh. Loved working with you in the Streetplay and PCD. Kabhi bore nahi hota teri company mein yaar!

...MEGHRAJ JAGTAP

Maggi revolution ke baad har batch mei tumhaari MuP project ki story hi circulate hogi :P The first time I met you was in the DoCW salsa classes (kaafi acche log the wahan :P) . DoSM and Quark media mei itna interaction nahn Hua. But those three days and Nights of Spree gave me two of the best people I know today. Tum logon ke saarh baat karte hue duniyaadaari ke saare jhanjhhat bhool jaata hun. Those NC sessions, long walk around D block while Shriya is narrating an Episode of Aahat. Good Days. Your rant about Chemistry/EEE/Humanities is a delight to watch. Andar hi Andar I have also started hating chemistry :P Thanks for motivating me during the internship period. Future mei bhi, you are always

welcome to discuss and talk about anything in life, anytime of the day. Stay focussed and great things will happen for you in life. Gym Jao,Aur bhi zyaada hot ban jao. All the best Ayushi

...MANU SARASWAT

Ayushi Cadbury, kitna achcha naam he na ye, pura suit karta he tujhe. Apni pehli mulakat shayad QUARK me hui thi jab mene tujhe apni kahani sunai thi. Tab se lekar aaj Tak shayad apan me sare fest aur DJ sath me enjoy kiye he, chali shivangi (or Kapoor?) ki dosti ka ye fayda to hua ki tu bhi Meri dost ban Gayi :p. Par han it is always fun to hang out with you and listen to your random stories (kyoki usse hum apni kahaniya bana sakte he). And un logo ko li8 le jinko lagta he ki tu dumb he kyoki wo gadhe shayad CUTENESS AUR INNOCENCE ke is unique combo ko samajhne ke kabil nai he. Bus Bangalore mil Jaye aang laga denge. Aur agar nai milta to fir bhi tu batati rehna apni manoranjaka kahaniya. EEE core kabhi mat chodna aur Rona thoda Kam plisss. Tumhara CLASS MATE (Jo bhabi ki pappi lene me bilkul interested nai he ;))

...ADITYA SHRIVASTAVA

hey ayushi !! without you all the chemistry classes would have been sooo boring.... those last minute preparations for tests, dreaming to get atleast 10 % in organic tests and a C grade :P ill miss those long night walks talking about random things, talking about life and how much we hated studying chemistry !!! hope u get bangalore for ur PS and we ll party der !! all the best and dont cry for everything like a kid :P

...RAKSHITH CHANDRA M S

AYYUUUUUUSSSSHHHHIIIIIII!! Graphs ki pic bhej de yaar! :P Meri lab partner since I was a kid! xP Labs se pak k aane k baad teachers ki bitching karna, chemistry lab ki gossips and jokes (kyuki kaam thodi karna hai :P) aur humaari iklauti casual outing after that shit chemistry outing! <3 "Yaar, ab kya problem hai..ab kyu ni chal rha!" xD And, tere hasne ka tareeka bhi unique hai..mast ekdum! :D :P I'll, also, never understand why you had to assault the MuP professor with a rod! xD Jk :P Toh haste reh! Chill reh and enjoy life :D Hope hum baad mei bhi mile kabhi! :)

...SWAPNIL TAPARIA

I was going to write Rona kam kar but it wouldn't be just when I myself am teary writing this. Idk I how we met on the first day and kudos to your never ending enthusiasm and stupidity :P, to our random jogging turned into feasting plans, but let's try to finish the one movie we started together? Loads of love

...Kinjal Motwani

Areyyyyy..tere se hasmukh insaan nahi dekha me is campus pe...har time khush rehti hai..gajab yaar..aise hi rehna...or me baapu waapu nahi hu :| Jaldi kahi bahar chalte hai. or baki to life me macha hi rhe ho..aise hi lage raho..All the best buddy!!! Yaad krte rehna :)

The squeeze and slice guy is still looking for the Ayushi who called him, it's surprising how we have a master's degree in Chemistry. All the best in life!

...KUNWARJEET CHAWLA

Although out time in labs was memorable and fun, I'll always remember you for standing up against tyranny of Mup :P. Thanks for tolerating me in the labs. Best of Luck

...YOGENDRA SINGH CHOUHAN

Hey Ayushi!! Why would I tolerate you? Thanks for tolerating me.. You were always better than me at

Chemistry Labs.. :) Keep doing well and I sincerely hope you get everything you have ever wished for in your life.. All the best!!

...AMARTYA SHARMA

Its so hard writing good things about someone you have been insulting for all 4 years of your college life. If I had a rupee for every time you cried in front of me I would be fucking rich by now. Anyways thanks for being my go-to buddy I dont think anyone ll ever accompany me to a hairdresser :p Thanks for making my college life much more fun with your stupidity . Shayad hi kisi aur se itne thappar khaye honge :p I hope you ll achieve whatever you want in life and if you wont then Roti gol banana toh seekh hi lena ;)

...SHUBHAM KAPOOR

Ayushi! Nigga :p Won't say more. You are the most rotlu friend of mine but I love that part of you! Zumba was one of the greatest thing on campus for me. I have a lot of memories with you , specially this last one year ki. Tu life mai bahot bezzati sehti hai, and vo bhi khushi se :D stay the same babe. Aise hi mast rehna. I love you :* -Simran

...EMMANUEL MANIHAS KRUPA

B RACHITH AIYAPPA:2014B5A40469G

Aiyya. The reason for our friendship was the most random, by being the two people in the whole LT who sat in the last. There is no none I know in college who is as disciplined as you are. I know for a fact that you'll touch extreme heights of success. Stay in touch, man! :)

...SIDDHANT RATHORE .

You won our hearts in mysore. I am sure each and everyone one who were present in mysore will have great respect for you. Moreover your tennis and physics are expectational. Best of luck for your future and keep acing like you always do :)

Rachaa, Coorg and Cougars for the win. Keep in touch.

...Advait Koparkar

Went to attend tennis tournament of Spree only hoping to see you play. From one of your many fans, good luck and keep in touch Rachith. :)

...Siddharth Kumar Sah

You might probably get irked at the number of times I'm iterating about your kindness and hospitality at Mysore, but trust me the imprint on each of our hearts is that strong that it keeps resurfacing. During those 2 days, I learnt a lot of things from you. I don't think I have told many people this, you are probably the first one - you have a heart of gold who will selflessly help others. I'm so glad we could bond over in

this final sem and am equally sad that we couldn't before. Thank you for being so nice and all the very best for your future :) And keep acing on the tennis front and make us all proud. Cheers !

...Sanjeev Sripadraj Murthy

So many daggers, integrals, and commutators. Physics wouldn't have been the same without rajeeth. Keep inspiring with physics and tennis! All the best phodduu

...RIKKIN AMIT MAJANI

For all the girls reading this testimonial, please stay away from Rachit if you want to stay single. Otherwise his beauteous halo will encircle you & make you fall in love with him. Always a pleasure to make fun of mech faculties with you. Remember, you will get a 0 there. And not the youtube that you search on the internet, a U-tube. Stay happy.

...BHAVYA GUJRAL

Hey, Thanks for teaching me Waveboarding and lending me yours until I got one of my own. Lets Waveboard OLT?

...NANDAN THAKUR

Baldy! You keep crying that I leave before you but that didn't stop me from doing so did it ? I can remember your happiness the one or two times you left before me. I'll always remember the tennis matches we watched in the common room (though mostly on rival sides) and your wise comments in between. (former) Captain sir, teach me tennis one day (though I have said that a million times and not done anything about it). You have your own not so obvious way of showing people you care but you are a wonderful person at heart. Sorry about the times the music we played in Kartik's room and bothered you! The most important thing you taught me in life is to not wake up a sleeping person unless asked to (Sorry that I never woke you when you asked in the morning because I wasn't up ever :p). Stay the creative allrounder that you are and stay in touch. One day I'll show off that I know you to my kids :).

...CHINTAN BETRABET

Rachitaaa. You're one guy I wish I'd known better earlier. Kaam se mat bhag. Just like the universe, your life is going to be perfect, keep "acing" it. Better call me next time you're on my street. See you at 9, cheers.

...ROHIT SHEKHAR

I might have a thing or two to learn from you about sports. I sometimes fail to understand your humility, but it just keeps increasing my respect for it. All the best man!

...Parth Madan

Your passion for the sport is inspirational :) Hope to see you on court someday :)

...Varun Nayak

Your passion for the sport is inspirational :) Hope to see you on court someday :)

Your driving skills are amaze! Waiting for you to give me homegrown stuff from your vast plantations :P PS - Please stop buying lilies for my mom. You are setting impossible standards to live up to.

...Rujuta Kelkar

I owe you one forever. You've been my toughest client but I am sure you'll thank me in the future. I'll be waiting for those thank you gifts :P I love you Rachith and you're my "the one" too :*

...AKSHITA MITTAL

I know you're here for the place and not the people but still here goes, You're the most outgoing person I know. I envy you big time for it. But I've learnt tons from you. Let's just say I'd do com phy again if I had to if I had your company. Finally don't ditch me in mysore, come to meet my dad at least and meet me on the side.

...Shreyas Rajesh

Rachith is the guy who will win the Goa state tennis championship, but say "Mujhe tennis khelna nahi aata" in his broken Hindi. You are extremely entertaining, partly because you are very easy to annoy. We still need to go and sit in the Royal Box on Centre Court one day. It has been a pleasure!

...ROHAN A GAJENDRAGADKAR

It is just nice to see you around and talk to you any time. Wish physics classes could've lasted forever. Have so much in common and so much to talk about. Wish you all the luck for everything ahead. Keep in touch. P.S. Leh Ladakh bike trip is pending (and it has to happen).

...ABHIK RAY

Stay in touch Rachit! Definitely look up to you :)

Seriously tho, you're the most dedicated and sincere person I know and life has great things planned for you. P.S. Stop saying you beat me in tennis with your left hand, That never happened. Also plan a bike trip to Jaipur sometime

...AASHIMA RATHORE

This is going to be the most difficult message to write and you know why. First reason is that there is this stupid word limit. I cannot describe you in a few lines. You are surely the one who cares about me more than anyone on this campus and I am so thankful to you for everything that you have done for me in the past 3 years. After meeting you, and after this 3 years of amazing friendship I truly do believe that the universe did play a major part in bringing you in my life. EM lab, Abhigyaan, ERC and DD project all together with a person whom I had never even spoken to, this was too much. I know that we have had our fights and I also know that I most of them were because of my naivete, I just want to say that though I cannot change what happened I will make sure that none of it happens again. You are truly the girl that I respect the most, not only in this campus, but in my life. (I said girl for a reason). In this generation of idiots you are a gem. A person who is so deeply rooted to her culture that nothing can shake her down. Bhakti Vora, it has been a pleasure having you in my life. You are surely the best thing BITS has given me.(Well apart from Paneer Biryani and the mutter paneer obviously). I know there are going to be numerous hardships in life but I want you to know that I will be there whenever you need me. Thank You for everything that you've done. Thank You for just being there.

...ANAND Dugad

Bhaktidaaa!!! Nagda se leke ab tak bahot mazze kiye aapke saath..IBM and life dono mai bahot machana. Good luck :D

...Shimona Narang

Strip dance. dates wali sweet. khakhra. mom like love and advice. The best go-to person. aur kya chahiye baaki?

Hey Mayank you are one of the few people I can call you as my friend. I think everyone can learn something about dedication from you. Your dedication towards Fitness and anime is admirable. I hope someday I can become fearless like you. Good luck for the future.

...DIVYANSH GUPTA

Me: Oye Mayank, ye video dekh. Mayank: Are abhi nahi. Room pe jaa ke dekhta. Me: Dekh na chota sa hai. Mayank: Accha dikha..... 8 minute!! Me: Are dekh na. * Mayank starts watching... Looks away for a second* Me: Kya kar raha hai, dekh na. *rewinds* This happened more times than I can count. I know you are pissed off about everyone talking about gym so I won't talk about that. But you were probably the one person who agreed with me on most things. First came FMC and the hours of bitching. Then I showed you feminist cringe and we had another common thing to bitch about. Then the anime phase. We've gone through a lot together. And learned a lot together. The one bad thing is how blunt you are and it is also the thing most to be appreciated. PS: Never leave Mrunal. Dusri na milegi.

...NAMAN AGARWAL

Anime Head never loose your personality and dedication (you are the only one in the group who has a gf). All the best for the future keep sending those memes! And one more thing *insert a clever gym reference*.

...ISHITA MALVIYA

Yo first college friend. Sorry for not talking in the first semester, Wouldn't have survived the college without you man. We had the best of times together. Always up for Mongi chai. Our mutual hate for chai haters made our bond stronger. You were always there if I ever needed any help. We still don't have a winner in our FIFA matches. Let's decide that in our next meet. Rakesh Stanley always be the same cool and loving person, Bohat bakwaas kiya hai saath main. TAT and all, Omu time travel stories, thinking of random scenarios and solving them, random arguments and concluding nothing out of them will always be missed. Vision 2020 pakka. All the very best to you best friend and your Liverpool too! :p

...Devgeet K Patel

Dude, please stop being 'Sharmaji ka beta'. You have no idea what I have to face. Thanks for all DSA help man. We need to play badminton dude. I miss our rivalry. All the best!

...KULKARNI OMKAR RAVINDRA

Tetrapack! Aapke godlike puns and aapki badbad karne ki shamata ke kya kehne ^ And those dimples, damn! Mumbai me tere bina kuch feel nahi aati bhai.. And apna book review toh legendary tha :D Take care, and we will stay in touch man :)

...PABBARAJU CHIRAG RAMDAS

Yo nigga! so many memories together, from the start. Playing poker/KKT etc, giving me updates of your FIFA squads :p, FIFA multi \m/, gym, amazing road trips (that last one tho :p), DevEco :(and so much more. You were ready with the right advice during tough times, and you were ready with the right dance moves during fun times :P. Thanks for all the memories, and for always having the patience to wait till I(and kartik) finished our meal :P. All the best nig

...NISHANT CHANDRASHEKHAR

...PATHIKRIT GHOSH

For the short time I have known you, I can definitely say you are a good person. I hope we could have met earlier. Good luck and keep in touch Chintan. :)

...Siddharth Kumar Sah

Rakesh, Morgan, the study partner for CS courses. Abhimanyu aur mai toh kahi aur hi le jaate they topics padhte padhte, tu hi wapas lata tha back to reality. I know badminton is cool lekin squash khelte rehna aur bangladesh ko bangladesh hi rehne dena aur mere saath lambi rallies karte rehna. Your puns and poems ^_, tharoor and vibes ko thoda control karna, bachche ko chicken bhi khilana. Chintan: koi kidnap kar liya toh. Me: Hum lambe 6 foot ke hai, adultnap karenge humko toh.

Chintan dude... you were obviously one of my best friends but so much more. Constant pillar of support during exams and such. You really motivated me to study myself. And the bakchodi we did during our night studying sessions are forever etched on my heart. We had such great times during all our trips and such. Let's hope there are many more to come.

...Kartik Kenny

Morgan pro thanks for helping me out with the codes during placement time. Every time you were there to explain me those shitty codes.

...Akshay Kumar

It was our TRW days that I started hunting for a guy named Chintan because we had to make a presentation together. I remember asking people around whether they are Chintan or not. Trust me man I never expected you to be Chintan XD I still remember that you hugged me during the time of PS1, it felt really great. I am sorry for not writing this in a coherent note just like you did for me, but believe me this is because of the countless memories that we created together and how they keep coming back every now and then. You are one of those people who plan very beautifully and then execute marvelously. When it comes to money and finances " Mujhe na toh baaki naam sunai na dikhai dete hain, sirf ek insaan ka naan sunai deta hai C-H-I-N-T-A-N ". And yeah! we won the Bluechip Beatdown ultimately so we make a good team when it comes to convincing people :P Plus the way you argue sometimes is just a thing of beauty. You are Tharoor in the true sense. Your puns are always on point and I hope that one day you do Pooja yaa koi Dooja :P But anyway it doesn't matter because the kind of amazing person you are it will be a privilege to be near you. I still want to go to a lot more movies with you, want to play a lot of AOE-II games or just like to hear your stance on my crazy what if questions. I want to keep seeing you more often so that I can talk more nonsense and can watch you contradicting me in every possible sense. A lot of love to you <3 <3 <3 <3

...ABHIMANYU SINGH SHEKHAWAT

Chintan God _^_ !! I always had a great time talking with you. Bas ab Bangalore office mai shift karle fir masti marti hai !

...GABALE PRATHAMESH SATISH

This is a very long testimonial but I'll try to keep it short I wish I could've written it in monospace just to demonstrate how monotonic I want this to sound also I am going to sound weirdly like a pot junkie as you can see I have skipped all punctuations too and now I will write endlessly this way even about what cows must think when they come in front of cars on roads or about why that character in that book... (goes on and on and on) (Back to normal voice) Sorely missing someone who can deliver monologues like you here. Morgan, you are the kindest person I know. The ever wise, the ever rational and logical, and the ever positive voice in every discussion. I have envied you and then learned from you. And then found out you are also very sensible and sentimental. I have laughed and cried in front of you, without shame. How you manage to do everything with that calm is forever a mystery to me. You may or may not have a place in the cupboard under the stairs in Prakhar's flat, you'll always have a place in my heart. You dance moves make us go crazy man! :*

...ADARSH

Abee Chintuu. Kya mastt banda h yeh! Thanks for letting me crash in your place at bengaluru. Anyone is lucky to be in your good books and your friends list :p Whenever I see you, I feel that much more immature! Your steady attitude and you loving nature is one of your most endearing things in our ragtag group of all of us absolute kids. I will never forget your birthday speeches!!

Me: Talks about some gossip. Shivang: Yaar kab batayega yeh sab. Thoda masala diya kar. Har exam ke pehle ajmera ke room pe adda jamana aur baatein karna abhi bhi yaad hai. Waise toh hum hindi mai baat karte hai, lekin kuch 1 / cos C dekhte hi language switch to gujarati epic tha. BANGalore mai kaafi maze kar raha hai tu. Deep se bach ke rehna aur uske ssath bahar jaaye tab chadda pehen ke mat chale jana :P. Aage bhi sastry ki bitching karte hi rahenge 6 saal jo raha hai tu uske saath. Chemical ki only company mai place hua and group ka naam change karke day 1 fodne wala group bhi rakha gaya iss khushi mai. Badminton aur pool khelte rahenge aage jab bhi milenye tab. I don't know much about you but i know that you're a kind hearted and a very helping person. Thanks for helping and guiding me for the placements. Hope you go a lot ahead in future. All the best :-)

...Bhakti Vora

You have always been that cautious conscience of our group. Hamesha yaad rahega wo post EG midsem waala debu and the one who scored single digit marks in MOW :D. Maintain that Dada JI waali image debu haramkhor ;)

...MAYANK KUMAR

Debu you have always been the ideal student and have grandfathered us into doing the least risky things throughout colleges however the deep conversations we have had and the most happening outings will always be remembered. Won't say keep in touch because we I know we will.

...SHIKHAR SALUJA

Debu Dadu is the de facto dadaji of every human being on campus. I have been a first hand witness of the hard work that you put in for everything that you do in life - which many of us consider inhumane - aptly referring you to as the 'one true god'. With your insane memory skills, no one comes close to you when competing on dialogues from movies/tv-shows. You seem to have solutions to all problems in life and are the first person, who everyone including me refers to whenever we face difficulties. You crying your heart out after every test and then too topping it won't be missed because I am sure that you'll never stop doing that - and I'll never stop teasing you on the same:P

...Rohan Goel

Debu the life support for all the ENI people in our group. Ye monkey, pinky and murgi itna bol diya hai ki mere liye kuch bacha hi nhi. But for those reading this other than you, I would like to give a disclaimer about him 1. If he says, he hasn't done some work or won't score good marks on some test, don't believe him, isne wo kam kar liya hai aur wo test ye phod ke aaya hai. 2. This guy has the capability to study/do work for weeks at a go with as little as no sleep, so if you are colleague, start your work months before him. 3. Ye dada ji wali image is too over-rated, nobody talked about the drinking capacity he has 4. If you think he is not hearing you in your gossip, chances are he is and if its a rumour he has already heard of it. 5. But the last of all and probably the most important, he is a good friend, which is his best quality All the best for future brother !! :D

...MADHUR GARG

Debu! Mere Bhai Zindagi mai jo bhi karega machate rehna. Humesha life Ace karte rehna!

In a single sentence, I cannot think of my college life without you being my friend. From grandfather-ing me about every little thing related to academics or life to laughing together during all-night long bakchodi sessions, it has been a great journey. Humesha fodta to tu rahega bhi. Bas apna faltu ka rona band kar de. :P

...AKSHAY GINODIA

CEERI teammate, we'll go together a long way killing infinite Kota Solomon Rajus on the way.

...Shashwat Gupta

Debu bro you have influenced so many people including me. Even though you used to think about the worst case scenarios everytime giving us worries sometimes but that worrying is something that got you so far. Your dedication towards work can't be matched but your level of bakchodi is close to it :P, We both got job in bangalore so you know we'll have a blast there too:)

...SHIVAM GUPTA

Debu! I think you're one of the nicest and most hard working persons I've had the pleasure of meeting. I had awesome fun with you guys in Bangalore, and hope to see you soon! All the best bro :D

...ASHU TAYAL

Jese Rodriguez said about Ronaldo: "I remember the first time I went to Real Madrid's training. I got there two hours early to impress my coaches but when I reached the ground I saw Cristiano Ronaldo already training." Clearly he hadn't met you. Tu neend me bhi kaam karta hai. When I hear someone talk about hard work or work ethic - I immediately think about you. You are one of the most dedicated people I know. Tujhe dekh ke log sochte hai ki itna stress koi kaise handle kar saka hai - but what they don't realize is that, coal and diamond me ye farak hai ki diamond intense stress se banta hai. You are a diamond of a friend. Your advice has been an invaluable help to me, and I am lucky to be your friend.
PS: Weekend ka kya plan hai? :D

...Pulkit Agarwal

Debu bhai you are by faaaar the coolest begali I know , from the late night CCD trips in Bangalore to the the early morning pos GoT reactions on campus , you've been such a lovely host and I dont know aur kitna praise karu . Thank you bro for everything . debu bro still waiting for the open tap :P

...YASH KARNAWAT

Hey mate, thanks for always being so nice to me. You are a nice person. Good luck and keep in touch. :)

...Siddharth Kumar Sah

Debu Bro !! Kaaafi purani dosti hai apni .. From #GoQuark to #Qualcommphoda .. Kaafi kuch kiya hai apne saath mein .. Kaafi sorted banda hai tu. Bs phatti teri bht hai .. Aur tension lena kaafi pasand hai .. ENI GOD ^

...ANKIT

Now let's all imagine a situation here- Debu is India's Cricket Team ka Coach. What would you expect? 11 eleven players and around 5 substitutes. No, But Debu will have 11 players on feild and 11 substitutes for each player (Sorry Shikhar :P) Thats how safe debu plays in real life as well. The Guy who always used to get more marks than he proclaimed ever and always looked at things from the worst possible case scenario and used to calculate his expected cgpa way lower than what he always got. Real ENI

Topper Gawanwad goes to Debu. ENI Prez Gaawwd _/_

...NANDAN THAKUR

Debu...khabri aka grandfather, you are one guy to whom almost anyone can consult with you with just about everything. Despite your claims... I know that you work very hard for anything you want.. After all ENI ka one of the topper aisi hi nahi bana tu. Great friend and really good natured.... bas pessimism mein bahut believe rakhta hain :p... Try to be more optimistic after all... Tujh jaise safe bande ke saath kuch bora ho hi nahi sakta. Until we meet again.....

...ABHINAV SINGH

Debu!! The most adharmi person coming from a most dharmi place (Haridwar) :p. You are the most serious person I have ever met and the best part is you made me realize how important it is to be serious in life. Thank you Dadaji for guiding me in the right direction , for giving me memories like hitting my head with your half filled water bottle after saying ' lannister send their regards... likhte hue bhi hasi agyi yaar. esa hi rahio humesha smart, hard working and dedicated towards your goal. Stay Blessed bhai!! And I know we'll always remain in touch.

...ISHANT Gupta

Debu bhai, statistics god campus ka. Your stories (like EG ka average) shall always resonate through the corridor. The way you narrated stories, through your own set of sources, always made them much more interesting. Group outings pe, it was always fun having you around. Aise hi, keep acing like you've always done. All the best for life. Stay in touch.

...SIDDHANT RATHORE .

My Analog Lab partner, I miss you a lot. Staying on campus in sem 1 has really worked out for you. I am extremely happy that tumhara Qualcomm mein ho gaya. But Dil to yahi chahta hain ki kaash tum yeh sem campus pe hote. There are very few people who are as calm as you. And I have really tried to learn that from you. I would really miss the chance to watch Wimbledon together, cheering for Federer, like we did in CEERI. Abhi to vo jeet bhi raha hain. Yeh jindagi ret jaisi hain. Hum jitna is kas ke pakadne ki koshish karenge ye utne jaldi haath se nikal jaayegi. Humare saath bhi shayad yahi hua. Jitna jyaada mujhe lagne laga ki hum sab aur time ke liye ek saath hone chahiye, hum utne hi jaldi dur chale gaye. Koi nahi. Jindagi ke kisi aur mod par shayad hum dono ki patriya mile isi khwaish mein jiunga. Ajaо jaldi campus, ek aakhri baar khul ke jeena hain

...ANAND Dugad

Hey President .. Your calmness and honesty has really inspired me. Acha hua hum mile ... From CEERI memories to working (and bitching :p) in SFC together to placements... it has been great knowing you. All the best and Keep in touch :)

...GOYAL RICHANG VINOD

Thank you DEBU! You've been so kind and helpful. Let's meet again, soon!

...SARTHAK SINGH

Debu yaar thoda kam roya kar! Lite le le thoda! Bohot phodta hai tu! Your worst case analysis is insane! I'll never forget the 3am walk we had the night before Comp Arch Compre! :)

...YASH PANDYA

You have been my lifeline for these 4 years in almost everything. Without any doubt, you are one of the best person I have met in my life. I can't even think what my college life would have been without you.

Thanks for existing. Bhai hai tu apna .

...ANISH KUMAR

Arre Debu. Yaad hai 2-1 ki cheezein :P Kaafi tension leta hai tu ab chill maar. All the best and stay in touch. :)

...KARTIK SASTRY

Debu, kaafi lucky to get you as my flatmate in Bangalore. Couldn't have asked for someone better. Itna kaam mat kiya kar, complex aa jata hai at times :P It's just a start for us, hope we spend many good times together. Coz we be just some young dumb broke high school kids :D

...ABHIJEET PRATAP SINGH TOMAR

"Usko bol gaadi rokega" bhai debu uss din meri sahi mein phatt gyi thi. Saala uss driver ne aisa gaadi start kiya tha. Tu nahi hota to pata nai kahaan thokta apan ko. DESHPANDE CHIRAG ANAND:2014B5A40557G

"Kalumama" God - kasa re. God in almost everything. One of the best end-game players in AoE, awesome badminton player (tere bolne se to lagta hai aise :P), quality all rounder in cricket and above all one of the best carrom players I have seen. You seem to be pocketing every damn milestone just like those coins in carrom. All you need is a bit of cover when you go behind the rani ;) I'm there for that :P. But jokes apart, you are one of the most sincere and hard working people. No wonder you are able to top in both degrees of yours. Oh, and how can I forget. Perfect teacher of any automobile. Bike sikhaane ke liye dahe dil se shukriyaa. Insha'Allah US mein milenge. Keep acing in everything. Let the fire keep burning :P

...Sanjeev Sripadraj Murthy

Chirag, pro___ You are a really sweet person!!! It was nice studying with you in library for midsem, though only for the last subject :P Wish you a brilliant future. Stay awesome. Keep in touch.

...ARCHA R I

Even with the lamest jokes possible, you manage to excel in everything you do. You are brilliantly smart, overly modest and the best gossip buddy ever. To our unsuccessful 6 AM Badminton practices and one-day-before-exam study sessions(where somehow you managed to do much better than me). So glad to have met you. All the best for all your great future endeavors :)

...AASHIMA RATHORE

One of the closest friend I have ever made. Word limit won't allow me to discuss the memories in detail so will keep it real short. I have learnt a lot of things from you and will continue to do so. You are one of the most candid person I have ever met. I can always share anything with you which is what makes our

friendship precious to me. I am 100% sure we will stay in touch. All the best for everything that you will do in future!!

...Ameya Mangesh Deshpande

In 4 years I have insulted you the most. Mostly tu majet ghyaycha but I know sometimes I might have hurt you. Asa jar kadhi zala asel tar hou de. Mala pharak nahi padat ani maafi tar mi nakki nahi maagnaar. Jevdhi karaycho tyapeksha jaasta apmaan karin. Tu kamach ase kartos. On a serious note (not that this was not serious. It was very, very serious) hya 4 varshat mi tujhya kadun khup goshti shikloy. I hope ki someday I am as motivated as you were throughout the 4 years. Amhala ek degree sambhaltana problem zala hota. Tu kashya 2 sambhalya ani phodlyा dev jaano. Tujhya sarkha ek tak kaam karnyachi savay mala laavaychi aahe. Also I really admire the way you collect information. Hya babtit mi tujhi udavli asel but honestly I think that is one of your best qualities which I find lacking in me. You can easily start a conversation with anyone without having anything in common. This quality of yours is going to take you a long way in life. On a different note aayushyat radna ani dheri hya don goshti lavkarat lavkar kami kar. Tula perfect mulgi kadhi na kadhi milelach hya baddal mala kahi doubt nahiye. Prayatna matra suru thev ;). Contact madhe raha asa mhannar nahi karan apan rahu hyachi khatri aahe mala

...ANAND Dugad

By this time, you must have aced your thesis, your CG, your SOP, your GRE (kasa re?), but I am 100% sure that you must still be crying! You are one of the most hardworking and motivated people I have ever seen. It took at least 3 or 4 attempts of convincing every time to get you away from studies. and for our group that is too much. But the one thing you need to work on is sense of humour :P Keep acing life like you always have!

...Soham Kelkar

You are the next best Chocolate Boy our campus can get XD. So pro yet so lame. Sometimes i think your jokes should be graded so that you face our plight. All the best bhau! 230 ki treat!

...RIKKIN AMIT MAJANI

Purest MG and intense discussions which is quite away from your character of a lame joke cracker, I am glad our friendship took this turn and we talked about things. Your sense of humour and my sarcasm would have done wonders together, only if yours had improved! :p Nevertheless, Keep the Vahini game going and continue you the hardwork. We are mere pawns, you're the king of academia and wish you all the success! :D

...VARAD JOSHI

Kabhi saath mein phir kaam karenge, yaad rakhna hume :D

...Dhruv Mahajan

...SAMYAK JAIN

Bhai, maja aaya tere sath all these years. Sahi aadmi hai tu. Good luck and keep in touch. :)

...Siddharth Kumar Sah

Listening to all those relationship advice crap from "ME" is just the tip of the many things your adjustable nature has gone through. Those Sarabhai and Chala Hawa Yeu Dya episodes, mess jokes, whats app messaging, recommending movies have brought us so close that you yourself cant keep any secret from me!! Those hard days in Aurangabad will never be forgotten and nor will be forgotten your description of your first kiss. May you score in abundance both in GRE and :D

...VAIBHAV Shetiya

You have a unique quality that no other human being can ever have- You can crack the worst jokes and laugh on it too. Also you are the only person who complains even after getting 49/50. But getting to know you was a pleasure. The most hard working person, you have been an inspiration to many of us. Do keep in touch!

...RATHI SHIVAM NARENDRA

Bhai ye Sunday outing pakka. Place, time aur log chodke baki sab final ho gaya hai. I know you will come, par baki logo se phounchte hai... Baas agar tu GOHOHOD wapis bola to outing cancel. Kan dug gaye after hearing GOD say GOHOHOD so many times. AOE phoda, Physics phoda, Mech phoda, Internships phoda, Baddy phoda :O __ Phir bhi dosto ke saat etni masti mai reheta hai! Tanki times, Hollante jog, Dudhsagar trek, bhai tere saat maje he aa gaye! Hope to have many more great trips with you! Good luck bro!

...VADAGA ANANYO RAO

Chirag...Quite an oxymoron bro!!! Kalumama....Tujhya sarkhach pun aahe...Thoda chill ghet jaa re....Hands down to your dedication.."sagla kasa jamta re tula"...Be in touch!!!

...JAYESH SABOO

Aree Kalu Mama! Itna swag kaise he yaar. Hume bhi sikhao! Tere liye coorg trip ke baad bahut respect badh gaya, seeing how calm a person you are. Stay the same. Good luck :D

...RANAWAT CHIRAG DINESH

"Kalumama ek last game, please... This would be the last game of the sem yaar. Please, finally last game" Did not believe you always fell for it. You are one of the most hardworking and talented guys I have ever met. You are one of my closest friends on campus and I really admire your competitive nature and really love how hard you work to get things done. I know you have the quality, just keep bathing once a month and you too shall get a girl :p All the best for your future and stay blessed.

...Akshay Sancheti

Bhai Bhai! Rona band kar tu...itna sab ukhad liya hai college mein fir bhi rota rehta hai..Bahot bada aadmi banega future mein...I really appreciate your dedication and hard work you put in studies and your areas of interest, you are a motivation for me. Also for doing chegg, it was you who motivated me ^,

otherwise you know how lazy I am to do that! Stay the same kalu :P Cheers for our time spent during 4-1 and still counting. I really cherish our trio of u me and divyang. Keep in touch bro! UIUC jaake bhul mat jaana. :)

...HADA MAHESH BHARAT

Glad to have gotten to know you well through our time in SG and through the collective frustrations of the thesis hunt - who'd have thought that either experience could be such an effective catalyst of friendship. Your enthusiasm for worshiping others for even the mildest of achievements is amusing, and, I daresay, infectious. Don't worry, the business plan won't be forgotten - the funding is going to come from your hospital, remember? I suspect we'd stay in touch anyway, given our propensity for professional intersection and synchronized administrative hurdles. Good luck, and stop feigning pessimism about your future. You're pretty much sorted. And, now that I've given you enough GRE primers here, go get that 340 ;)

...NISSIM GORE-DATAR

Chirag! Bhai mazza aaya tere saath robocon mein. It was really great knowing you. Congrats and all the best for the future :)

...PRATIK MANWANI

Kaal Mama a.k.a. 'Rotlu Dulla' Kitna phodta hai saala phir bhi sirf rota hai , yaar ye nhi hua to yaar vo nhi hua to. 1st year k baad seedhe 4th year me jyaada mile aur mile to kya gazab mile, Pura sem sath, mess saath, NC (bird watching) saath, roadtrip saath (Cyclone OCKHI me bhi kar di ek toh) !! Kitne discussions logo ke friends aur love life ke baare me, kitna library me timepass. Aur tera physics(easiest graded branch) k naam pe rona, Mech to chalo Elective hi hai. Bahut bahut jyaada maze kiye aur bahut maze abhi karne baaki hai. Jaldi MS(mil jayega) vagara nipta aur phir phodege saath me. Phodega to tu pakka life me kyuki log irritate hoke hi bol dege, ise jo chahiye de do. HADA ki milke lena yaad ayega bahut ;D Touch me to apan rahege hi bas nahate rehna regularly ;P

DEVASHI GULATI:2014B4A70689G

Gulati.... You are the best hug-giver in the world. Hehe. I will miss all the hugs, the random conversations and the best advises that you have given me throughout these 4 years. Love you. You are an amazing person, and if you ever have doubts about that, call me :P

...SAHU ANSHIKA RAMKARAN

GULATIIII! I will always remember all those hours and hours (and hours) that we spent talking about the most random things on earth. I don't think I'll ever find someone else with whom I can talk so much about books and anime and technology. You're always happy and smiling, and that always makes me feel recharged after I talk to you. Stay the amazing and positive person you are, and keep in touch! P.S. When you finally finish all the anime I've told you about so far, let me know. I'll always have more to give you :D.

...SAMARIDDHI CHANDAK

Noddy, you're the only friend who has stayed close from the very first day jab muje laga tha tu typical Delhi girl hai and you thought main behenji hu xD. You know exactly what I am feeling even without communicating. I will miss those late night useless chats, those fights and the crazy apology notes slipped under the door later. Don't ever forget your 18th birthday ;) and also don't you dare forget me ð???

...DODEJA AKANSHA JETHANAND

I guess the Comp Arch project had some benefits after all! It was good to know more about you which cleared quite a lot of the pre-conceived notions that I had about you! :P Glad to have an Elon Musk fan and a fellow Potterhead as well! ...Rujuta Kelkar

Hello bestie, what would I do without you! You have been my support system out here, advising me on every aspect of my life. You're really mature, sensible and a great listener. I love that we can talk about everything - literally everything. And you're the only person I can discuss math with. if it wasn't for your constant belief in me, I would have given up on math long ago. I am going to miss your messy room where you cleared the mess in my head. You're really strong and honest. I love you babes.

...YOGENDRA SINGH CHOUHAN

The most selfless guy EVER. You are the reason that I never got E grades in Chemistry. You were always there to score even less. Labs wouldn't have been that great without your constant shenanigans. We really bonded when the two of us were trapped in hell for 2 months(Read: Angul). This past semester I've had the privilege to have you as a "Part-Time-Roommate" and even if it seems that sometimes you annoy me, believe you me that I'd rather have you there than not. One day soon, tera koi business idea chal jaega and tu bhot phod dega. Shaadi me jaroor invite kriyo(Don't worry I'll not warn her) and please do serve non-veg food too. Just don't forget this "Part-Time-Roommate" when you're at the epitome of success. Wishing you all the best for your future.

All those random walks we took, all time times we went to mongi, all those sleepless nights with movies, Civ are what made my college life so memorable. I just wish it could go on, if only for a little while longer. I really wish you had been with us in our last sem together but what can we do about that now. Czeekslovakianaikia forever. (what the hell is this yo neighbour business)

Thanks for your cheerful company throughout college, right from pleasantly surprising CH-6 visits to our Insta-worthy 'SG Chapter'. Go kill it at CMU ;)

You were my only moral support and friend during PS2. I was lucky to have a guy with similar interests as mine in those 6 months. Those fun weekends (plays, movies, library hunting) will be missed. Yo Sirji!!! Finally the 4 yrs have come to an end. After 4 yrs of vetoing, planning and overdoing our budgets, the one thing I can say for sure is that u have a big heart. Always stay the same and keep cherishing delicious food.

...KESHAV SINGHAL

Oh boy, where to start? Let's start at the beginning. My first day in college. There is a knock on my door. It was 2 guys. A shorter, thin one and a taller, fat one. The second guy says, "Hi. Are you also first year?" We start talking in our shitty, small town English, until the first guy says, "Hum sabko Hindi aati hai na?" And we start laughing. The first guy I talked to in this college was you. Who knows where we would've ended up if there wasn't a knock on my door that evening. We had A LOT of debates, arguments, insult matches and fights in these 4 years, but we've had countless amazing moments too. And I loved each one of them. And I'm proud to say that I coined the name "Sir ji" and I was the first guy who gave you your first chappal treatment on your birthday.

...NAMAN AGARWAL

"Movie X is going to earn Y millions, I've read in an article". Appreciate you man!

...BHANDARKAR MAYANK SURENDRA

Yo Sirji!!! Kota ki yaade bahot taza ki milke bahot bar...Raat me bhuk lagi to tera hi door knock karte the sab. New songs, BB ki vines apna alag hi discussion aur jokes chalte the. Apni Delta>0 wali theory mat bhulna. 10 years later we will seeð???. Good luck & keep smiling.

...Akshay Lavhale

From all the classes that we attended (and the many others that we didn't) to all the crazy discussions it was great to have you as a friend. Keep sending the articles and keep the movie wars going. All the best for your future and always remember that DC >> Marvel.

down to earth people I know.... Stay the same and Stay in touch!

...URVASHI JAIN

BRAND AMBASSADOR OF BISLERI..!! It has been an amazing journey working with you on cool projects and discussing all the random Marvel and DC stuff, thanks for always having my back.

...Parva Patel

Looks like all the sanitizer, packaged water and general germophobia has paid off, seeing as how you've been hale and hearty through the last four years. It was great to have you around in CH-6 in first year, with your upbeat friendliness and guitar virtuosity. Add to that the bio classes, where you were my sole sympathizer in the face of Urvashi and Co., and your presence was certainly an unforgettable part of college life. May you learn soon to embrace the pathogens, and try hostel-cooler water before graduating ;)

...NISSIM GORE-DATAR

I second Nissim's findings. You, my friend with all your little germophobic quirks are one of the most kindhearted people I know. All those unnecessary "Sorries" and "It's Okays", watching all those Impractical Jokers episodes and all the fun we had in the EPS video activity was something I'll cherish forever. I still hope that the next time you work on some neuroscience project, you'll try to inculcate some experiments on monkeys. Pro Rubix cube solver! __\ Please don't ever change. Stay the same germophobic and slightly obsessive compulsive throughout your life! You'll do great things in life, I'm sure of that. So all the best bro!!!

...MEHUL KAUSHIK

Had a lot of fun discussing all sorts of DC/Marvel things with you. The Flash series still sucks tho. And I'll keep giving you spoilers everytime so you better watch every movie the very first day.

...AVI WADHWA

EPS was fun with you. You are an awesome person. I hope you achieve great heights in life. ALL the best :D

...Mansi Swami

Glenn! You've been my go-to buddy for good food, good music and frequent coffee runs. Our times have been precious be it celebrations or just silly discussions... and the random trash talks haha... We can always keep in touch sharing classics and what not. Oh and you know what time it is! ;)

...VAKHARIA PUJAN AMAR

Glenn Glenn Glenn Glenn *continues first year song* You are too sweet and helpful. Stay the same. Life Mai phod. We have known each other since first year dude...let's go partying sometime :D

...SONI SALONI

G BALASUBRAMANIAM:2014A7PS0110G

Balaaa ! You are easily the most peaceful neighbor anyone can get :) Three years went by and nothing

...RIKKIN AMIT MAJANI

Bala, thank you for introducing me to solid masti. It was fun teasing you which led to creative threats from your side and a coffee projectile which luckily missed me and fell on Virmani. All the best in life, watch all the tentacle-anime there is.

...KATHAN KASHIPAREKH

Bala, my coding guru, I am sure you must have got irritated when I asked you 1000s of silly doubts in all of the CS courses. Three years with you as my neighbour, don't know will I be able to have the same privilege ever again. Tell me your secret how you top the papers after saying that you will get 0. And do share your Algorithm with me(Mera last resort mai kaam aayega)

...GABALE PRATHAMESH SATISH

...NIKHIL TRIPATHI

Balaboy, you have changed so much since we first met, but you still retain that selflessness and kind nature that we all love. Its been fun over the years the walks, the study sessions, just hanging in the corridor and your thug life photo shoots. Forever NC and Borkars companion. Hi, Gagneet . I truly enjoyed our EPS draw. I totally agree that you are damn fun. All the Best

...Igin Benny Ignatius

Ah I don't know where to start. There's too much that can be said. Our elaborate systems and conventions, disastrous night outs, EG sessions, embarrassing pictures, your "5 minutes" and our rare heart-to-hearts. I'm sure I'll never forget any of these. You're the closest thing I've had to a brother. PBFL, cheers.

...ROHIT SHEKHAR

Our FIFA matches should be put up on those classics wale videos online, including the moments before and after we start playing. Gags man. Damn. It is hard to imagine that you are not my neighbor on campus. We used to be in each other's rooms all the time. We started with poker, then graduated to pune stuff, played FIFA for hours, watched the most random videos and shows. Aj raat balcony session man. It's too difficult for me to imagine my life without you. I am sorry for wearing your t-shirts. I guess that's why you shifted to your new room. Pune Bros are the best. PrimeTime with FamTime will always be that amazing cherished memory of mine. Thank you so much for always being there when I wanted to share stuff.

GANDHI PRASHEEL CHETAN:2014B4A10235G

One of the best and most seedha guy I know on campus. The care that you have for others, is unmatched. One thing I have always admired is being around you and the fun you bring with yourself. I am just in awe and have too much respect for the new version of you that I am seeing nowadays, all motivated, passionate and dedicated. Seldom have people exhibited such sensibility and courage at this age. I still remember our first T1 ka combined study session when rather than the books, we opened our past and connected to each other. One thing I know for sure that 5-10 years down the line, if I need any help in an emergency, you will always help, no matter the cost to you. In you, I will be leaving college with one of the most amazing person and an even better friend.

...SIDDHANT RATHORE .

...ISHITA MALVIYA

He may not be interested in MATH, he may not be interested in Chemical, but he is one of the dualites with high BITSAT scores. You put your heart (whatever is left of it) into everything you want to do no matter what the challenges are, I always admire that about you. This world of Finance will surely recognize and respect you (and all the money you will make in future). All the best !! :D

...MADHUR GARG

This guy here wants very few things in life. But the dedication he has put into getting better at these things since the first year of college is so so inspiring. I wish I could have so much clarity and courage like you do, bhai. Some fruitful years down the line, he is going to be referred as the Micheal Burry of India and when that happens, you people must remember where you read it first! All the best for all your future endeavors bhai. Ek baat toh pakki hai, mera saara paisa toh tu hi sambhal raha hain future mein.

GAURAV BAHIRVANI:2014A8PS0853G

I am eternally thankful that CEERI happened. It has given be priceless gems in the form of friends and you my friend, were the most invaluable of them all. I really got to learn a lot of things from you - especially your determination. The one you have worked on your body is just awe-inspiring. Ab bas bhi karo, baakiyon ko complex aa raha hai. I remember how tense you were about placements but maine terekko pehle ki kaha tha ki TI toh mil hi jaega tujhe. I don't know how many people have told you this, but I have told you many times and reiterate that there are very very few people in our campus who know Analog even half as good as you. It saddens me that we couldn't bond earlier but those memories in the final two years more than compensate for them. To the person who very efficiently manages trips but is also the worst keeper of secrets - aise hi phodte raho!

...Sanjeev Sripadraj Murthy

Bahirrr!! Kaafi inspiration liya hai hamne tumse. T2 ke samay MuP ka kya godlevel video banaya bhai :) Puri raat Ashu ke room mein baithkar morning mein maggi khaya :3 Manu ke saath end semester Panjim trip kari jisme tere kaafi smart photos liye hahaha xD I'll always remember hamare awesome outings :) :) You're a man of few words, but who always takes care of his homies ;) Kaam karle next 2 months cos after I'm back from Singapore life is gonna go up in smoke and bitches xD

...YASH MEHTA

You are one of those people who never feels infected by the obstacles that come across and that is what I learnt from you. Thanks for being a motivation and helping me for placements. Hope you have a great future ahead. All the best :-)

...Bhakti Vora

Probably the most dedicated and hardworking person I know on campus. Your dedication for placement and the transformation of your body(and post ps1 personality transformation) is an inspiration for a lot of us. Shaayad kuch farq humaare mei bhi aa jaaye usse. You are the best example of Work hard and

party harder. I am sure you'll always stay as humble and grounded as you are Abhi. Your Aashiqui phase makes me laugh now whenever I think of it. One quality which I love about you is that you don't hide things. Jo hai Mann mei wo bol dete ho. Although that makes you the worst keeper of secrets :P I will always remember our first year end outing with Yash Mehta in Panjim and the foodie outing in Lucknow with Adarsh. Future mei milte rehna. Fodte Raho. Phunkte Raho. But kam Kar do plij

...MANU SARASWAT

I am so grateful that you went to CEERI, which is why we met the next semester. A complete random and enthu person who definitely cant keep anything inside him, and yet I never regret telling you anything! You have a life plan and I know you will excute it the perfect and best possible way! I hope we are still in touch and dont need to read this ever!

...VARAD JOSHI

If somebody asks me the things I regret the most in my BITS life, one of them will surely be not meeting you before our third year! Although, the fun we have had together and the memories we have shared in one year are enough for a lifetime! Hope our paths cross again, when you come for joining my company :) Best of luck! Work hard to get there!

...Soham Kelkar

Why were you not there in AH1 from the first year itself, one semester is too little bro. I hope I would have known you before. Anyways you are the clearly the most sorted, helpful, talented fun-loving guy I ever met. And now for the past year body bhi bna li hai tune. Girls brace yourselves stud is coming ! All the best for future and do keep in touch :D

Bahirrrr! Words escape me as I try to write something about you. Where do I even begin?! So many memories flashing in my mind right now, and I can't seem to pick the best ones! I have practically spent half my time in college in your room. It was where we discovered the meaning of life, and some really good music, it was where we studied for Prob Stats (I'm still mad about that BTW), where we both prepared to ace MBFM! It is also where I discovered how beautiful the campus was, and how a hostel room looks as a kitchen! Thank you for the amazing memories <3 Cheers to us bro. PS - Yes, it was you who first motivated me to take up running as a hobby. I finally accept it :P

...ASHU TAYAL

Bherumon! I consider you one of the most inspirational people in my life. The amount of dedication and hard work you have put in for everything is in itself worthy of admiration, even more so than their amazing results. ....SAURABH VIJAYVARGIA

Mere priya Bahir, tere baare mein main kya likhu. I'll start with August 2017. The moment I received the call that you are placed in TI I was so happy that I couldn't keep my voice down. Though I was 100% sure that you were going to get placed in TI but that one moment made me ecstatic. I know that your decision of staying on campus in first sem worked out perfectly but mera dil aaj bhi chahta hain ki tum

second sem rukte. I seriously miss you yaar. I have never met someone as plain hearted as you. You are one of the people who will go to the end of the world for his friends, without thinking twice. Your dedication to become fit by excessive gyming and a crazy diet has humbled me. Iska 1% bhi dedication ho to bhi mere liye kaafi badi baat hain. Another amazing quality I find in you is that you are very open and frank with your friends (sometimes a bit too open and this might be harmful for you). Coming to CEERI and meeting you was one of the best things in BITS. I really do wish you the best in life. Naukri to badiya mil gayi hain, jald se jald chokri bhi pata lo. And always remember that whatever life choices you make I would never judge you, even if I don't agree with you. Because I know ki tum khudse jyaada dusro ke liye jeete ho. P.S: Ajao jaldi campus, maja karenge

...ANAND Dugad

Sir you have always been an inspiration to gain knowledge in depth. tuze dekha tha EM padhate huye logo ko CH2 ke corridor main white board pe. #respect 4 guna ho gayi. bas sir phodte rehna aisehi. Milenge future main kabhi na kabhi kahi na kahi. Aur phir hogi partiya dilli ki tarah :p Will miss you bro!!

I do not know how to write a testimonial for someone who has influenced you so much. My life would've been radically different had I not met you. You have been a friend, a source of inspiration, even something like a parent sometimes. I consider myself lucky that I have shared those two months in Pilani, that run to bog and several outings with you. You are a sucker for everything that's authentic, and I hope you stay that way. Thanks for everything you have done and keep doing for all of us. Will be happy to be your sidekick all my life. Keep inspiring us :)

GOURAV GOEL:2014A7PS0065G

Without you, it wouldn't have been a college life, just college. No matter the time or situation, you were always there. You are the only person who not only listens to a rant, but adds to it, so it's all the more fun that way. Thank you for giving me a life changing quote.:P I won't write much here, because there isn't a need to. We will, and have to, stay in touch. Just, remember one thing. If anything in life is troubling/confusing you, I will just be a call away. And, I know for a fact that if anytime I need you, you'll come running to help me. And, it for that reason, you will be the first person I'll always remember in bad times.

...SIDDHANT RATHORE .

After hearing so much about you, I knew for a fact that you have something in you. Never let this enthusiasm in you to do something fade away. I wish you became a traveller photographer someday and we cross paths again. It has been a small journey but you can still keep asking me opinions on various things. :P Always here to tell you the 'other' point of view. Directly or indirectly we will keep in touch. :P

...SHRIYA GUNE

Although born with a ever-ready-to-kill-you anger, Gourav 'Goyal' is one of most kind hearted, caring and helpful person that you'd ever know - a person who's company you'll always enjoy. Being computer science student, he believes in binary: either loves you to the most or hates you like anything. I have always admired your happy-go-lucky nature, always wanting to inculcate the same in me, Dear de-facto outing photographer, I really have enjoyed your tryst with whoami and phoetry [paid advertisement] and hope to see much more in the future. We ob will stay in touch, so saying that is redundant :P

...Rohan Goel

GG meri jaan, my brother all the way from Haryana who accompanied me through all the shit-storms of CS life. There is this thing about you, your ability to accept people as they are, no matter what you have heard about them, which makes other people like you and willing to vent to you, among everyone else. Bhai, you are way more talented than you give yourself credit for. Tera darr yaha college mein hi chod ke chala jaa. That is the only thing coming in your way. I am lucky to have found such good friends in my corridor itself and who have stayed with me throughout these years. Saari panchayatein, late night walks, bhand outings, hostel ki bakchodi ab se bohot saal baad bhi yaad kari jaayegi. Ab man ki aur kya batalaun main!!! ;)

...MEGHRAJ JAGTAP

I am quite familiar with the facade people carry about being non-judgemental, open minded, forgiving, but i was taken by surprise when you reflected these qualities in person. There's no shortage of people who blow their own trumpets boasting about things they barely know of, but you are an exception, performing your best, but never taking credits. You are an incredible motivation to all the people who want to give back to the world. I feel privileged to have made all the memories, LITERALLY ALL :P, with you. I wish you the best. saari duniya ek taraf tu meri jaan ek taraf <3

Bhai bhai bhai ^ My neighbor for 4 years, kaafi jhel liya tujhe. Thanks for being that person who would be first on my mind, agar mujhe koi help chaiye ho to, you have earned that. 1st year me tune pucha tha mujhe, CS lu ki naa lu, kar paaunga kya? Jitna tune mehnat campus me kari hai, I doubt kisine ki hogi. From being a total computer noob to securing internships in Goldman Sachs (PPO bhi nikal hi lega tu), you have come a long way. Maanta hu kaafi majak udhaya hai tera, but its because tu bura nahi maanta, stay like that forever :P And sorry for bothering you by having to pick my phone calls :P I have only issue with you, Chemistry nahi chhadni thi tujhe :(Hope to stay such good friends for life. :D

...ANSHUL SHARMA

The biggest GHOT I know. Bhai jo bhi bolo hard working toh bahut hai yaar tu. You, me and Atul had spent so much time in discussions proving each other wrong, probably because of this we used to do well in our exams. I think probably in all the papers I have come to your room to solve the papers together. The one moment I will always remember about would be, the time when you ordered Cheese Naan and Butter Paneer and then ordered plain naan instead of butter naan just to cut down on fat :p. And obviously, we used to bitch about people :p, I know its wrong but it's damn fun too :p. You singing havana was probably the worst experience of my life, but don't worry I will train you, and I hope you'll sing and propose THAT SPECIAL GIRL :p in the months to come. Phodke aana GS mai Hada boy aur phir aata huu bangalore tere ghar party krne.

...SHUBHAM PRADHAN

HADA GAWD __ a.k.a. Phodu Dulla !! CH-6 ho ya CH-2 , tujhe to maine kaafi negativity di hai apni aur tu shaanti se sun leta hai. Jab chidta tha, to mai phir kuch rgue karke muh band kar deta tera :p Gym, psychology, MR saath me kiya hai, aur bahut kuch karna hai sath me. Chirag ko aur gaali deni hai saath me aur Mech ko Elective bhi prove karna hai. Aakhri WAVES aur mere AAKHRI SEM me jo apan TEENO ne phoda hai, humesha yaad rahega !! Tum logo ki CG to thodi giri hi thi 4-1 me mere vajah se, but FAQRA hai. Par ek baat sach boli kaalu mama ne, bahut manana padta tha outings ke liye, par jab se chegg aa gaya bade aadmi ban gaye aap bhau !! Tera travel guru to mai hi rahuga aur kahi saalo tak, bangalore aaja , aur phodna hai yaha. Life me bahut phodega tu vo toh OB hai, CS ka jo hai, but maze to humare saath hi ho payege. Jaha bhi jaye, touch me rehna aur gaaliya khate rehna :)

Thanks for the memorable 4 years!!

You are so irritating that college became boring after you have gone. Teri backchodi aur gaane aur gastric problems kabhi nahi bhool sakta. Duniya main bahut log dekhe hain lekin tujhsa nahi. HARSH MALIWAL:2014A3PS0228G

Seems difficult trying to write something about a person like Maliwal. An absolute idiot to the outside world, but actually a person with profound knowledge and strong ability to introspect - Maliwal has always been the first person to encourage his peers selflessly, in their endeavours. Despite attaining top-notch posts and fulfilling his duties responsibly, he never let them get to him, which speaks volumes about his character. I wish him the best of luck in all his future endeavours.

...Sanjeev Sripadraj Murthy

From a "below" average EEE student to the campus Vice President to the Placement coordinator, and now placed in an IT company. Can see a correlation between our college journey. As Sanjeev already mentioned, it's quite hard to describe and express about you in a few lines. Some of my favorites: abusing

in the public, EMT lectures with Sarthak, SIngle, and George, NC laughter sessions with Kops, and many more. Thankful to you for helping with the SoP, and many other things. Most importantly, thank you for being a True Friend. :) It's a rarity to find people like you these days. Needless to say, we'll definitely always be in touch. Keep slaying, Maliwal. Good luck for your future ventures. ~ Bhai

...Dhananjai Sharma

Some things are better off as a letter. Thank you so much for being there during waves 2016 :)

...RIKKIN AMIT MAJANI

Firangi!! I met you for the first time during Coalescence '16, must say- Wasn't Disappointed :) From all the fest cocos and intra-campus campus discussions to the 'special visits' to vasco (:P), we've shared it all together! Kaafi yaad rahega 3rd and 4th year :) Your sheer dedication to make things happen by taking a firm stand, however bluntly you may have to put it out to others is what I think- the best of your qualities! I am pretty sure you are gonna rock in the future :) Bas duaon me yaad rakhna... :)

...PARTH BHANDAKKAR

Bhai.... Ab mai drama kiske saath dekhne jayunga?.... Ps2 me tu nahi hota toh life gg thi bhai... Tu apne iss honest aur can't stand nonsense waale attitude ko hamesha saath rakhiyo.... Aur fodta toh tu hai hi... Bhai aur trw me tumne muje lines bhi kam di thi :(

...TAPESH BHANDARI

Well my TT rival, our score is still not settled and I hope it won't be settle in future too so tht we can play TT again n again. Had some amazing matches with you and beating you still feels good:P

...Aravind Bolisetty

Mali.

...Advait Koparkar

Mali, you have always been nice to me. I could never get why some people don't like you, AFAIK you have always tried to help to your extent. Keep doing that, you are going places. You are a nice person. Good luck and keep in touch Harsh. :)

...Siddharth Kumar Sah

Mali bro! My Coco brother..that's how I know you. When I look at you,I'm instantly reminded of your work ethics, and that, remember, will take you a long way in life.Aur baki thappad se to darr lagta nahi tmhe :p Stay in touch bhai :)

...AKASH Deep

Our friendship has been like a sine curve with its ups and downs. But it has always been fun working with u, arguing with u and even being around a friend like u. EEE would have been a more atrocious demon to slay without u to share the curse with. To all the gratifying memories we have had and hopefully many that will come, Cheers! Stay in touch -The Election Commission... XD

...KESHAV SINGHAL

Mali bro ...ek advice de deta hu even though i know tu sunega nahi ...logon ke positive side bhi dekh liya kbhi aur khub daaru pii bahout khush rhega. You have a great work ethic bro keep it up always. :)

...RANIT BANERJEE

Hmmm.... Matlab tu pehle kuch karta ni tha, achanak se VP bangaya, fir Placement coordi aur aasan se IT company me phod diya. Kaafi sahi banda h tu. Tere saat woh discussions and all the 'fruitful' things we did during waves will stay as very good memories. Aage har jagah aise hi chutiyapa machana and aise hi tha**ad khaana. All the best for you future shizz. Stay in touch.

...KANDUKURI SAI OMKAR .

Will never forget the dd labs together. Kya rote the hum :P And LinkedIn request accepted. All the best for ahead!

...Kinjal Motwani

You are a perfect example of the saying, "Never judge a book by its cover". A person who I can accurately describe as being similar to a coconut: as sweet from within as you are 'harsh' from outside. The quality I like about you the most is not your amazing vocabulary, probably the best among my friends, nor your frank nature, nor is it your seemingly infinite knowledge of books or your ability stand up to any authority. The quality I admire about you the most is your ability to care. You care about people whom no one cares about. There are people who want a post because they want power, there are some who want it so they can add a POR to their CV and some want it so that they can gain monetary benefits. You are one of the rare gems who wants a post because he wants to change stuff. And this I think is the reason you became the VP and the Placement Coordinator. I do not regret a single moment I spent campaigning for you. It has all been worth it. To others you might have been a useless VP (Maybe because of your no bullshit attitude or because you refused to suck up to them) but for me you have been the best VP this campus has ever seen and probably will ever see and this I'm saying not as a friend but as a ordinary student. I do wish that we remain in touch.

...ANAND Dugad

Thanks for Kazoo Katli and that chocolate (I still don't remember its name,) PS-2 roomies to hai hi hamesha k liye. Machaate rho aise hi..

...Rahul Kumar Tiwary

Sir aap God ho! Kripaya touch mein rahiyege :)

...JOISHER HEER VIPUL

...SIMONA ACHARYA

Bhai...Waves was great with you....your can't-stand-shit wala atitude pasand aya All the best and keep in touch :)

...GOYAL RICHANG VINOD

Evertime I think of a mischievous thing I've done, you come into the picture. You've been a true friend Harsh. You didn't change yourself for other people and that has to be respected. Always going to try to be in touch but you know it all depends on your secretary if she'll forward my calls and messages to you. I hope you do remember who is the secretary I am talking about.

...SARTHAK SINGH

Well.....never thought I would say this but I think you have a great personality...I can write a 3-page essay if I start writing how we met and all so I am gonna leave that aside.....Moreover, You can be difficult at times but a great person to be around...Stay happy forever and enjoy life.....

...HARSH VARDHAN SINGH

One of the most colourful personalities I have known in my life. I till remember the times we spent in Cadence lab and when we were accidentally allotted the C mess. Hope your extraordinary abilities in communication take you miles ahead.

...DIVYAM MALAY SHAH

Bhai, afair MUP se apni kaafi baat hona shuru hui. Uske baad se acads me same halat hai apna. It was awesome knowing and working with you. Kaafi acchi advise deta hai tu. Thanks for existing :P

...KARTIK SASTRY

Unfortunately, I wasn't there in Rourkela to witness your thunderous stand against your PS instructor. That was the first time I ever heard of you. Then witnessing you speak during elections followed by you being in one of my courses is when I realized that this guy has a very versatile personality and probably has the most amazing grasp on his vocabulary and writing skills. I am and will remain a big fan of yours...

...MEHUL KAUSHIK

From the first year rants, your elections, the after-CoCo meetings and now to other's elections! :P you certainly made my life a hell lot fun! Despite your uncalled-for bravery sometimes :D, you are a real inspiration of how a person can be so dedicated to his work and having the balls to stand up against something wrong. Being in the front lines of both the good and bad times of your work, you have set an amazing example of a leader for us and the entire campus! Channel your courage and motivation towards the right path and I am sure that we are going\ to have a star in our group :)

...Soham Kelkar

Thanks for all the support even though I continued messing up with the PU stuff. Cheers!

...SUNEHA BAGRI

Maliwal bro. No matter what people say about you, you're one of the few people I respect as leaders. Diplomacy is being a coward is what I've learnt by observing you. I am sure you'll learn to control your 'all guns out' approach to life and succeed. Will never forget how we spent hours debating on something as trivial as auditorium slots.

...PRABHAT CHALMETI

Thank you for always being there by my side through these 4 years. Your encouragement was very beneficial to me at a difficult time in my life. Although we did not speak much in PACE we became good friends in college and I hope this continues in the future as well. You serve as a great inspiration to a lot of people , how you turned your college life around . Wish you a lot of happiness and best of luck for the future!!

...MOHIT SUNIL SHAH

HARSH VARDHAN SINGH:2014A3PS0211G

...Akshay Lavhale

Kal trek pe chalte hai. what say?

...KESHAV SINGHAL

Bhai apni best memory me bahut competition hai... Yaa toh symlog lene ke liye idhar udhar rote rehna... Yaa fir bogmalo me guitar jamming.... Bhai... Tu sabse mast lagta hai.... Koi chinta nahi jeevan ki... Hamesha haste rehta hai. ... Bhai... Ek trip pe aur chalna hi hai... 1 may se 8 may challenge pakka... Aur bhai.. tu toh Gurgaon hi hai.... Tere hi ghar rukna hai kaafi din agle saal :P... Toh touch me toh obviously rahenge hi :D

...TAPESH BHANDARI

Bhai Bhai Bhai, tere saat kya maje aate hai. Aur dusro ki madad karne mai tu kabhi peeche nahi reheta! Bade masti ke saat dedication aur maturity ka perfect bundle hai tu! Glad to have you as such a close friend!

...VADAGA ANANYO RAO

Always on the move, never seen you still. Always admired your go getter attitude. Stay the same and play the guitar everyday.

...ANISH MUKHERJEE

How can someone be so genuine and so irritating at the same time is beyond me!

...BHANDARKAR MAYANK SURENDRA

If I ever have to write about you, even 3 hours of compre exam is very little. I regret the day I showed you 'Hips Don't Lie'. You have way too many flaws. But everything you do is from your heart and that's what I liked about you. Good luck for the future and try to stop disturbing people at night and for god sake get your own snacks (also dry manchurian balls)...

...DIVYANSH GUPTA

You are genuinely the one guy to which we can all look and say, "Chu**** hai kya be?" And the best part is, you aren't even offended. Earlier, you were a skinny kid with a bad mustache and an even worse hairstyle. The transformation has been nothing short of incredible. Your general knowledge is horses**, but decision making is golden. Your ideas sound stupid but persuasion skills are the best I've seen (even though you couldn't convince your mom and we had to cancel Netravali trip and sell all the stuff). I can bitch to you about anyone in full confidence. I do hope one day your body isn't found on the Himalayas somewhere. You are, what we call, a real bro. And that's the highest praise I can give you. And within the next year, I'll be waiting for a wedding invitation.

...NAMAN AGARWAL

Bhai, You will be remembered as the pioneer of trekking culture on campus. From organizing the treks to managing the fitness sessions, thanks for everything. Flow Traders mein macha dena bhai. All the very best for your future!

...WALWADKAR SHARDUL SHARADRAO

...GOYAL RICHANG VINOD

A person that never fakes emotions and is always real (sometimes too much!) and the most enthusiastic member of the group. Great to have you as a friend. All the best for your future! And remember one thing- KEEP THE SPEAKER VOLUME LOW!

...ESHAN MANDLOI

Bhaii! Mai toh yaha kitab likh du!! Seriously I sat next to you and traded for six months!! PS2 was freaking awesome because of the great times we spent there! Foosball, Prashant Sir, MC, and FF AFTERPARTIES bhaiiiii! Bas dukh toh tab hua jab do interns bhi aa gaye hai :P You have a really carefree and smart personality! Keep having the time of your life :)

...PRANSHU GUPTA

Never has anyone irritated me to the extent that you have, but the BITS Radio updates and the jibes will be missed for sure.

...Veena Vijai

By the amount of photography-related-knowledge you had then, I mistook you to be a senior :P Both saare memories hai saath me bro- be it dopy, chemical, gaming or otherwise. You are one of the most lively people I've met in the campus! Your dedication to stuff, be it starting up a new pilot plant in the campus, or spearheading the discussions facilitating the introduction of the first 'gaming-oriented' course in the history of BITS is really commendable _^_ You are gonna achieve newer heights in the future bro. All the very best for the same! Also, thanks a ton for guiding me throughout whenever I reqd your help :') Sayonara.

Oi SD... Bhandh hoke mat naacha kar itna :P. Dude you are an amazing dancer. I am glad ki first year mein zephyr ke time you dint dance against me in the showdown, i might not have won it otherwise. The way you get furious when you dont get a chance to speak in any discussion and the first time when you got drunk in Manipal are all unforgettable. You are an amazing person and I am lucky to have a friend like you. All the best and stay in touch always.

...TANYA SHAHI .

You are one of the most 'real' people I have met in my life. Everything you say and be is very authentic and pure. I love you for that, and that is why you are so much like me! You really care for the people close to you. I mean, you check all the textbook definitons of being a good person! I know it is difficult to be good when all that the world wants is liars, fakers and chatterboxes. But trust me, nothing worth having can come by sacrificing what makes you yourself. Thanks for those sleepless nights of song-editing :P. You are a great person to work with. I hope you get dancing soon, it is heartbreaking to see someone so passionate crippled by circumstances.

...JAYCHANDRAN PADAYASI

HONEY JAIN:2014B1A30875G

You're of the extremely few people, I respect immensely. Your ability to cut through clutter and come to the point is something I have always admired. I'll always be grateful to Nirmaan for introducing me to people like you. The best thing about you is that you're worried only about what's happening in your life, without the absence of care you have for your friend. You're never hunting for gossip, and that's extremely rare in the world nowadays. First France, then Canada, and I don't know what all is left to be added to the list. Keep acing life like this. I am sure we'll meet again, because life is incomplete without people like you.

...SIDDHANT RATHORE .

I'm extremely grateful to meet a sweet, caring and talented person like you. A woman you can absolutely call BEAUTIFUL!! Such compassion and kindness makes you a wonderful human being. I really can't forget those days when you cared me like a doctor when I was sick(multiple times!). My go to person seeking solutions for my technical/health related problems. I love your smile which shines so damn original. Thanks for being part of my BITS life, thanks for all those comforting words. I really really mean this. Thanks for making the word 'honey' sweeter for me. Please stay in touch :) Wish you all success in future.

...ARCHA R I

Arey Honey, Srikhand to Mai pakka laega (Shreya k liye). I don't know how you keep the cool and calm composure in every situation. I definitely wanted to watch you move to faculty quarters (you know why) . All the Best! Aisehi phodte reh har jagah. Keep in touch!

...BODHANKAR PRATHAMESH VIJAYRAO

The sweetest and most down-to-earth person I know. Your kind and caring nature makes you a beautiful person, and I am glad to have met you. Also, the most hard-working and dedicated person, and of course that makes you so insanely pro at everything! I hope that you will have a great and fulfilling career and life ahead, and all the best for everything! Never change, and stay in touch!

...LEAH RACHEL CHACKO

Its difficult to come across such an intelligent person who has achieved so much and still manages to stay so humble. A movie buff who actually understood what 'Life of Pi' was all about in the first viewing itself _^. You are always clear in your opinions and never hesitate to speak them out. I have always admired you for this. One of those few sorted people in this messed up lot, who knows what she wants. Apart from all this, you are an amazing friend, honey. A kind-hearted person who is there when your friends need you. I have learned a lot of things from you. Loved working with you through all the years in Nirmaan and I really hope I get this opportunity again in the near future, jab tera duniya ghoom ke wapas India aane ka mann ho jaayega!

...MEGHRAJ JAGTAP

Ai honeyda, had a great time in gokarna and arts n D. Will miss that time on the om beach and that intense discussion we had that night on philosophy of life. ...FERNANDES GLENN JACOB DENSTON

Honey!!! The best neighbour I could ever have. So many came and said things but this girl never complained of my loud voice. The talent to say things straight forward is something I definitely am trying to learn from you It's been an amazing 4 year journey with you. Honestly, I couldn't imagine staying back on campus during Diwali all years without you. You were family away from always. I don't know from where do you bring this talent of acing everything in your life. There are times when you can rely only on few people and you were there during those tough times. Be free to share anything you ever feel like my experiences will help you definitely :P Be as sweet as your name. And and firangi mat ban jana. Just one genuine advice please take care of your health and eat more. And text me before fainting.:* I don't have to say be in touch because we will be. Thank you for everything and everytime you were there. :*

...SHRIYA GUNE

I have came across a lot of people here in my four years. Some stayed with me others not so much but whenever I look at you, you have been that one friend of mine who was always there. Be it during those boring workshop hours, depressing projects or Fun BIO classes. I don't know how you managed to bear me for so long. Thanks for being such an amazing friend,counsellor. You are a real pro at what you do. I am surely gonna miss our ch2 ke bahar vali talks. Stay in touch :)

...PRERNA DAVE

I am so mad I can't write the cute little nickname I gave you here. I think we are the only two nocturnal animals in the corridor. Having an all nighter before exam and struggling to keep our eyes open during the exam, are some of the pains that we can understand for each other. You are so much fun, I didn't know that until power electronics came into our life. Don't let anything change you ever. Keep in touch :D

...Mansi Swami

Honey! Bio Bud! The one good thing out of EG was you. My BITS life wouldn't be the same if you hadn't introduced me to Arts and Deco and all the other wonderful people. ...TAMANNA PAHOOJA

Honeyaaa!! You are very dedicated, creative and sweet person. I remember our first year when you were in 7 clubs & depts and since then I wonder how you manage everything so well. . When I look back I remember those conversations about life, laughs, pen & food stealing, cribbing, silly fights, and the list goes on. You are one of few people in my life with whom I can be as stupid and childish as I want. These four years with you were amazing and memorable. Thank you for taking care of me whenever I broke my leg, felt sad and panicked over non-sense things. Lots of feelings that can't be conveyed by words. Just wanna say you hold a special place in my heart. Love you :* Wish you achieve all your goals in life. Pardesh jake bhul mat jana.

...ATISH KUMAR SINHA

Honey Darling, you have touched so many lives, you don't even know XD. You are my favourite person on campus, you know that. I've never had a better friend. I still remember the first day we met- as we both shut our doors in unison, we never imagined that we would be friends, for we were too different. The best part about you is that you are extremely open-minded and accommodating. You've burst the bubble I lived in, and I can't thank you enough for that. I'll really miss walking into your room at any time of the day, its my happy place. Ek din, tujh pe movie banega, itni inspiring hai tu. We know that we will be in touch - non alcoholic, vegetarian double dates baaki hai. Keep inspiring people, thats what you do best. Love you darling, NSPD nahi , LPD. (L stands for life) Arka you are a close friend too.

...YASH MEHTA

Jayanth, why are you so weird. I wish you had written all your bullshit theories somewhere. Only you can make your own religion and have a dance step for it. The Ch3 essential list will always be incomplete without you. I'll always remember our late night conversations in Ch3 and the looks people gave on finding us on the same spot on the stairs. The bogmalo trip with you in the bus was amazing. You are a true Diva. Itne nakhre omg. Bahot kuch hai likhne ko. I'll stop coz you won't appreciate it much I know. All the best for whatever you want to do. Working in the same company as you would be really exciting(or not. Time will tell) Lets see how many of the coin predictions turn out to be true. Call me if you marry a gold digger. Till then keep making theories. Stop throwing away roses which girls give to you. Keep making weird noises. And stay AWESOME.

...MANU SARASWAT

Hi Dude! Thanks for being so cool. I haven't met anyone like you, and I am sure I will never meet anyone like you. You are a gem. I still miss all the weird conversations that we used to have, and the movies, of course. Let's climb the terrace again? I wish we could rewind, I would have made up for all the lost time. Anyway.. let's plan a trip? And, i am really happy that I got to stay in your room. I will never forget the moment you swore at the breakfast table. It sounded so cute :P Always be the same. Because those who dare ask you to change will have burnt hair. I PROMISE. I know we will stay in touch :D

...PABBARAJU CHIRAG RAMDAS

I will miss telling each other everything while brushing our teeth every night and screaming "ISHAAA AVRUUU" everytime I crossed your room or watching all those movies with the (romantic) lighting in my room, sharing a mop with you (and sometimes toilet paper), helping each other pack for home and you asking me for food in the middle of the night! You were one of the best things that happened to me in college and I can't wait for us to share with each other all our new experiences as we get older! We'll continue to make silly pacts and be the same powerpuff girls as our first year, always! Love you to the moon and back (in an infinite loop)... your Urvesh!

...URVASHI JAIN

Friendship at first sight is definitely a thing- when we met at mongi it was one of the best things that happened in college. I miss walking past your room singing Ishaaaani and you seeing your cute smiley face. From being in the mess for hours to climbing the mess terrace and crying like a baby when you left. Let's go on a amazing road trip :P Loads of love

...SUNEHA BAGRI

Ishani, you were my first friend in college and I am proud of the fact that I am amongst those few people in college who have seen you cry. To those long conversations, hyperventilating once we successfully manage to drive the lizard out of the room..Cheers. Love Apeksha :*

...APEKSHA JAIN

Did you just tap me?

...KRATIKA CHANDRA

Did you just tap me?

...KRATIKA CHANDRA

Best Memories were Waves where you just randomly tapping at people and blaming it on me and throwing water over people who were waiting in queues. I mean who does all this stuff? :P

...NANDAN THAKUR

Ishani, you're the only reason I could digest mess food. Please eat dinner with me for life. I can share things with you that I would share with no one, I think you are really mature. Your smile is contagious, if anyone sees you laughing they're sure to laugh. You're too cool man. Stay sexy.

...Shreya Arya

Please lets decide to never discuss dead rats and pigeons over food!

...ISHITA MALVIYA

Hey! I really don't know what to say here. You're hard to pen down to a single set of qualities, people or memories, and I guess that's what's best about you. I've always admired your spontaneity and fearless go-getter attitude, whether it's with the boyz, the booze or the bytes. I don't think it's any use telling you not to change; you're going to do your own thing anyway, and, as ever, you'll ace it. May the odds be ever in your favour. :)

...NISSIM GORE-DATAR

Early realisation but late initiation in getting to know you. It's been fun times with you. You speak as quick as me, +10 points to you there :P Achieve the great things you are meant for, and I hope our paths keep crossing in future too:)

lively and happy-to-go nature is definitely your USP so please don't let it change whatever might happen.
Mere aakhri sem ke sahaare, both us know we would never loose touch :)

I hope we could have stayed on campus the in the same semester and We could both be Shame to the society. All the very best for Microsoft. Love you!

...Aman Gadia

A thirty hour train journey, even to home can be an ordeal without good company. Normally I would have been sitting In My Place, watching the Clocks tick hoping for Miracles to save me from boredom. Instead I got to chat up about Harry Potter and the world of Magic as time passed by at the Speed of Sound. Maybe we should do Something Just Like This again. (Can't think of more Coldplay titles to add

:P so I'll stop). You are certainly one of the most cheerful and lively people I have met and always stay that way. Let HP continue to fuel the train of conversation and hope you have a wonderful Adventure of A Lifetime (There I did it again :p)

...CHINTAN BETRABET

Hey Ishita! Maroon V (Basically Adam Levine) ftw. Also, thank you for randomly offering me pizza that one time outside library (Idk if you remember tho :P). We should have talked more! Anyways, all the best at Microsoft, keep smiling :)

Hello Hello Hello Hello.. Sunn na.. Agar mai court mai kaam karta toh zarur judge karta tujhe, lekin kya kare mai toh veeeeg khana hi khata hu. Chatterbox ka NaReal nahi Real award mila hai tujhe. Just Kidding (with 1997 ki kiddo jo heels pehen ne ke baad bhi mere se choti rehti hai), Thanks for existing :)

Paani peene ko nahi milta hai kahan gayi tu. 6 years and counting :)

...SOUMYA JETHANI

We grew closer overtime, like a fine wine. I remember the days when we used to be just project partners and then we started talking and eventually I realized how beautiful you are. I know, people might think of you as someone who likes to speak a lot and click pretty pictures but I trust me you are much more than that. So let me tell them who Ishita really is - She is a person who will listen to you patiently, no matter what time it is or how many times it is. She is a girl who will go out and eat with you if you feel like it, even though is isn't hungry. She will straight away tell you that your cloths doesn't make any sense to her, not because she is picky about cloths but because she wants you to look good in public. She will travel to your home just to meet you on weekends for a couple of hours and will say " I miss you " over and over again. She is that girl you will silently send you all the heart warming posts from " The Artidote" on instagram. She is a girl who will make you believe that there is more to life and love is always round the corner. In the end, she is a girl you shouldn't in any case stop loving because in the end she just wants to see you smile a bit wider and laugh more often. So to all the people out there trying to read her, I will just say: " She is our friend and she is crazy!" :*

...ABHIMANYU SINGH SHEKHAWAT

I am a big fan of your fashion sense. I'll miss getting you ready for garba nights :P and clicking your photos. Always keep that smile on your face, you spread positive vibes. See you soon Sexy Lady ;) :*

...SIMONA ACHARYA

Bio lab did good something for me. It gave me you. I'm glad that I have friend like you who thinks more about others happiness than about her own. I love this quality of yours. And I regret our 2 years which we wasted because of our stupidity. If I get a chance to know you more I'll grab it without a thought. We'll remain in touch with you. Get well Soon Ishita!

...ISHANT Gupta

Yoooo, you've been an amazing friend and a huge part of my college life. Its been some experience watching you transition from a girl who thought she couldn't do anything in life to a girl who aced everything and is now enjoying life the way one is supposed to. Oh, and I'm sure we'll definitely be close in the future, my instinct tells me so coz such friendships never end. Have a wonderful life! :)

From playing beside AH6 for the first time to playing everywhere in the college, it was fun to be with you. You are one of those very few people who come to my mind when i need any kind of suggestion. Its difficult to explain the times we spent during these four years just in words. Always stay the same. I hope you will forget that one over in the last slam xD. All the best bhai :)

I love that I have you in my corner. I love that you keep giving me reality checks. I love that I can dance(jump) with you. I love that we have the same passion for food (enthusiasm counts not quantity :P). I think you are starting to see the pattern here :P I am really really glad I changed my PS station to CEERI and it's not because of its excellent research culture :P You better stay in touch! Infinite love!

...Rujuta Kelkar

We've had a very rollercoasty journey, but I like the point we are at now. You've been my biggest constant throughout. I don't think I can ever hate you now. No matter what, even if you're a bitch! I love you. Lets not give the green flag ever. :**

...AKSHITA MITTAL

From being intimated by you to living with you, we've come a long way. Even with all the chaos in Bangalore, I just remember our banter and never ending laughs. You're truly inspiring, in every aspect. However aloof you may seem, you're a wonderful friend who will genuinely give fucks (if she likes you i.e) and I know I wouldn't ever be disappointed if I come to you for anything. Never forget who taught you how to cook poha. Ily <3

...SOUMYA JETHANI

A person who is extremely different than me but one whom I respect a lot nonetheless. You are one of the most hard working and sincere people I know. I know we have not had many moments but it has been fun having conversations with you. Also sorry if I offended you ever. All the best for your future. Stay in touch

JT. You're smart and hardworking which I respect too much. What you said about me, holds for my view of you too because of that combination of you being determined and hardworking along with being really smart which I have always lacked. Massive respect. Always looked up to you. I know you'll ace stuff. We've had some fun times together. Yes, let's meet for coffee whenever, wherever. Kbye

...ABHIK RAY

BITS = our friendship, I never thought I'd be such good friends with someone so tall who said she'd do laundry with me but didn't, I miss the studying (/frequent naps and food breaks) and the life plans and outfit discussions, and I can't believe you get hailstorms and I'm here, but anyway, that will change soon, and I haven't broken the one-sentence rule yet, but to get to the point, keep being the softie that you are, I'm trying to take the advice you wrote in points on that bag, but haven't been able to ditch the floaters yet, okay, goodnight :P

...Veena Vijai

...KSHITIZ AGARWAL

Hey Buddy, First and second year mein i never thought ki we could become such good friends cuz we were never common in any sequences and never got a chance to bond so well. But I always knew that you are a God level (and i mean it) classical and contemporary dancer. As we started with our third year and moved ahead with our responsibilities i realised how strongly our minds connected and the way we resonated. I respect you and your principles about certain things and the way you have sorted out your future. I am gonna remember all our gossips and how we thought the same way about almost all the people, certain Surat memories, breakdowns, discussions and group fights with other club/dept people. I am glad that third year happened this way and i got to bond with you so strongly. You are an amazing person and I really hope you get the best in your future. MIT ka professor banke dont forget me. Always stay in touch.

It's been 4 years and i still don't understand half of your highly intellectual jokes:p Your level of perfection, your dedication and your simplicity are only a few things out of the many amazing qualities you that make you not just a good but an highly functioning human being. Keep shinning like always. I wish you the best of my wishes. :D

...Mansi Swami

Hey , I can keep going on and on and on but all that I can do in person. TBH there is nothing really that we don't know about each other. Wish you best in life and don't let the love of physics hamper your so called "real love life" ð???ð???.

...Shreya Arya

Where do I begin? KADAMB GUPTA YOU TYPICAL DELHI CHARACTER (hehe)! So many memories on campus together. Long walks around campus with a bunch of random people, or maybe no one else also at times. The TED walks. Night mess chill scenes. Your room chill scenes. Shouting at each other and arguing about anything and everything. Abusing the heck out of each other. North vs South India. Hindi vs Kannada. Dualite vs Single-degree. AH1 vs AH2. Constantly nagging each other for the last 4 years. I'll really miss all of this. You have no idea how happy I felt on the inside when you texted me that day saying that you missed me. Sigh. Can't believe that its all over now. No more JoGW messages, no more taking junior's case in TEDx meetings, no more going on outings with unknown people and finally, no more arriving late to outings :p I'll miss you, TDC. Have fun in life. See you soon, hopefully!

...Suhas S Pai

If I look back at college in future, I'll always remember that I used to crash at your room randomly and just talk about the randomest of things for hours. You are an amazing friend and so good at heart. Your cheerful nature is admirable. Stay the same. Cheers!

You're an amazing human being and you deserve every good thing life throws at you. Oh, and wait here's the biggest compliment of all - You're the only TDC I don't hate. Okay seems I need to do this :P 1st semester in college. Innocent guy , 5 pointer in the fist semester . But then he meets you and you take him to the other side of the world , hand him a khamba saying "Jee le

apni zindagi " . Now that i realize maybe that was actually what was lacking in 1-1 :D . On a serious note , "Tu bro hai bro" . Thanks for always being there . Thanks for being" that guy" for all of us that our moms might have asked to stay away from :P I dont know how often we would meet after this semester but I will always carry the amazing memories we had : from pre compre shenanigans to that PATAK outing to you telling the clueless me before every BIO exam : "Bro chill kar. Mai kara dunga" . Stay happy . Stay blessed . And in any situations like getting a NIMBU for a high af chick in the middle of the night , remember me . I will be there :) #ATAKAforever

You've always been there to share whatever unhealthy shit it is that I'm eating, what more could I have asked for in a friend :P. We've both come a long way since first year and I've certainly learnt so many things from you (both good and bad). You're literally the Krishna to my Arjun bro, you took an introvert under your wing and showed him how to stand up to the big bad world. I hope I never have to miss you bro #ATAKA forever

Kannannnn! When we met for the first time, you vowed that you would bigaado me and you have delivered extremely well on that promise. You're the friend that parents want their kids to stay away from but my life would have been incomplete without you. Whatever fun I've had in college is only and only because of all that you've taught me. Thank you for making me a little bit cooler, I love hanging out with you and talking to you and bitching about everyone. I'm going to miss that the most. I will not miss you pulling my cheeks or ears and all the bullying though. But everything else will be terribly missed. Keep in touch, you. Loads of love! :*

Years in the campus wouldn't have nearly been the same without you. To EC and the legacy, To the Library, To Ambani (Technically this should have been the 2nd yr book i fill with u in it) and To the many enjoyable times that have passed, and many more that will come, Cheers!!! O Captain, My Captain -DEC

...KESHAV SINGHAL

Kapil bhai! Maza aa gaya yaar. Got to know you by the 2nd year in chemical class, the guy who never missed a class and had the most comprehensive notes. We really hit it off from Azeotropy back in 2-2 and there was no looking back since. I love your aggressive, competitive streak, I felt it pushed me more, made me more motivated and determined to do better. We had similar aims back in third year, and I think we were both very successful in achieving our targets. Saath mein revise karna, past papers solve karna, in retrospect, was fun too :P But on a non-academic front, my god, youâ??re a huge cricket fan, khaas kar Indian team ki :P (even on home conditions, jab hum bully karte hain dusron ko). Youâ??re an amazing sports lover, raat ko masti karte hue bhi kaafi dekha hu :P Youâ??ve been an amazing friend, companion and supporter of me. You know very well that I wish you all the very best for every endeavour you take

up, mereko toh pakka malum hai ki you will shine! Take care and lets keep in touch :)

You have taught me a lot of things(much needed) throughout the time i have known you and was always there to correct my sense of self-righteousness on every occasion. I won't lie one bit when I say that when I first met you I thought you were the biggest stoner to have stepped into this campus. I still retain that feeling to some extent, even though you keep denying it. But I feel really lucky I took C Mess during that time in 3-1. Those random conversations with you will stay with me. There are very few people here who have a nice countenance and are genuinely nice as well. You, my friend, lie in this category. Yeah, you can read that again - I praised you. I don't what you are passionate about in life (:P) but whatever it is, go for it and I'm sure you'll come out with flying colours, All the best for the future mate. Until next time ...

I love how you value your relationships :) Do you remember talking to me in between monginis and library in our first year? I was sad about something and you sat near me and consoled me even though you knew little about me at that time. That was so generous and kind of you. And called me at home when we had vacation. Those are all traits which distinguish you from the rest. I used to trust you a lot(whether you kept it or not is another question :P, jk!). Anyway thanks for all the wonderful memories. I really regret the fight we had in the 2nd year. After that our friendship has seen only a positive slope. I'll never forget the time when you're placements were going on. That was the time I realised how important you were to me and how desperate I was to see you get placed. Don't take too much pressure bro, all the hardwork that you've done will not go waste. I really believe in you. You are certainly going to be exceptional. Always by your side. and yeah All the best with Geethu :) Cheers! Stay in touch!

Yo neighbour. Bohat bakchodi ki sath main yaar. Czechoslovakianakia. Thanks for introducing me to good music (Metal). Genius hai be tu bc. EG gawd ^_. Can never forget "Abe steins gate dekh", "chal civ nite" and the random laughing noises from your room, Those mongi trips, crazy long night walks, late night movies and CID sessions were the best man. "vo dekh pawan". KKT, UNO, Poker nights can't be forgotten. Keep living on the edge. Vision 2020 is on. Still PE baaki hai bc. Aur thoda speed main khana khaya kar :p. Good luck bruh.

...Devgeet K Patel

If you are having a bad day, in need for some fun. He'll make sure it gets better with wit second to none. Together we have enjoyed road trips so many, The best organised were by our one and only Kenny.

...CHINTAN BETRABET

Exam frisbee traditions, all kinds of talk (I don't have to say lol) the night before the exam... well, devgeet and chintan mentioned most things. But chintan is wrong about the "organised" outings. You really need to organise better. Aur haan. Khana jaldi khatam kar.

...KULKARNI OMKAR RAVINDRA

Yo paitiam! so many adventures and memories together man! those initial days of basketball, playing cards, watching random videos, going to gym, waiting for that bi-ri-ya-ni, eating till the mess is empty, making weird noises, reaching top speed during road trips, blur \m/, random TT sessions midnight and so much more. Thanks for all the gym tips and motivation during sets, and always saying yes to any new adventure. Really a great time man. All the best for future!

...NISHANT CHANDRASHEKHAR

This guy has got a fantastic sense of humour and even better sense of timing. Sometimes felt so jealous about his chilled out approach to life.

...PATHIKRIT GHOSH

Ayye! Kartik :* It was amazing to see you everyday jumping around (and touching the ceiling) in your exotic shorts. I always saw you with sitting on your chair and watching some anime or just playing Civ. You sometimes used to sleep with your door open and you looked so innocent. I miss our twisted and deep conversations about Dimensional Gods XD. You have an amazingly dark humor and I am a big fan. Although you take a century to finish your meals but I would love to eat out with you. Actually I think you are a pretty mature and balanced person who is going to do great in life. Also keep suggesting me movies, I will love to watch some with you here in Bangalore. Love you bro :*

...ABHIMANYU SINGH SHEKHAWAT

Hey weird wingmate, it was nice to see you unique bakchodis and your memes were a delight. Enjoyed those last time studies for finance exams with you. All the best for the future bro.

...Akshay Kumar

Really great knowing you. Although our routines didn't really match for the most part. You were one of the first people I got to know on campus and being an introvert that really means a lot. From being the first one to wish me on my 'not birthday' to all those night long treasure hunts we never completed and the long and super forced birthday speeches which I still have the videos of by the way we've had some great memories I'll forever cherish. Cheers!

...Shreyas Rajesh

Kenny! You will always be guy I look forward to chill out with:D, you have always been honest, helpful and a good friend to rely on and I truly owe all my fun time to you. Stay green brother!

...ADITYA KAMATH

I admire you easy going and relaxed attitude. You are the only person I have seen dozing off during an exam while sitting on the first bench. I vividly remember when you moon walked into the LT after the class had started and when you complained to the invigilator about your own phone ringing XD. You are a great person to be friends with. Take care :)

...ISHANI GHOSE

You're one of the dankest people I've had the pleasure of knowing. Stay awesome bro :D

...ASHU TAYAL

Is bande ka dimag is too crazy. If you need convincing for something you should in general never be doing, call kenny. I swear it took me 2 minutes of searching "kenny" to then realize yeh testimonial vale chus call you kartik. I wish we had met earlier but there is quite a bit of zindagi left. ZNMD abhi se plan karna shuru kar dete hain cause you know no one else is gonna help us with the planning. Please eat faster, but never lose your funky shorts. And f***ing download wechat.

...SHUBH VACHHER

Hey! I am a fan of your memes and your sense of humour!:)

...ISHITA MALVIYA

Kenny boy! You're easy going and fun to be around. Love the puns and memes (not really :P). Also our TT sessions and horrible movie nights is something that will stick. Thanks for being around all the 4 years of my BITS life. Lets plan a trip sometime.

Hey Teddy! During the first year, your room was the farthest from my room and we didn't interact much. If only I knew ki tu kitna pro hai... You Teddy, are honestly (and I'm not even joking when I say this) the most amazing and the most pro person I know. There are a lot of "Pro-coders" in our college but I really honestly do look up to you for all the things you have developed. Your knowledge is quite versatile. You are a true Jack-Of-All-Trades and I hope that you'll soon be a master of one too. I never thought that I'd end up being such good friends with someone so judgemental in nature (Don't worry, no need to change.) If I'm ever in need of an honest opinion, I know that you are the person I need to go to. Thanks for considering me as a worthy enough friend to let me into your "very private" life. I've had some really great experiences with you. Looking forward to starting a business venture with you. Honorable mention : Teddy's room urf "The Chamber of Secrets" coz no one has ever been in your room...

...Akshay Lavhale

Hello, Single! Ironically, marriage won't change your marital status. :P Hard to express and cover our friendship in a few lines, for we've shared time-tables, EEE classes, summing up to a plethora of memories. Some favorites would be: pastimes with Ajai, Karan, Malak; EEE classes; listening to Punjabi numbers, and many more. Privilege to have found a true friend as you. Hope you settle great in the future. Good luck, Single!! ~ Paaji :) :D

...AMARTYA SHARMA

Hi, Best person I have seen in life.....I have learnt to be "practical in life" from you.....Bas thoda tension kam le.....and follow your passion in life and never ever give up on anything(U know what I mean).....ab to banglore mein bhi hai tu....

...HARSH VARDHAN SINGH

Dont know where to start from. You were among the few people whom I can trust blindly and reach for advice on any topic. Tere woh bakwaas PJs ki ab aadat ho gyi yaar. We were a great team in EC and couldnt imagine to handle all those without my DEC. May our friendship go long and forever. Jaldi milenge. All the best for your future bhai!!

...KAPIL JAYESH DESAI

Bhai tumko toh hum na bhul payenge.... tere kehne par aage career choice kar raha hun....Apne ko milne ko 3 mahine lag gaye the....yaad hai na... Fb pe tera room no. pucha tha.---LOL Best of Luck Bro!!

...JAYESH SABOO

It's been 4 years knowing you, I still detest your PJ's and ironically I'll miss that most. Stay happy man and do stay in touch

...ANISH MUKHERJEE

I will always remember your jokes . You would make jokes out of any topic and I started laughing. Wish you would be in Ch2 from 1st semester itself.I hope that we meet soon.

...SIDDHARTH SOMANI

Bhai, for the last 4 years, I repeatedly told you that your jokes are the lamest but you continued to give all of us headache and each time I want to kick your a**. But now I think it is one of your talents. Good Luck for the future. P.S. Never quit telling jokes. I want everyone else to suffer what we have suffered.

...DIVYANSH GUPTA

Motabhai! 6 saal ho gye tuyhe jelte hue, tere bekaar jokes sunte hue, I know thoda time kam de paata hu ajkal but you are always there to help me out even if i behave like a total ass! thank you bhai, zindagi ka sath h apna toh, kaha hi jaenge akkele! please do not stay in touch, gay nhi hu mein! (tere level ka maara h meine xD)

...MAYANK Anchlia

Tera naam sunke dimaag mein Sherlock Holmes ka ek dialogue yaad aata hai - "It may be that you are not yourself luminous, but that you are a conductor of light. Some people without possessing genius have a remarkable power of stimulating it.". Tere saath 9 saal rehte rehte, itni bakwaas jheli hai ki low day pe bhi boost mil jaata hai. But I think tere kaafi PJs ab bhi baaki hai. Aage bhi aise hi boost karte rehna ;D.
PS : Kabhi kabhi treat de diya kar mote.

...MANAL DAVE

The worst comedian in our daily lives.It's a simple thing, that (un)funny demenanour of yours, people will always tell you your jokes are cancer, but keep it man, It's gold.

...BHANDARKAR MAYANK SURENDRA

So now that you have forced me to write this here we go... The first time I met u was when u all made a mess out of Anish on his birthday. And since then I have admired one big quality of yours (not your jokes) that you are always ready to speak the harsh truth. Aab isse zayada tareef nahi hoghi mujhse. All the best and enjoy your life ahead,

...ESHAN MANDLOI

How can God put such a weird human being on Earth? You set your alarm for 8 am even though you are going to wake up at 11 anyway and you're sharing a room. You still owe me 5000 because you couldn't take your eyes off a Rs. 5 kachori. Stop telling these god awful jokes (or at least you think they are jokes). You are the one person who I can keep calling fat f*** and not feel ashamed at all. I guess I don't have to say good things about you but I'll say a couple just so you don't start crying. For one thing, you do care about friends. Second, you are stupid, but capable of having an honest talk. I shared a room with you for 2 months and everyone who I've ever told this asked, "bhai reh kaise liya tu 2 mahine?" Despite all this, you have an inexplicable charm, which is why you are one of the best friends I've had. Never change.... Okay, change a little maybe...

...NAMAN AGARWAL

Moteee! Kitna hasayega bhai! :p Man PS1 was bad but you guys just made it sooo much better! Bhai Udaipur ki trips is one my best memories colege me and we have you to thank for! Best of Luck bro!

...SHUBHAM KAPOOR

Dear K, I've heard that these guys do not print your testimonial if it's too long. But I've also heard that you and I share a similar weird index, so fcuk them. Weird enough, I don't quite remember a single thing that we started and ended - pen pals, daily reads, or planning on getting drunk together. But it's okay, since not everything starts and ends as intended. I intended to write something longer but I am out of words already. Just like we are out of words when we stumble upon each other in corridors. But I am glad I stumbled upon you. Maybe not too glad that our conversations were limited. What is not limited will be your forever decreasing age. See you when I'm 60 and you're still 16. Luckily, I open at the close.

All those nights we used to randomly turn up at your room for "K meet" and you used to wake up and entertain us even though you were sleeping, the nights we would stay awake playing TT, going for walks, going to Bog, the trips we too... I don't think I'll ever forget all those times. I know you're a really smart person and if you apply yourself, which you will, I see you going places in life. Keep in touch.

You're my heart.

...SHRIYA SRIVASTAVA

Stay weird, stay awesome.

...ROHIT SHEKHAR

I love you, and you know that, but do you know in how many ways you have influenced my state of being? Being with you I realized the true kinda fun is when you don't try, even just sitting and doing nothing can be fun. I've always been inspired by you to think out of the box, but also remember the obvious. Your involvement in a friendship is commendable, it ranges from partying together to being as excited for me as I am when anything good happens to me. In short, I am really glad you thought we could be good friends. I will always haunt you.

...SOUMYA JETHANI

Kratika I hope we end up staying together so that we have merged wardrobes for life! Here is to infinite amounts of fun and memories first year se and to a million more ! :D Keep being cutiebatata

...Rujuta Kelkar

Oh maaaan. You seem mellow af, but you are intense, sometimes I see it in your eyes when you're too excited. It's scary. I am so glad I had you for 1 year more than the others. I will keep in touch with you whether you like it or not.

...JAYATI SINGH

The Kratika experience has been deeply profound and extremely enlightening. One moment she is like that cracker whose fuse just won't catch fire and the next moment she is lit up like a Buddhist protester. This life is too short for you to unleash all your energy. Onto the next.

...Shubham Shastri

You know what I want to know and see! Hopefully someday :P

...AKSHITA MITTAL

Ofcourse I remember our pact. Keep sipping those Cosmopolitans and acing everything you do with your characteristic nonchalance. All the best!

...ROHAN A GAJENDRAGADKAR

I had never imagined that it would be so much fun spending time together before I got to know you properly. I really am fascinated by your interests in books, music and just how you are in life. I miss noticing you wander away with your earphones in the corridors of hostel and library. Though we have partied together often, I look forward to spending quiet pretty evenings on a beach with you :)

...SONI SALONI

Big time loser only you are. Can't believe we're gonna end up together in professional life also haha. Don't forget me if we end up in different cities.

...Suhas S Pai

Hi, Even though i was a third wheel in our walks with you and abhik. I really used to like those. Because of you both, I have gone towards faculty quarters in that second park so many times. I still remember you always being funny and excited. I still find it funny your parents will know me better as you always used my name along with abhik's to be safe :P But truly I enjoyed your company since first year and always will. Lets definitely continue our friendship :)

...NANDAN THAKUR

Can't believe our ice breaker was me asking you about your marks in BITSAT and stuff. We've come a long way since then. I commend your efforts in finding me in Udhampur that day. Cheers!

...GAGNEET SINGH

Someone who shares the same level of awkwardness at events and love for literature. Stay awesome and crazy bro ! I am gonna depend on your company if we get shunted to Hyderabad .

Kratika! You're the sweetest goofball ever. Wish we'd talked more, but that makes our few conversations even more memorable. Stay same and stay in touch.

...UTKARSH SABOO

Kratzipie!! You're really cute and sweet and fun and dramatic and awkward. From all the corridor fun to random life discussions to crying for no reason to laughing by literally rolling on the floor to shifting from a book discussion to love life judgements to making plans to study and meeting later to discuss its failure to so much more, it was amazing having you around. I miss these , let's keep meeting time to time

...PATHIKRIT GHOSH

Omkar, I'm sorry we used to randomly enter your room and bug you, play pranks on you and all. But the shit we did in your room man... all those late night talks during exams where we did almost everything but study, our frisbee tradition, dumb charades, Civ nite, the three of us sleeping on your bed after that movie(it's time the world knows of our sins), were the best memories of my college life. All the walks, road trips, mongi trips...you're such a person to be around(except when you randomly get grumpy). Those songs we recorded were amazing(we should make a band). Best of luck for all your future endeavors.

...Kartik Kenny

Cheers to you, Chomuu! Your patience with your friends' pranks shouldn't be taken to equal your lack of fighting spirit, as I have seen coming out on countless occasions! One of the people who I can actually rely on if I get into a difficult situation. I can speak volumes about your good heart and our many many commonalities!! The timing of this testimonial is testimonial to them :) Saala Omdar, sorry about those bananas :* If you don't keep in touch, dangal hoga.

KK aka Madhur needs no introduction. Rumour has it that he is such a famous soul that even the campus was renamed to match his name when he entered the college in 2014. Moreover, everyone has faced the wrath of your super loud alarms, with me, being your neighbour, in the forefront :P. We ob will keep in touch - just so that I can pounce on the opportunity of grabbing some shares in your successful startup.

...Rohan Goel

One of the most hardworking people in the Economics department. If KK applies for an internship at a company, you can be sure that he's going to get it. Most of the people don't know what his real name is because he has always been affectionately known as KK. Aise hi fodte rehna. PS: Sorry for all the black jokes in the last four years. And don't worry they'll keep coming in the last month as well. :P

...AKSHAY GINODIA

With love.

...KANNAN KAPOOR

Hey Lazy Sloth. Our friendship has been such a roller coaster in our college life that it is hard to look back and see how far we have come. From one-sided crush to best buddies who share literally everything under the sun. I have never seen a self-motivated, consistent, fitness-freak person in my life who apparently, also happens to be a foodie and party person. I still have no idea how you make it work but I really respect you for your discipline and focus. These past few months have been a lot easier because of you and your fun-loving nature, Thanks for putting up with my Zodiac sign obsessions, my short-temper and my mood swings. You have been there for me in my toughest times when I needed a friend the most and my happy times as well to remind me that I deserve it. No matter what came through, you have been a constant support and my "sixth sense" tells me, this will continue. And as per our favourite, Phoebe says "Boyfriends and girlfriends come and go, but THIS is for life". I hope you achieve the best in your life because you deserve it and because I know you are working hard for it. Let's ace life together. And stay in touch OR(need I say more :P) Stay Amazing. Love you #freakoutalert :P

...ADITI MAHESHWARI

...KARTIKEYA KUMAR JAIN

Hey Weiner!!!!!!! I know I don't say it this often but you my friend were THE BEST WAVES CONVENER and it was all thanks to you that I got to enjoy those 3 days. Being your neighbor was really great coz there was no one to nag me (You never came back to the room before 12:30 AM anyway, which with no correlation just fit perfectly with the Girls' In time). Anyways, tera non-tech me faad sa placement to hona hi hai. I am genuinely happy that I got to know you as a friend. All the best for your future endeavors. I know for a fact that you'll achieve great things in life!

...MEHUL KAUSHIK

Sir _/_ Hum dono ki baat-cheet shuru karwane waali sirf ek hi cheez thi- "Waves". Na jaane kitni baar tujhe fest related kosa hoga- room pe aake, coco me, library ke bahar, fk pe etc xD. Glad to have had you as my first neighbour at BITS, whose homely company enlivened our far-flung corner of the campus. Given your Guju genes and proven track record with Waves '17, you're sure to make it big. Happy to have stayed in touch in spite of all the moving around within the campus; bodes well for the future. ;)

...NISSIM GORE-DATAR

Kunaaaaaaaal! Tere bina chemistry kaise katti bro? The 2 years of torturous chemistry labs actually led to our friendship. All your rona about the convener stuff, the gossip about people, the *ahem* allergies, the throwing ice on random people, getting caught by Mainak and the dancing with charcoal bottles. Thank you for all of that. And thank you for the constant "Mumbai aaja bro, party karenge!" "Bahaar chalte hai bro, party karenge". What I admire the most about you is that you're always smiling, no matter what kind of crap is going on in your life, you're always cheerful, happy, joking around. Always stay the same, guju! Keep in touch! Mumbai main party karni hai! Loads of love! :)

...SUMEGHA SINGHANIA

SETHJI! I love how we started addressing each other with this term in the first few days and kept it till the end! haha... From very beginning to very end we have been together, even though I have not been a good friend to you, you are always there to back me up, be it quark , be it projects, or be it PS1, i have never thanked you and i may not even thank you in future, but this day take my heartiest gratitude. :) P.S. thoda kam khaya kar -_-

I may not say that often, but u r a friend on whom we all regularly depend but don't thank enough. So today, u can take these words in writing. PS:Thanks for introducing me to "Friends" especially at a time when I was content with watching "Son Of Abhish". LOL... Take care and stay in touch. Move back to Bangalore ASAP. Hey there, I think you are the most chubby , cheerful person I have met in college. I am still trying to learn how do you make things so simple. Now just dont give me your ususal answer ki "....You know what I was gonna write." Read this in my accent." You are god gifted. Your knowledge of Javascript goes beyond this world, beyond dimensions, beyond future. I think it should be renamed as Mehulscript. " You are good in whatever you want to be and nothing can stop you from achieving whatever you desire. If someone asks me in reality (not on some facebook page) Name a friend who would be successful in future , your name would come to my mind first. Itna cool kaise hai tu? Please mujhe bhi bata na.... Thanks for helping me always. If it was not for you I would have missed my flight that day. Thanks a lot! You are one of my best friends on campus. May you achieve whatever you desire in life.

...S S SASIDHARAN -

Bhai tere jokes....can't forget your one liners..be the same. All the best :)

...GOYAL RICHANG VINOD

P.S. I can't match Atish's testimonial. It's way too true :P Okay so here I start. I haven't even joined campus yet, and I read a Facebook post by this random guy, who aspires to work hard to get a vertical to Computer Science. I thought, well I have competition now. Fast forward 1st week on campus, and my first conversation with this person. "Bhai Chemical to mil jaayegi na?" HAHAHA, seriously the first funny joke I got from this guy. I can't state all his jokes and kaarname, but he is damn too funny. Then came the year when we in the same class to learn Chemistry, which both of us had ZERO interest in. The first semester, cracking all those jokes in classes, and me not able to control my laughter, some of these moments I will never forget. To being this cheerful, naughty guy to being my food partner, random doubt solver, and meme tagger, it was a great time on campus having a friend like you. I pardon you for all those puns you throw on me :P You are a much bigger friend to me than all that. Apart from all this, yeh EPS and Bio Lab top kar chuka hai, Javascript, ReactJS are on tip of his fingers, knows to develop websites (has created a few for professionals), and has even applied for internships in google and Facebook, with confidence ! I seriously hope you will continue being the way you are, and not change. To being one of my best friends on campus, Cheers ! :D

...ATUL SHANBHAG

To the best speaker/debater I know. The creepy looking guy from meerut would be such a great speaker who would have thought. I know tere daat tede hai but you have the most honest smile. The only person who loves food as much as I do, I think we should start a youtube channel and go on a food tasting journey around the world. Wish you all the happiness in life.(pls isme Grammar mistakes mat nikalna ab :p)

...SHUBHAM PRADHAN

The most confident person I know on campus, who takes any criticism with a smile. People say that marks don't matter and to me you are the perfect example of that saying. People don't you take you seriously, but I know how amazing your ideas are (including all those "ponzi" schemes). I know I always say to you, "sudhar jaa", but be the same. P.S. : Soman, if you are reading this, he really is a pro Javascript developer :)

...KARTIKEYA KUMAR JAIN

Once this guy sets his foot into something the dedication and passion that follows is worth admiring. Keep up with that confidence and sense of humour. The best supplier of memes, T.V. shows, awesome stories and Witcher stuff - the quality of whose suggestions were always way beyond expectations.

...Yash Dhing

Memes grow like a weed. You tended yours patiently until its tendrils reached all the way from the shitter in our hostel to the far side of the MuP labs, where you managed to wrap them around something very dank sometimes even borderline dark and overboard. But as a midget pornstar once said "I have to disagree. Death is so normie, yet dead baby memes are full of dankness". We've had Purge nights and we've had random YouTube nights, but I don't know if we've ever been cursed with a vicious idiot Pulp Fiction of a time! While your other friends are making GoT references and I haven't watched it yet, does it still make us homeboys? Of course we are. Just because I pay you with memes for you to stop your

GoT nagging doesn't diminish our friendship.

...ABHINAV TRIPATHI

Mehul, Cheers for tagging me in so many memes, It really makes my day sometimes :P Despite making funny songs on my noobness, tune dil jeet liya hai bro! Your speaking skills, binge watching so many tv series to professional freelancing to investments are ^ Life mein kaafi aa jayega tu....Thanks for the mac experience :P (aur woh song kahi aana nahi chahiye) Stay the same jolly person as you are! Do keep in touch! :)

...HADA MAHESH BHARAT

One of the most chilled out guys I know. Had a lot of fun times with you bro. Can't think of any single instance but whatever memories I have of college, you are a part of most of them. And btw no matter what, my record can't be broken, not by the likes of you. :P

...AVI WADHWA

Kya din the vo jab mai tujhe EPS mei mujhse deliberately aage nikalne deta tha! :) Ye mat soch lena you were better than me! Jab tu shave karta hai toh tu shaved g**a lagta hai ekdum! :D Aur zindagi mei kuchh kiya ho na kiya ho..TV series toh jamke dekhi hai! Respect bro ^_Kitti saari memories hai humaari..Food King pe baithke baate karna, exams k liye group mei padhna, tera mujhe padhana ["bhai, 8-point DFT ni aega" *25% paper is based on 8-point DFT*] dinner pe jaana aur faltu ki baate karna..mere room pe bakchodi karna! Everything will be missed, bro! And, mujhe aaj bhi tujhe CH-6 se CH-2 tak roll karke laana hai cylinder ki tarah! :D xP Freelancing Pro aur Blogging Guru hai tu toh..hume bhi kuchh kuchh sikha diya kar! :P Tune abhi tak bada wala stress release update ni kiya DC pe..I am disappointed! :P I know you'll be successful in life! Toh bass mujhe yaad rakh k thoda thoda rokda idhar bhi pass karna xP Chal all the best! And, hope to see you successful, soon! :D

...SWAPNIL TAPARIA

Hello, ex-neighbour! Don't worry, you've been acquitted of the 'Angrez' charge. Your cheerful presence enlivened all of CH-6 as much as your constant GoT spoiler threats drove me to paranoia. Was great having you around. Good luck and stay chirpy! :)

...NISSIM GORE-DATAR

Hey best friend!! Had lots of fun working with you in DoRAH.I had never seen anyone so funny .All the very best!!! Keep Rocking and stay the same!!

Wckdreviews, tpl, there are starting points that may be blurred with time but that's how it all started, and we were there to witness it. I'll always call you for new tv series and what to watch and what not to.. haha... Keep in touch we must.

...VAKHARIA PUJAN AMAR

Hey Mehul bro.. One of the most cheerful and wittiest guys I have ever come across.. I am a true fan of your status updates and will always be... Imagine what you could achieve if pain never existed. Nandan Thakur is a living example of it. He can endure pain like it never existed. He can win a 21km marathon even if he hasn't slept for two days and not complain about it. He is an inspiration. kaafi tareef ho gayi tumhari. I will never forget our spontaneous plan to Gokarna, even though Manu and you keep irritating me, I can never get angry at you. Mere aakhein bade tumhare samne nahi hota. Tune yeh alsi aurat ko apne neend se jagaya hai. Thank you for always supporting and motivating me, and believing in me. I love your energy and enthusiasm. Now lets plan Rammstein in Germany.

...Shreya Arya

Ladki milne par Bhai ko mat bhul jana

...SANGLE SOURABH SUNIL

I froze for so long before writing something for you, a flash of vivid memories playing in front of my eyes. You made every moment beautiful somehow, every memory is overwhelming. Words are never going to be enough to describe what an awesome person you are! All I can say is that I am glad Swati kaku told my mom that the tip of your thumb was fractured :P .

...PRERNA DAVE

MM Prez, You're one of the kindest person I have met on campus. Teri and Sangle ki jodi best hai toh koi ladki ki wajh se Sangle ka dil mat todna :P and Dance partner, muje bhul mat jaana.

...DODEJA AKANSHA JETHANAND

Dummmyy!! I hope you always remember this reference else will have to meet you and remind you of that :P You are really a nice and genuine person. So what we couldn't have our trip during college, we'll plan one and many more after :P Always be this kind, happy and awesome!

...SAMARIDDHI CHANDAK

Neelak, one of the best thing that happened to me while I was in College. Having a brother like you is a matter of pride. Someone so supportive possessing similar interests (cricket, tech, and _) is almost impossible to find, but as lucky as I am, I found you . Thanks for each and everything. may all your Imagica and Pune wala Balidaan turn fruitful.

...LALIT SHEWANI

bro i can surely say that you are the only guy in our 'CS' branch whom i can call my friend.. we have known each other from the very first year... since that TRW group.. and since then we have made really great memories together.. from fucking up our CDC's to playing cricket to playing patte in last sem.. :D you are one of the nicest and genuine guy i have met.. all the best bro.. and stay in touch..

...ROOPAM VYAS

Do I words to express how lucky I was to get you as PS partner? hell no! you have been an inspiration to me since the very beginning. From constant cribbing about getting friend zoned every time to never say yes to any plans that I make, it was a hell of a beginning(just a beginning) there is a long journey ahead together, hope you remain same, otherwise I'll make you same :P And most importantly, priorities change hoti rehti but bhaiyo ko mat bhula karna :P

...MAYANK Anchlia

Neel.. Workshop Brother..We finally lived the dream we wanted, even if in a humble manner. That journey was not easy, but I still always had your encouragement throughout. Quark se mujhe jo sabse acche log mile, unme tu hai..bhai hai :*. Aur wapas PS2 jitna busy na ho jana ki bhaiyo ke lie time hi na bache :p Go a long way in life bro! All the best :)

...AKASH Deep

Honest, Dedicated, Kind and most of all the playboy in our 'Bhalog'. Bhai teri jitni tareef karun kam hai. One of the very few CS-centric guys that I respect and look up to. The unassuming attitude and the always ready-to-help personality is something that is hard to find these days. Bhai bilkul bhi change mat hona. Aur phodte rehna.

Will definitely meet you to catch up with all those mimicry and shayaris. All the best bro

...HARITWAL YASH MANOJ

Those nights I spent in your room with discussions going from idiotic to S U R R E A L to heart to heart-will always cherish them. Will remember those song nights, and the stupid jokes on stuff like "Garden socializing" which others might not recognize as joke. But most importantly, those 4 years together has given me a friend for a lifetime (hopefully),with whom I can laugh on the silliest of things.

Bro , The respect and affection i carry for you is way beyond these notes written on a piece of paper. You are one of the best personalities i have ever met not just in this college but in my whole life. From sulking over each other's marks in the first year (which somehow we managed to score equally bad in all the subjects :P) to sharing secrets , to coming up with theories like " Bro , insaan ek time pe humesha kisi ek person ko toh hate karta hai " , to me cooking up new stories about you and "you know who' :D everyday to annoy you , we have come a long long way. Kabhi bhi life me koi problem ho , remember me so that i can pick up your call and say :Lite bro! Aaj tak saath me kuch bhi haare hai kya?" :) Love you always bro #JaiVeeru

NIKHIL RAMESH:2014B5A70598G

I just wanted to be the first person to write here. You are such an amazing person one could get as a friend. More than a mallu physics buddy, you were a really nice friend and a wonderful teacher to me. I have wondered many a times how it's possible for a person to be selfless, honest, caring and helping as you are. You were there to pick me up whenever I got lost. Thanks a lot dear. You will be one person I remember whenever I need to trust someone. Stay the way you are. Hope you reach great heights and I hope I'll still be your friend to watch you reach there. I would personally prefer to see you as a teacher though :)

...ARCHA R I

We all Love you (dot) (dot) (dot) Or do we? BTW Jon Snow comes alive in in Season 6

...SIDDARTH SREENI

The nicest person I ever knew in college. Shiksha was fun because of people like you. It was always fun talking and interacting with you. Stay the same, man. The world needs more people like you.

...ROHAN Dutta

Kaisa hai Mera Bhai :P I was nice knowing you and conversing with you in Hindi all the time. All the best for your future bro!!!

...BODHANKAR PRATHAMESH VIJAYRAO

I think if you stop watching that stupid Studio Ghibli, drink more beer, accept that Snape is alive and that Sam > Frodo, I'll take you seriously. But those jokes only we find funny are too good, I guess you're not that lite also. Pity I can't add more to this until we finish the Star wars marathon, so I could trouble you with another plot hole. :)

...Sooraj S Kamath

Someday, I will read up all the P G Wodehouse books. For sure.

...Somya Shubhangi

Nikhilaa. I'll surely miss seeing your face first thing in the morning. (No, not really :P). But I'll miss throwing your slippers around, randomly lying on your bed and discussing shit topics with you. I'll miss using your room as a proxy to show my mom that my room was clean. . You're still the first friend my dad asks about, when I go home."How is Ramesh doing " Physics" " What is Ramesh doing?" "Physics" "What does he plan to do further" "Physics" All the best for "Physics" Hawking. Physics.

...ANCHIT AHUJA

Yes you are the most humble and down to earth person I have ever met on campus. Yes you are always up for discussions regarding any damn topic. But what I most admired about you is your how clearly you understood the concepts while for others (possible me too) it went totally over the head.. Not only that, the clarity with which you explained everything always provided a ray of hope in the gloomy time of many courses! Thanks a lot for that buddy!

...KATHAN KASHIPAREKH

I wouldn't have passed physics without you. 4 years in the corridor would not have been as entertaining as they were, if not for your Hindi. Please don't forget me after your nobel prize

...RIKKIN AMIT MAJANI

...Gokul Dinesh

Resident genius of the corridor. Haven't seen so much wit and sarcasm together with such humility (either a saint or deserving of an oscar) . Great books, chess sessions and some over the top leg pulling. My only regret would be that I couldn't teach you Hindi well. Beating you at FIFA was always fun and since I'm no longer in the corridor you can probably wear that UCLA t-shirt of yours. Be the same awesome guy and I hope we meet sometime soon

But you have been an excellent friend and companion, and I hope our friendship lasts a lifetime. We joined college as friedsns, we graduate as bros.

...SHUBHAN PARAG PATNI

Ni da, nai ode pasangal. We say such random shit and then laugh about it all the time(when one person says 'paityam' and the other person says 'Ni aa?'). It's amazing that I could meet someone so similar to me in terms of music taste and other stuff(Devgeet also). Czeck for life man. We have done so much shit together...the walks, the trips, the songs we have recorded, the late night bakchodi, TT, trips to the NC, gym, CID in Dev's room, Civ Nites, troubling Omkar. I really wish it didn't have to end. We have climbed so much shit togehter, it's ridiculous. Let's try to keep meeting and doing such 'activities' in the future too.

...BODHANKAR PRATHAMESH VIJAYRAO

On the first day of BITS, it was rather relieving to see my neighbour opening a poster of Wenger. Can't imagine how life would have been living next to a United or Chelsea fan. Also, your holding ability is mental, despite your thin frame!

...Sooraj S Kamath

Best midfielder to slither around. Hisssssss.

...Shubham Shastri

Keep ballin 21. GOAT.

Thode solo runs kam lega toh football mein aage jaayega. Thanks for everything and all the best :)

Nishigandha, I'm not sure how I would've survived Finance without you. Wishing you the best and best only! :D <3

...SRAVYA YARLAGADDA .

Hey Nishi! We haven't interacted much, but I find you to be the most beautiful person both from inside and outside. I must agree, I've got a girl crush on you... Hahaha... Jussst kidding....â?œï,?

...GANISHA BHAWSAR

You are really beautiful, the most graceful and polite person on campus. keep smiling :)

...SIMONA ACHARYA

NISSIM GORE-DATAR:2014B1A40939G

It's very rare to find people like you, seriously. You seem to be the exact character Kipling wanted to portray in "If". In the past 4 years, I have learnt a lot from you. Your ability to mingle with anyone under any circumstance is truly inspiring. Your profound knowledge in almost every damn field is equally awe-inspiring. I feel so lucky to have had you as my quiz partner over these years. And we really did have an exceptional run during the fests, especially the QNQs. It's so damn disappointing that we could never be in the same BQL team. But that hardly mattered because you never turn up ;) To the chatter box of the corridor, here's wishing a very bright future ahead. PS: There is no hyphen. Get irked.

...Sanjeev Sripadraj Murthy

One of the most well read person I know. Your gk and english will get you laid I am telling you :p. Jokes apart, it was great doing mechanical engineering together, roaming in Singapore and working at NUS.I will always remember the guy who removed my fear of rollercoasters :p. And don't forget about our

business plan okay? :P P.S. please don't find english faults in this :p

...DESHPANDE CHIRAG ANAND

To the guy who can talk genuinely for large durations. Will always remember the trip planner of almost all the trips in Singapore. All the best for your future and stay in touch.

...Ameya Mangesh Deshpande

Nisssimmm!!! Glad to have met you in Singapore, and thank you for showing the island city. Hope the bitSG continues ahead. Will definitely meet in the US. Good luck for your future ventures! :D

...Dhananjai Sharma

Hey Nissim! Working with you was so much fun. More so, because you are always super enthusiastic about everything. :P You don't seem to need any good wishes since you are obviously acing life. Have fun with all the bio-y stuff.

...Somya Shubhangi

Hello ex neighbour. The first friend on campus and how well. Best of luck for your future life goals

...MALAVIA KUNAL JAYENDRA

You're a smile on a stick. Always stay that. We were obviously the best core. Keep managing all that waste and randomly breaking into Disney music.

...SHRIYA SRIVASTAVA

Nissim you are the most knowledgeable and enthusiastic person I have ever met. I don't know how come you can have a monologue with yourself while others are part of the conversation too but I like ability. Maybe you can some day try working in a play. On a serious note I am glad that I took the effort to get you shifted in AH1. It surely has been one of the best decisions I took at BITS. I am sure that I have made a friend for life. A friend with amazing connections ;) All the best for your future. Jamla tar US madhe nakki bhetu

...ANAND Dugad

Super enthusiastic and super fun. Hope we meet again and often.

...Advait Koparkar

"This visage, no mere veneer of vanity, is a vestige of the vox populi, now vacant, vanished. However, this valorous visitation of a by-gone vexation, stands vivified and has vowed to vanquish these venal and virulent vermin vanguarding vice and vouchsafing the violently vicious and voracious violation of volition." - You are the only person I know who would have understood it during the movie and kept on explaining it while others were begging you to keep quiet! Hey I just crisply described you! On a serious note- You have helped me a lot in many academic and non-academic stuff-My personal Mumbai tour guide! I am hoping that we become successful enough to keep up our deal (you do remember, right?) Au revoir and keep in touch.

...RATHI SHIVAM NARENDRA

Your source of never ending energy will always be a mystery to me. You're a shining light of optimism, an incredible host, and a not-so-bad singer. Don't ever change.

...NIDHI KADKOL

Hey, man! It was really nice working with you in DoJMA. Your enthusiasm and dedication towards your work is something which I admire a lot. Do keep in touch. :)

...AKSHAY GINODIA

All the seafood outings, singing Asambhav title song in the mess â? some really fun memories. Stay fabulous and keep in touch: P

... Vaibhavi Shanbhag

Hey ex-neighbour!!! Just to solidify it in your yearbook, it wasn't me who wrote "Angrej" on your door. Your energy and smile are contagious. So keep smiling and stay happy!!

...MEHUL KAUSHIK

From spontaneous Palolem outings, road trips, new years in mumbai, watching ladybird, star-gazing to singing Africa in the mess, I've enjoyed every moment with you. So I guess putting up with your drama (especially your FOMO) was worth it. You're the most well-informed and active person I know, you're crazy but you sure do know how to have a good time and make others do too. I'll miss taking your side when everyone judges you for your lame comments and jokes. (hight-five) I'll be in touch - I'll call you for any plumbing or gardening work I require and anything else that requires dealing with shit. PS- I love your enthusiasm, but remember too much sunshine makes a desert. Just kidding, love yaa.

...Shreya Arya

I don't think I have a more unexpected friend, but I don't think I'd have it any other way too.

...Parth Madan

You are definitely one of the most intellectual human beings I have come across. You literally could talk about anything under the sun. I enjoyed all our conversations and always envied how easily you could articulate your opinions about any topic that came up. It has been a pleasure to know you and do keep in touch :) All the best and it is obvious that you will make it big in life!

...Varun Nayak

Parth's comment was a bit too soft. I'm surprised there were no asterisks there. And yet here we are, sitting in each other's omnis. Not in that sense. I'll be expecting a PS4 soon, as you should expect a fidget spinner uh..pleasure device. Without our banter, TEDx meetings and all dinner conversations would be extremely boring. It'll be hard for us to not keep in touch. If you know what I mean.

...SAMMIT JAIN

You're by far the most enthusiastic person I've met to date. I find it insane how much energy and enthusiasm you have in you to do new stuff. You made my first month and a half in Singapore really really fun and never a touch boring/far from home. I will always cherish those random swimming plans and those insanely long trails we went on and chatted about literally everything under the sun all the way long. Really lucky to have found a fellow nature admirer for the first month there at least. All the best for the years to come and I look forward to a BITSSG meet up in US someday.

...Shreyas Rajesh

From deceiving us with your "Gentleman" impression to becoming core member of the "Powerpuff" gang, you worked your way to becoming one of the most important people of my college life! I can't wait to finding you a chokri in California! And someday saving your kids from your matching pajma-suit vacations and early morning disney song tap dancing wake up routines!

...URVASHI JAIN

Nisssssim! I am going to miss all the bio times with you and urvashi! You are an amazing person and your hardwork and dedication really inspires me! All the best for Caltech. Keep in touch :)

....JOISHER HEER VIPUL

Thanks for taking the efforts to know me !

...ADITYA KAMATH

Have fun in Caltech. I hope you try to impress an Indian ladki with your terrible puns and fail miserably, coz then you'll really understand the agony J and I have had to deal with for over three years. I'm glad that you're not bugging me in my room any more (woohoo) and I'm glad that Jayanth has decided to be very far away from you as well xD Stop cribbing about acads and ladki, you'll get sorted in life. Chill and don't forget to breathe. See you around, N.

...Suhas S Pai

There is never going to be a time when I am going to explode and beat you to a pulp. You are the most unexpected friend. And as always there is no problem Nissim, chill. Inner Peace. Let It Go. Get Famous!

...Uday Adiga

It has been a pleasure knowing you and having you as a friend Nissim. Thanks for your help in the most difficult times in first year. Your enthusiasm, Inspiring oration and humbleness is something I'll always remember. All the best and cheers!

...WALWADKAR SHARDUL SHARADRAO

Love your keen interest in trying out unusual and exotic food (bird saliva, giraffe hooves, armadillo meat). Your conversations about poop were disgusting but also entertaining, mainly because of the reactions it get out of people. I admire the passion and dedication with which you lead LDC and Dojma. It was a lot of fun to hang out with you on campus. Best of luck for the future and stay in touch :D

...ISHANI GHOSE

You have been one of my closest friends on campus. I will always remember our long long really long discussions, where you did most of the talking. :p. I have never seen a more enthusiastic person, always willing to explore new dishes, try new adventures and explore new places. Thank you for your Kayaking lessons. It was always fun to have you around. Wish you all the best in your life, stay blessed and stay in touch.

...Akshay Sancheti

Nissim / Niss / NGD - You've been quite the friend haven't you? I'm amazed at how much I've put up with you, your weird eccentricities, your physical abuse and your persistent, nagging nature. I'm actually happy I did too. You pursue everything that you like, and I really appreciate that. Your love for the research of wastewater treatment, running marathons, doing all that LDC stuff, simply because your believe in them is awesome. If there was one thing that I have learnt from you, it is how unaffected you are by what anybody think of what you do. This is probably the first time (second time actually, since you DELETED my first post) that I'm complimenting you so much :P, it's a one-off thing, but I do mean it. You've really worked hard for your research and am convinced you will absolutely nail all your future endeavors, just like you did with your GRE and your thesis. Do hit me up whenever you want to, I'm always here to reply to your annoying messages on Whatsapp. Take care Niss!

...Velidanda Srinivasa Tanmay

Inspite of you constantly pulling my leg since CH6, I still don't know why I'd take you're side :-p You're

cheerful smile and break into song attitude made others believe your in a Disney movie. Their have times wear I've learnt so much from you weather it be in bio or jam in bio or you're eloquent speaking skills. All the best for you're thesis and the future!!! P.S. have fun with the grammatical errors!.

...FERNANDES GLENN JACOB DENSTON

BITS Goa doesn't deserve a man of your talents. That's all I have to say about you.

Mojo, Your first impression was the best impression I have of you, but I am really happy that you changed the impression of yours to a cracked one and that we are such great friends. It would've been impossible to survive college without our mojo with his fancy ways, the colourful umbrella, your ability to sing Disney songs anytime and everywhere.I also got the best possible tour of Mumbai, thanks to youYou are my happy buddy in college and stay in touch even when you become like Mr.Tharoor Ishani has something to tell you which we'll tell you 10 years later :p Powepuff forever <3

...SUNEHA BAGRI

Going to miss you alot. Thank you for all the help Nissim. Definitely going to be in touch.

...SARTHAK SINGH

To the coolest chief-ed and the best (or the loudest :P) whistler in town! It was so much fun working with you. Thanks for all the amazing conversations, for teaching me how to give fire to juniors (:P), and oh yes, for that Ice n Spice treat! PS: I do hope you remember our "popping" party plans! XD

Yaar abhi iske liye bhi likhna padega kya? Kya likhuun, I barely know this guy. I bumped into him a couple times in college, he seemed alright. Except for this one time when he yawned on my face when I asked him if I could borrow a pen. His hair looks fucking cool tho. Sadly, I didn't get to interact much with you as I am shy and introverted person. Hahaha bc, tere bina kya college rehta bro??! I love you so much ya. I'm sooo lucky to have gotten to know such a genuine and caring guy. I have too much fun writing all our episodes and also my best moment was writing Oh My My (Trending on iTunes now xD). I have talked to you about sab kuch in life and I feel comforted by the fact that you have always got my back. I hope to see how your room looks like from the inside some day. I can't count the number of times that we passed out after drinking together. Aeee pura tatti bola xD Pune mein itna mazza aaya tha yaar. Tera sense of humour bahut masst hai re and it never ceases to amaze me (And also presense of mind that is @Ashu can confirm xD). You are a constant source of inspiration for me and apart from being really godlike you are such a good human being. #42 #Triggeres #Scrotum Lake #wololo

...SANGOL TEJAS

Chogba! You are one of the most amazing people in the history of BITS. Jo bhi kia tune, usko phoda hai. People think ki Pro level max reach kar lia hai tune, and you surpass that in moments! But ek regret rahega yaar, Reading course nai dilwa paya tu :P

There is so much I learnt from you, really can't thank you enough for making me a better person. I look up to you in all aspects of life. LITERALLY, the best all rounder - great puns, awesome singer, the most graceful badminton player, a soon to be Johann Sebastian Bach, boy's got moves like Jagger and a place in Chelsea's line-up. Oh! I missed a ton of other talents. Keep in touch otherwise you will lose your great taste in music. Shine On You Crazy Diamond. Wish You Were Here. PS: Visit home whenever you come to town, Invitation is always open. Stop Ditching me on every occasion. You won't be disappointed in our second scooty/bullet trip. Pabba, CH2 ka starboy. Bhai tu kitna amazing h, tere "perseverance" (mere ko b english aati h), ki wajah se hum project kr paye, (waise humne zyda kuch nhi kia tha :D). Raju teri tareef mai Che Rag likh doon. Wasnt until DSA TA time that I saw the funny side of this academic and sporting overachiever. Your incredible wit and humour is juxtaposed (Sorry, I just had to use it :p and hope I used it correctly) to your nerdy public image. Soon to be one of the richest undergrad engineer in India, you've always shown how to handle success without letting it get to your head, you surely live by the song you had the most killer dance moves to, "Bitch be Humble"!

...CHINTAN BETRABET

pabba most talented aadmi, bhai tere pe to essay likh sakta hun pura. so humble, hardworking and helpful. ur dedication and regularity in doing anything be it studies, badminton or gym is the epitome. i still remember exam k ek raat pehle gaand fati mein doubt leke aata tha and tu door pe khade khade easily solve karta tha. pure college mein u are the only person who inspire me the most and kaafi proud feel hoga khudpe agar tere jaisa 10% bhi bann pau to. and tera speech <3, one of the best i ever heard pura ted talk level ka tha. bhai itne pronest ka raaz kya hai mein nahi samjh paya i hope tu ek din batayega. unfortunatly koi projects to aap jaise bhagwaan k sath nahi kar paya bus 1st year mein workshop report saath mein complete karne ka hi saubhagya mila. bhai banglore mein milte rehna and aise hi phodte rehna.

The unintended consequences of your actions always enlightened me. You were my fun neighbour. Ab bas note chapna shuru karde

Bhai, I am going to miss these years, one of the reasons is you. Thank you for existing and making these years more fun. I love joking around with you all the time especially when Hallu is around. You are one of the most tolerant people I've ever met. Saare trips tere sath worth it the bey. I am going to miss you bad bro. Love you. :* I wish you nothing but the best. Palash Goel- the gareeb boy born in a raees family. Will not be surprised to see you 30 years later wearing those same chappals Always the source of failed outing plans- "HEY hey Bogmaalo chalna Hai" . Those late night deep political discussions in your room will always be memorable. Thanks for tolerating all the lame jokes:)

...NIKHIL NAIR

You were my first friend in the AH1 hostel at a time when I had no friends in the hostel. Though you have always been pessimistic about your own life, you have always been the most optimistic person when it comes to the lives of your friends. You are by far the most selfless person I have known in my life.

...DIVYAM MALAY SHAH

Palas-one of the most chilled guy i met at BITS. You are good at heart and wish you the very best in everything you do in life. Kabhi paise chahiye hai to bolna mai dusro se jugaad kara dunga!

It was great to know you and your perspectives man! Your dedication towards exam prep was godlike man. And that trolley vacating month :) stay happy bro!

...VARUN PRASAD

The first time I saw you I thought of you as a random TDC. But you turned out to be quite the opposite. Your nature of taking everyone along to mess, trips, vasco, madgaon, bogmalo, foodking,nc etc etc is what brought an introvert like me out of my room and made my college life fun! I owe my every college trip to you. The most tolerable guy I have met in my life toh tu hai hai, par one of the most understanding, supportive and helpful person bhi hai. It was fun to have discussions and debates with an extremist (and a wannabe realist) like you. You have been an integral part of my college life and my placements. Tere se save kaise karna hai woh toh seekh liya, I hope kuch months baad invest kaise karna hai woh bhi seekh jaye! All d best dude and keep in touch.

Dear Mr President of 180DC BITS-Goa. This is a note of appreciation from your CD. Our club's success could never have been the same if you were not there. Your vision and guidance will truly be remembered by us :pBut seriously if anyone is capable enough to be a MBB consultant it is you bro. Glad I know you and work with you even if it was towards the end of our BITS life. I know you will have a bright future, all the best :D

...MADHUR GARG

Life is an optimisation problem where the objective is to maximise your success subject to several constraints.

...MANU SARASWAT

el Capitan. Thank you for worrying about everything so much that the induced worry makes us do more. Sometimes, don't look before leaping. Life is all about that.

...Shubham Shastri

What started with two Butter Cheese Vadas cannot quite be explained here. We were destined to be here - sharing birthdays. Hope to always find you in some corner of the world dancing to a DJ. Football on campus has been fun largely thanks to you. BMD Sir still thinks I'm a part of the FC. I probably am - the 12th man, a true fan. Here's to more chairs to be broken, to more cardboards to be cut, and to less time with Escorts.

...SAMMIT JAIN

I wish main bhi English k bade words jarurat na hone par bhi use kar pata! College k baad bhi milte rehna. Tu baad me kabhi milne nahi aayega ispe Dhanu aur meri bet lagi hai! (Tu milne aayega is favor me main hu)

...ABHIJEET RAKDE

Bhai, It was a pleasure, and a great learning experience to work with you. ...Mohit Sharma

Staying back after that one bio class to talk about our previous college experiences was the start of one of the best friendships I've had. I'll miss having someone around who understands my thoughts on education, who has such clear views about life goals, who has some really good movie suggestions (I'll never forget Subh mangal saavdhan) and who loves nissim more than anyone on campus but won't admit it! And to answer one of your questions..."What is the sweetest thing someone has done for you on campus?", thank you for being the secret wingman! And I'm waiting for you to take me around Delhi in your Dilli-waali element!

...URVASHI JAIN

Gabru :P I miss our deep conversations at CCD, dancing on Punjabi songs and Foodking trips. Dance workshop buddy! All the chilling during fests, struggle for FinMan notes :P.. some great memories. I hope to always surprise you with my football knowledge.

Hari Om, Captain. Thank you for inhaling fumes of that champagne with us at Fishka. It says a lot. Aur manega nahi tu shayad, but you are closest to the Aadharsh Balak we talked in our 1-2. And I think I should lend you some money to make sure we remain in touch for long :D

...CHAND SETHI

It was a privilege to have been a part of a team led by you with such a wonderful campaign and season. The most passionate about football ever, radiating with energy on the ball and one of the most sensible people I've known on campus, Stay in touch, captain :)

...Suhas S Pai

Are Kitna tension leta hai bhai, Fir bhi compre ki beech main Liverpool ka match dekh raha hoga. Tere wajah se exam par hue hai bhai, jitne karam humne aap pe kiya, utne hi aapne bhi kiya hain. Itni CG ki calculation, itni outing ki BT, ek akela sober veggie partner, aur kitne dance floor pe akela consistent dancer, Maze aaye bhai aur kya chahiye. I would bet on you to make it large.

...Uday Adiga

Aspiring to be sidekicks of inspiring leaders, I think you've turned out to be the man you wanted to be a sidekick to. Ek baar toh project mein A laa kr hi rahenge

...YASH PANDYA

'You can take the TCD out of Delhi, but never the Delhi out of the TDC.' Nonetheless, we did manage a conversation or two, and I've shared too much to jettison you. Looks like we're going to have to keep in touch, however much I dislike it. Urgh.

Bas VMC ka naam aana chahiye, bonding toh apne aap ho jati hai. Thanks for motivating me everytime we met by making me remember about the Farewell video. I'm always going to remember your EPS self Intro speech. Aise hi aur faad faad speeches dete rahna future mein!

Fir Munnar hua, and we all became much closer friends. There's not a single day where we dont laugh because (sometimes at) of you, through Gajju and Shanu taking your case. I know deep down you enjoy it too! To all the times you try to get us to leave your room, to your marathon wala phase. I sincerely do hope you get a bandi of your dreams, ab tak ka suffering (in this aspect) should hopefully come to fruition! ...SWATI SHIKHA .

PATEL PRIYANKA SUNIL:2014A7PS0016G

It's said that being a neighbour helps to have a strong bond. But not being even corridor mate couldn't keep our bond from getting stronger. We are just two very different people who have seen each other in our best and the worst times and been there for each other. You are my go-to person for motivation and you inspire me to work harder every day. I cannot express in words how much I missed you in college. Your quirks, extremely small problems which I felt awesome after solving (:P) your rants about the noise in the corridor, and of course, the most I miss is turning up to each other's rooms whenever we felt low. Your presence is enough to calm me down. You are the most focused person I have ever met and I hope you get all that you aspire to in life. Stay the same, cute and hot and weird (that's the one thing we have in common :P Oh wait! There is one more. I LOVE YOU :D) Try to take time out of your busy life for me. My bestest friend ever. Love you. Always tehre for you. Muahhhhhh!!

PATHIKRIT GHOSH:2014A7PS0105G

Pati bro. You were the first person I spoke to in this college and although we didn't speak a lot in the beginning, atleast we started hanging out in the end. It was so fun to see some of the crazy shit you did. The crazy dance you did during the Manipal trip comes to mind. You were a lot of help during exam

time because of the sheer amount of knowledge you had and I'm sure you're going to go on and do something great in life. Take care.

...Kartik Kenny

People really change over three years. From being on one side of the door asking the music to be turned down to being on the other side dancing to it, I guess somewhere between shut up and shata, college went by. From FIFA squads, prob stats, badminton, squash tips and Manipal, I have plenty of good memories with you. The most dedicated student, yet humble enough to handle success. I just feel sometimes you underestimate yourself so I want to let you know that it is no fluke that you managed to crack Directi and get a thesis abroad so have faith in yourself, because you are much better than you give yourself credit for.

...CHINTAN BETRABET

Yo pathi... Had crazy "shatta" time last sem, dumb charads, cards and those dance moves. All the best man.

Fact: Minimum time to solve a Rubik's cube by a human is 5.25 s. I don't think one can solve you even in

You're disciplined, hard-working and focused to get what you want. You'll do great in life Just be confident about it and you'll enjoy your life even more. Good Luck. ...KATYAYAN AANAND

Hey Pi :P I know that there were times when we said all the mean things about each other but do you remember how quickly we used to come back together. Maybe it is because you are a great person and above that a lovely friend. Bangalore is very nice but I seriously miss all the late night talks we had about your " to be girlfriends " and numerous other stuff. You never gave up be it on anything and trust me you are the fool who will one day do the impossible. I loved the idea of " Je'kins" and maybe that was the time we came very much closer. I can't forget how many times I took you for just eating Pasta with me. You were my endless supply of oreganos and thanks for trusting me with all your stuff. All the best for everything in your life, may you grow huge muscles and get all the amazing ladies out there. -- Someone who loved your annoying music playlist and the person playing it.

...ABHIMANYU SINGH SHEKHAWAT

Jitni fights meri tere saath hui hai utni baaki sab se mila ke nhi hoti, but last mai koi bhi reason ho lekin suleh ho hi jati hai (pta nhi kyun). At the end no matter what we say to each other, ek baat to hai ki tu banda itna bura bhi nhi hai, so keep in

Piyush bhaiii. If there was one person who has given me a different perspective on life in college it has to be you. If there is one person who has changed his personality as a chameleon every semester, it is you. Seeing you get out of your comfort zone and experiment has really really motivated everyone around. Will miss the late night discussions, the life crisis calls during holidays and the computer science wali bandi ke problems :P Keep up the Gurgaon swag and play Punjabi songs forever ! All the best! I hope there is a time in life when i get to put this up on Quora.

Probbie You are truly the best. All the best with your fake accent and lets hope those card tricks do their magic someday :P

...NANDAN THAKUR

Proddy oyeeeeee!! You've been a great friend for years now. I can't imagine my college life without you. Countless hours spent in 107 and 109. You're an amazing person at heart and have always helped me whenever I needed, sometimes even when I didn't ask for it. I really treasure our friendship and I hope it stays the same always. There are some people who are always there for you, but they are very rare and hard to find. I am extremely lucky that such a person found me instead. Tu jitni phi bakwaas Kare and Liverpool ka Mazak udaye, I know you will be there if I ever need your help. Tujhe meri har baat daat lagti hai but Kya kare, thats the way I am, bura mat mana. Keep up your efforts and one day, if squash ever becomes an olympic sport, you will bring a medal for the country (just kidding, tu to mere Jainam se hi haar jata hai :p). But bangladesh ab bachha nahi raha wala attitude bana ke rakhna and ek din tum zaroor jeetoge. Jainam ne already Channa Mereya Bol did so I won't repeat that. The eternal brother to everyone (especially girls), keep smiling (even though ACE mai karma nahi aya but it will help you ace life).

...CHINTAN BETRABET

"Pyar mein junoon hai par dosti mein sukoon hai": Bro I am a person who is the always on top when it comes to roast and I am not going to stop anytime soon :P You always have this positive attitude towards life, playing squash and reading good books, it is truly inspirational. And I just want all the good things in life for you (Grapes are good too :P). Also you kicked our asses in AOE-II, but I am gonna train :(. I want to see a lot more movies, swim a lot more miles, talk for hours with you and I will do them in my days to come. Just stay the same, no matter how much people try to color your thoughts. ...DIVYANK JAIN

Dost toh sabko milte hain. Acche dost bhi sabko milte hain. Par aisa sundar, susheel, sanskaari... On a serious note, I do not know anyone else with whom I was able to share my emotions like I did with you. I remember our conversations from the B Dome grounds in first year to library steps at 4 AM - every time you were objective and kind, even if not in agreement. You've often been my mirror in times of need. In return, I saw you go from a sanskaari kid to a total bakchod in a span of two years. Wo black bikini wali jaisi mili koi abhi tak? I dont think having a brother would have been much different. I'll consider myself terribly lucky if I ever find another person like you. We need more all night long walks man. :)

...ADARSH

Legit one of the sweetest guys I know. It's always a great joy to talk to you and my mood invariably lightens up after talking to you. Also, thanks for scolding you would give every time I started to crib. Happy to say I've gotten rid of that habit. Stay in touch :)

I love fighting with you, insulting you. I don't know what would happen if we didn't argue.. Thank you CB for always helping and in return I will always translate lyrics of Hindi songs for you. Chennai mein sabse acchi Hindi ab tere ko hi aati hai. CB tu udega, daudega, girega.. bus rukega nahi.

...HARSHIT KUMAR SINHA

Hey CB, mere chennai ke darpok :P. Jitna sir tune mera khaya hai na, kissi ne nhi khaya saari umaar. Har hafte, tujhe kahin bahar khaane jaana hota hai. Aur jab bhi hum logon ko jaana hoga, tera bas ek hi jawab: Lite lenge.... But jo mazza teri insult krne main aata hai, kissi aur ke saath nhi aata. Ab toh Punjabi gaane bhi sun ne laga hai tu. Lekin koi fayda nhi, tere se koi bhi Punjabian nhi patni ;P. But sach mai, the cherishable time that we three have spent will always be the most beautiful moments of my life, which I'll never forget. I'll miss you so muchhhh..... Thanks for always being at my support, no matter how useless was that. And as Sinha said, CB tu udega, daudega, girega, bus rukega nhi. LUVVV so much.

...KUSHAGR ARORA

CB, Always the PRO at maths. Your dedication for Maths is unparalleled. A hard worker and a person whom you could always go to for any help. I hope you know but I am really sorry for that incident.

Thank you for organizing all the memorable BBQ trips, specially after all the efforts you put in to pull our group out of their beds. The bike trip we had was very memorable. It's sometimes fun to scare you! :P. Wish you great joy and success in all your future endeavours!

PRERNA DAVE:2014A8PS0407G

A person with clean, pure and innocent heart. All thanks for always being there for me whenever I want to argue, debate, vent out, and every other burst of emotion. There are only a few people around me who get in my very small inner circle. You are one of them. Whatever comes in our way, we will stay the same. Thanks for all the memories we created together on this campus. Stay happy , stay same and you will rock the world!

...NEEL Renavikar

You're a gem in today's world. I have not met anyone like you, to take on every aspect of life with so much courage and enthusiasm. We met in TYSF, and it sky rocketed from there. From poop jokes to most serious aspect of life, we have discussed it all. Not just that, I really look forward to discussing things with you and knowing your view on it. You're an amazing person, Preerna. I have not seen many people working so passionately like you. We made TYSF possible, and for that, you'll always be an extremely special person in my life, as it was something really close to my heart. Spending time with you is always fun, always. What I love a lot about our friendship is the mutual understanding and the respect we have for each other, as it's extremely rare in today's world. Keep working hard, like you've always done. Keep up your spirits, and help me keep mine, whenever I will feel down. :P Keep up the same level of enthusiasm that you've always carried with whatever you do. With all this, with all your core abilities, you'll go a long way in life. And, one thing I know for sure is that down the line, we'll work together again, in making this world a better place to live. :)

...SIDDHANT RATHORE .

Hey partner, keep irritating the fuck out of me like in labs ð???

...Shashwat Gupta

Yeh ladki bas dikhne mein cute aur innocent lagti hai. Isse zara bachke hi rehna. One of the most harami, cheerful, ever enthusiastic, hardworking and caring people on campus. Nirmaan would have been so boring without you, bro. I still remember how you had called me up during JoGW to motivate me just because you thought I was low, when I wasn't. That for me was one of the first glances at how pure your heart is. You were always there during all the tiring days of Nirmaan to cheer things up and make them easier. You are one hell of an organiser, and have proved it through JoGW. It was fun being friends with you Prerna and I hope we keep up the gossip in the days to come.

...SAKSHI SHARMA

It's been almost 6 years that we know each other. You are a unique creature. With that beautiful voice and that beautiful smile you always bring a different colour to anything you do and anywhere you are. Keep this spirit always wherever you go and how much ever adulterated the world around you is. And keep that principle of spending on things you love rather than things you can show off always with you. I have learnt a lot of things from you and your opinions. You are an important part of the best memories of my college life, JOGW. Your passion to do something good was my motivation factor every single time I was unsure about the work. From there it has been an amazing friendship. Thank you for sharing your things with that open heart. I would love to see that painting and many more in your collection soon.

...SHRIYA GUNE

Hello Preerna Dave! How are you doing? By the time you read this to your kids, we would have already developed our DeepDave framework. And I predict ki hamara project me grade B or above hogya..we'll find this out soon enough :p One of the sweetest, most genuine people on campus. Quark gave me good friends..family-grade friends, and you are among them :) After I finish this, lets complete out project once and for all..kafi dino se procrastinate kar rahe :p

...AKASH Deep

Someone so pure at heart, always wishing the best for others. I still remember our first year nettech days, and I can tell you how amused I was with your scintillating confidence. I am sure I had pissed you off with my ignorance and a too high attitude during those days, but I am happy things eventually settled between us! Keep that spirit and the world shall come to you :) Stay in touch, will you?

...YASH MEHTA

You're one of the most smart, cheerful, tolerant and pro people I have known. We shall keep in touch :)

...Rohan Goel

Priyank! It's a shame how we weren't introduced in the first two years at college. I'll always remember our late night conversations in the NC. You'll always be my running partner, my wing man, and my best friend. Let's meet up over the weekend? "In my opinion", it's gonna be pretty dynamic! PS- No jawline, no opinion. xD

...ASHU TAYAL

Arey Lodhe! Be the bubbly and cheerful self that you always are. Aur Shaadi pe zaroorat bulana ;)

...Sanjeev Sripadraj Murthy

I hope you liked the clothes we gave you on your birthday. Amazon pay pe balance add karte rehna hamare. Aise hi hilte rehna, hilate rehna. Gentlemen ko mat bhulna. Aur bhi road trips karte hai aur swimming bhi.

...SHAH JAINAM AMISH

Lodhe, sahi banda hai bhai tu. Very smart and fun, Insta pe thoda time kam spend kar.

...Kartik Kenny

I still have that photo of yours in my phone book in which you are wearing that Grey Polo and sitting on your chair, trying to pose and stuff. You are simply the first friend I made in the college and whose room number I clearly remember. We have shared a lot of things straight from the coding sprints to just randomly walking into Pawa's room and fixing his love life. You are a lazy ass but still it is always fun to work with you in all the class projects. I sometimes feel jealous of your corridor people and CEERI people, I had to share you with them :(. I adore you for your unmatched simplicity and clear thoughts. You accept who you are and are proud of yourself, this quality makes you unique. Also you had debugged my C++ code a lot, for me Priyank >> GDB. It was a bliss to have you around and as a friend you are one of my finest (even though I roast you left right and centre, I love you :*). I hope you find your daal and "Baati" soon and always keep smiling and pressing those keys :P ---- Form someone who didn't say how much he loved you often.

...ABHIMANYU SINGH SHEKHAWAT

I think programmers will one day create a new programming paradigm in your honor and call it "Dynamic Programming". Oh wait, that already exists, no problem it can be overloaded :P. The most dedicated coder I know, so much so I am sure your wife will be insecure about the your true love in life. The hero of every DSA problem, Priyank solved many challenging problems for the railways but created many more for our poor juniors and especially DAF. A simple,honest guy and hardcore Rajasthani in search of beendni. OS labs nights would have been a lot shorter and boring if you me and Shekhawat

didn't take long bakchodi breaks taking his case on different matters. Bangalore may aate rahenge tumhare haveli and milte rahenge!

...CHINTAN BETRABET

Yo bro tera naam bhi nhi le sakte idhar to :P. College se bahar jane k baad chaddi aur baniyan m mat ghumna bas.

...Akshay Kumar

You are the stuff evil villains in movies are made of! Kaala hai, ganja ho raha hai, kaafi smart hai, tharki hai, aankhon mein hawas hai, naam bhi ajeeb sa hai. I only wish main pehle milta tujhse. Kaafi honest banda hai tu. Kaafi dedication to actually do things. Zindagi mein kaafi kuch ukhaadega kabhi toh. Jitni bakchodi maine tere saath ki hai last dedh saal mein utni pehle kabhi nahi ki thi. Exams, interview prep, placement prep, jacinto runs, outings, party - sab mein tere bina aadha maza bhi na aata. Tu dikhta kitna hi villain ho, dil se ekdum hero hai bro! :*

...ADARSH

Lodha...thank god CEERI happened....it has been great knowing you! All the best and stay in touch :)

...Rohan Goel

From Beeeeer, YUBER, and other things. Prudhvi has always been the silent observant. The Real Thalaiva neighbour has always helped me quench my thirst and has rather not so fortunate birthday clashing with Ashkandh Prasad. Prudhvi is always soft spoken (Until He starts drinking Old Monk neat) and romances in his imaginative world with SG :P He likes F1 so much that he wont let anyone change the channel and will always work at the same slowwww space no matter if there is any urgency or not. I really miss your company from PS2. Hoping you'll shift to Bangalore soon and we could become roommates once again :D

...MANU SARASWAT

Pullu! Being one of the most gifted people, there is just so much that one can learn from you. I have seen you working so hard for everything, striving for perfection, and keeping an eye for every minute details. It's with all your help that I have probably braved the CS courses in college. Pardes jaake bhul mat jana :(

And baaki milte to rahenge hi. :*

...AKSHAY GINODIA

Pullu ke bare mai kya kahein jo nhi kha gya hai, he is an overachiever, gifted child of god, passionate, future billionaire and what not. But apart from all this pull-shit :p he is also an awesome friend, kind soul, humble, joyful and whatever good thing you would want in a person. Bas ab abs bnana reh gya hai (please ab ye mat karna bahut jada ho jayega). And incase any BITSians ever wondered what is that quote written on every table in campus "KK fly off", ye sab isi ka kara dhara hai !! All the best for future motu :D

Puneet you lazy moron!! Always crying about how your sem is screwed up until you get a better SG than me. I have known you since 1st sem Workshop until I finally convinced you to be a part of my corridor. I have irritated you the most in my last sem but I really had fun in those honest conversations that we've had. Waiting for the time when you take the initiative and hit me up with a plan for a trip. XD I still remember that khap squad wala scene

R HARIKRISHNAN UNNITHAN:2014A3PS0181G

This guy is one of its kind ! On one side, he seems an insensitive and emotionless human being(:P), but on the other side, he is so damn helping. A guy driven absolutely by 100% logic and 0% emotion which also makes him a great leader. With his pretty good humour sense, a great English accent(which even Prof Nilak Datta has admired) and his ability to scientifically analyse work, he easily attract people to him. Our PS instructor was a huge fan of him. Anyway, Hari, keep in touch :) I hope you achieve that rich successful life you aspire for :) Did you know that first yearites consider you as their god?

...ARCHA R I

Your voice still continues to haunt meâ?| â??You fuckheadâ?|â?? Its been a privilege working with you. Though I donâ??t have the slightest regard for your waysâ?| but I have to agree that they have stood the test of time. And Cheers to the time spent togetherâ?| though I have let you down all the whileâ?| But I canâ??t deny I have enjoyed it thoroughly. I mean there is a certain pleasure in going against you. And if I ever get an opportunity to work with you again, I am definitely going to purchase another macbook.

Though we haven't spent much time together, I'm pretty sure you'll be among a game-changer. Wish you all the best in your endeavors man. Stay in touch. Cheers!

...Aravind Bolisetty

Hari! Long time bro! I thought you are a silent guy when I met you in Controls. Little did I know back then that with his logical approach, and clear mindset, this dude would one day turn the tides of that coco meeting. From that day since, he has been unstoppable at BITS confession page too. NVIDIA workshop could not have happened without you..coz I would have never understood the requirements that guy was putting forth. You have a very bright future bro! Excel wherever you go like you always do :) And keep in touch..

Rathi God. Sab kuch phodne wala banda!!! Abhi MB(A)BS karke papa ka business bhi sambhalega.

...Sanjeev Sripadraj Murthy

Well I think starting this messaging spree with you would be perfect as you are the first friend I made at BITS. (There was another person with us if you remember, but that friendship was extremely short lived). I think our differences clearly outweigh our similarities by at least a factor of 10. But is it always the similarity in thought that results in a strong bonding? No. It is how we respect the other persons views even if we don't concur with them. And that is what I like about our friendship. I won't delve into our journey at BITS, the ups and downs. Both of us have discussed about it quite a few times. What I would mention, rather, is that I have learnt innumerable things from you. Your ability to ace almost anything you put your heart to, the way you manage your belongings, your mobile, your laptop, your room etc. Maine pehle bahut bada likha tha but it was not accepting. So I'll stop here. Don't know when our paths will coincide again but wherever we are, whenever you need me always remember that your brother from another mother is just a call away.

...ANAND Dugad

Rathi is the most sleep loving person I know. Rathi, the horror movie screenings in 118, your fluency in cracking particular kind of jokes, your last minute panicking irrespective of the preparation level before the exams and acing all the exams, your seat on the 2nd row in mech class, lights off at 10.00 pm every night (sometimes even before that) and your importance of gym workout will always be remembered. Best of luck for all the things that you will do in your future. I am sure that you will become the very best in whatever you do. Stay in touch.

...Ameya Mangesh Deshpande

Library was the place where you studied and I talked about my social stigmatic experiments. Thats how we rolled. My mythology class during waves, Our sleeping on single bed nights and every conversation where I bashed Mechanical and you bashed my thoughts about certain things! I hope we stay the same, and we talk openly about everything as we did! Countries apart, I will try my best to boost your confidence in my favourite sector! :p All The BEST, my friend!

...VARAD JOSHI

GOD. That sums up all I need to say about you _^_ Wish you all the best for everything ahead man!
Keep in touch. Cheers!

...Aravind Bolisetty

Itna strict schedule follow karne wala banda pehli baad dekha. Most disciplined guy I have ever met. No wonder to ace anything you do. Also your jokes on specific topics are hilarious , sometimes they are so good that they come to my level of jokes :p.all the best for the future :)

...DESHPANDE CHIRAG ANAND

HPCL me bohat maza kiya hai. Udhbar hee pata chal gaya tha, Rathi mech GOD. fir third year me mech aur finance dono! Bhai bhai bhai bhai! Phodo Rathi sir, phodte raho! (Aur mujhe yaad rakhna)

...SHUBHAN PARAG PATNI

You've been a rare amazing find in college. Your sarcasm is just amazing. All those attempts at loosing weight through jogging and them "bartan" discussions will always remain a fun memory. It was great knowing you. All the very very best for whatever you do in life ahead :D

...ISHITA MALVIYA

Shivam, you are by far the most disciplined person I have ever met. Your organisation skills, your regulated routine and your hardworking nature has motivated me to double the work that I would have done in BITS. Needless to say your sense of humour is amazing, your ability to think of such quirky jokes with such ease amazes me every time! Your friendship has taught me a lot of things, and it has certainly made my life way more entertaining! :D May our companies be merged someday and ill give you 49% of the share :P Best of luck!

...Soham Kelkar

Inspite of our approach towards life being so contrast, those mechanical CDCs (whichever i attended :p) would have been unbearable. Will miss those wierd jokes, mess debates and that Ek Ruka Hua Faisla night. All the best for your future!!

...VAIBHAV Shetiya

Rathi...One of the first people I met on campus, Enjoyed a lot with you....Best of Luck!!!

...JAYESH SABOO

Shivam, you are one of my closest friends on campus and a brother to me. You were, are and always will be an inspiration to me. Attending all mech classes, you motivated me to attend them even if I was running 45minutes late ;p. You are a disciplined and a talented person. I will always remember our talks on life, you coming to my door before every exam and saying "bohot fatt rahi hai yaar" and then acing the exam, we hitting Murthy and doing stuff to Ameya. Keep working hard and jab bandi mile toh mujhe sabse pehle call karna. All the best for your future and stay blessed

...Akshay Sancheti

I love how we were the only two people who used to get each other's nasty comments and jokes :p all the best for life, phodte Raho! Kam mago! Shaadieom zaruuur bulana! Also also also, I am gonna keep tagging you in 'bol aunty aao Kya' foreveer!

...JOISHER HEER VIPUL

There's much and more that I have to say about the Prince of Akola, all of it very positive. But I'll stick to the essentials, learning your no-nonsense attitude and remarkable focus on what matters most. Never have I seen someone who treasures their sleep as you do, and yet makes everything work out. And though we disagree on a topic or two, it's been great to have a sparring partner, mechanical guru, warm host, eager tourist and, most of all, close friend, right next door. Thanks for making my time at AH-1 so much fun. Given how many properties you have in Mumbai, I don't have to worry about you going elsewhere or falling out of touch. Keep acing it ;-)

Rijul Arora. Bro. My first friend on campus. The guy who lived across my door. 228-229 :) Those long walks. Discussions about whats right and whats wrong, where we looked back, judged people :p.. When I look back at first year.. its these memories that I distinctly remember. Those sem end walks. And then Enactus, and then Quark workshops, and the Corporate Panel...We have done so much together. For the first two years bro, we pretty much lived together..I respect you bro, respect your determination to do what you plan to. Of all the things about you that motivate other people, its your will power, its your way of leading by example. Never lose your optimism bro. I believe I've failed to lately, but I promise, I'll always be there for you bro, whenever you need me. To the best 5 brothers I have in campus -rijul, rijul, rijul, rijul and rijul :)

...KATHAN KASHIPAREKH

Having known you well since school I witnessed a great positive transformation in you from being a teacher's pet to someone who started to chill out a bit although your cribbing for stuff like marks never dies out since old habits die hard.Contrary to popular belief that we both are a gossip powerhouse I always enjoyed the time I spent talking/ learning from you about serious as well as random stuff. Although it was tough to drag your lazy ass from your room for dinner,laundry etc it was totally worth it.Our friendship had ups and downs but it was always good to have a known person in an unknown place.Enjoy the rest of your semester and looking forward to enjoying the place we love the most MUMBAI!!!! Wish you all the happiness and sucess in life.

...KASHISH MALHOTRA

I am Rikkin Majani *exhales some snobbish Bombay air*, proceeds to tell me how people from my suburb are shit.Comes to my suburb (cue for some massive fail). Tries some hard liquor (massive fail again). Whenever you tried to be someone else in front of me, humesha kata hai tera. On the other hand once you started being your real self bohot maze kiye hai humne. Be open,be fun and for the love of God stop being a drama queen (2 page long texts at 12 am). I've lifted your passed out self once, don't die before me and make me do it again.Come to Mumbai, we are gonna go places I promise

...SHUBHAM AGARKAR

It's amazing how people can like you even after all the annoying songs you play and random things you say, me being one of them. Tu thoda late mila par koi na, oh sorry tune hindi toh seekhi hi nai hai. It was

great having you around. Cheers to all the plans that we made and never executed, to your forgetfullness, to the lift which made me laugh for an hour and to the punjabi swag you try to have . Stay in touch and have fun :D

...SAKSHI SHARMA

Your extreme efficiency and drive is probably the reason why you can do three degrees and still manage to feel like you have not done enough. Studying physics with you was not only fun, but you also helped me take things more seriously and I will always be grateful to you for that.

Apne tanki times aur outings, har samay tu jiya majani life! May your fun personality and versatility keep you in great spirits!

Rikkin, its always nice talking to you. You are an extremely sorted person and confident in what you do. I'll never forget the advice you gave me - 'if you were in library all yourself which book would you pick up'. It really helped me sort things out. I like your outlook to life. Looking forward to more random outings like Jacinto, like the one we just had right now. Stay in touch!

And cheers to all the road trips where you fell in love with my driving skills :P We ll stay connected

...Dhruv Mahajan

Rish! You've been an amazing companion, your sense of humor like I-bruh, your outing plans like bog chalte hain , our going to the library and ending up roaming and playing and chatting and not studying at all, our fights and arguments because ob, late night walks and talks, my irritating you for thand and macchar and dard etc, those besoore gaane and snake-ish dance steps and dot and dot. You've surely given me memories that I'll cherish forever, it was fun, cool and annoying having you around. Baaki toh zindagi bhar jhelna hai humei ek doosre ko toh abhi se kya hi zyada bolna. Hamesha Khush Rahiye :p :D

...NIKHIL RAJESH VIRMANI .

Through an amazing and unfortunate turn of events we became friends but I'll ever be grateful for that . You might be one of the few people who know all my deepest ,darkest (sorry for copying you and no this wasn't intentional) secrets and that's because you're the best listener. Thank you for putting up with all my crazy rants . College night life was lit because of your uno plans and basketball court would always miss you .Always be my partner in everything that should not be done and also my one and only wingman and also for the book hunts through bangalore (which would have pretty much sucked if not for you). Bog chalein ? ;")

...APARAJITA

You are the one person on campus I have been able to relate to the most. In you, I have found project partner, class partner, book buddy, someone to discuss almost anything and everything under the sun, the moon and the stars. I will never forget the several nights we spent lying on the basketball court under the stars discussing random shit extremely seriously. Nor will I forget how we would meet almost everyday in CCD, sometimes even without sync. And let's not talk about all the projects we did (or the projects that we actually didn't) together :p I am lucky to have known and been friends with someo...blah blah blah. Gaand mara. Ticket kara mera bangalore ka fafa.

...ADARSH

...Veena Vijai

Agar tujhe compliment diya to tu weirdly act karega na? :P. I still don't get why you can't sit between two girls. Anyway, you are a really sweet person and I'm glad you are in Bangalore, and wo bhi mere office k paas unlike PS. We'll have a lot of fun, just like present times. And if you learn how to cook, maybe next time tu jab ghar aae tab tujhe chopping duty se promote karke cooking duty de di jaegi :D

...PATEL PRIYANKA SUNIL

...PRAKHAR KHANDELWAL

Dude you're genuinely the nicest and sweetest guy I know on campus. Your enthusiasm for absolutely anything made it so much more fun to be with the group, you were always ready to go for an outing. Tujhe khaana khaate hue dekh ke saalon beet gaye mere, thoda fast khaya kar :p It would be a sin not to rock with you in bangalore. P.S: Gussa thoda thanda kar le bhai :p

...ARNAV DIXIT

8 am, 4 people sitting in a room listening to an ultra classy song about how we are screwed, 6 am 5 people roaming around the streets figuring out whether staying up for breakfast is the best idea . 4 am 4 people lying on a makeshift bed in the basketball court and playing blind mans buff. 2am Going on long extended walks after NC when we decided to finish the project once and for all that night. 12 am 6 people huddled in a chamber playing UNO. You screwed up my sleep cycle so bad. But thanks for always asking me to come . Be less emo and stop spontaneously exploding. I never understood you neither do I plan to, but keep meeting up once in a while.

Chobuuuuuuuuu!! Bhai, I still remember the first day of BITS jisme tune apne timetable galat banaya tha aur mujhse chapa. At first I thought that you were a chu***** to make such a rookie mistake. But things changed since then. You are an even bigger chu**** than I thought XP From futsal to movies to bakchodi during waves/quark/SPREE ^, we have the best memories that any two people can ever have in 3 years. The best memories were made in the dynamics lab(LOL) and mech workshop ;) The three mech boiz <3. T1 T2 Compre toh bhai epic hotey the. "Bhai kuch nahi aata" XP. But at times you were very pro in mech (patni can confirm) ^ Lekin tu composites T1 ki tarah chu**yapa karega toh kuch nahi hogta tera :P But bro, you have a great knack for practical engineering and thinking - use that ability to the fullest bro! Tu kaafi chill aadmi raha hai aur hamesha rahega I know that for sure. I am sure tu bohot enjoy karega because of your positive and simple attitude towards life. Always stay mech and keep winning bro \m/ PS: thoda kam soya kar

...Varun Nayak

Gaja man, debating with (against rather) has been an experience to say the least, the Break Nights especially, where you (being a nerdy 1st year) would only rather take care of the drunkards. Since then, we've had numerous memorable trips and outings together, and it feels really good to know your perception of life and your position in it. It's something I respect a lot about you and I know for sure you're gonna fulfill all that you've dreamed of. Good luck! :)

...Shreya Arya

Hello, Rohan. This is the testimonial you dreaded. Not because of any deadly revelations (who am I to challenge the Queen Bee of Gossip?) or allegations, but because of the sheer cheesiness of your unembarrassable partner ;) I'm as happy about my move to AH-1 116 as you are traumatized by it. You've been in on most of my college life, from pre-campus tips on curtain size and kettles to post-campus internship planning. Cheers to all the debates, Heralds, trophies (OK, trophy), one-sided musicals, other-sided drunkenness, bed-sharing, bus rides, hospital visits, rants, moonshot plans and more. Love you :* XOXO

...NISSIM GORE-DATAR

You've been a good friend Rohan. Thank you for all the help, means alot. India waapis aaoge to let's meet!

...ARCHA R I

You are one crazy son and sweetheart. I'll never be able to understand you completely. Even though we are not gonna see each other every day, I trust things will always be the same everytime we meet. ...SONI SALONI

...TANYA SHAHI .

Rohan <3 Where do I start? Firsr of all, don't be insecure about your pedestal. No one is going to take it. Pakka :P It's not 60-40. I am increasing it to 75-25. 25 for everyone else combined. You are so dumb and smart. That's a novel combination. Keep meeting me in every part of the country and world because let's be honest, who else will carry my luggage on their head?

...Somya Shubhangi

Rohan, it's so pleasant being around you. You are an amazing person by heart and even more spectacular by brains. It's so hard to find a person so enthusiastic about life and you are that. And a master at multi-tasking, i hope i learn a thing or two from you, Thanks for always being my go to person, you know i'd call you when in disaster, my very own Mana Malli :*

SANGOL TEJAS

Your are one of the best persons I have come across and I have no idea how you kept up with me .

...AVINASH LADDHA

We literally lived together for 6 months :P. Despite constantly being in each other's face, every day we somehow had new interesting tit-bits to share. Be it your love life (or lack of it thereof :P), your roommate troubles, you choosing to pause at the worst possible moment, your elaborate mails, our escapes to "The Cool Room", your champu haircut, you really were the life of the group. Life would have been miserable without you. Thank you for all the adventures (or misadventures!). Remember our adopted strawberry plant, or that day when we idiots decided to walk back from Onesta in the dead of the night because we couldn't bear to pay for a cab? Those last 6 months were the best part of college. Thank you for your making that happen!

...SWATI SHIKHA .

Thank you for helping me survive EEE classes you amazing human!

...SHRIYA SRIVASTAVA

...AKASH Nair

To one of the most selfless person there is. To someone who cares for all his friends so much that I was ashamed of my self. You truly are a gem of a person. TI would not have been half as much fun without you and your extremely funny stories with their even more funny pauses. I regret not being able to meet you earlier. I know you would do great things in the field of neuroscience and human psychology. To describe you in one line I would say: "In a world full of selfish people you are the one that cares". I consider being your friend as an honour. Keep in touch.

...ANAND Dugad

Despite getting thrown out of the lab I am very grateful that you were my Physics lab partner. We will keep meeting until I beat you in chess.

...MAYANK KUMAR

Transformation is the word that comes to my mind when I think of you! From that silent person in the train 4 years back to have travelled the most amongst your peers. The journey with you from the first day at college was phenomenal and is still on. Keep traveling the world and leave a mark on atleast half the countries. Dedication and hard work defines you as a person and don't change that attitude. I wish our paths cross in future.

...SHIKHAR SALUJA

Hands down the best person to rely on when planning a trip. Bro you have been famous from first year for studies but what is most admiring thing about you is your personality. Even though you achieved so much you are still so humble and nicest people to be with. I still have to settle our psyche score and I'll win next time for sure:P

...SHIVAM GUPTA

Bhai, you are one of those few people who knew what they wanted from college since day one and that explains ki tu itna chill aur good-natured kyun hai. Kabhi paresaan nahi rehta yaar tu. Hope to see you reach great heights and tour the world. Aise hi phodte rehna humesha!

One of the best things I learnt from you is that how one can be completely focused towards his goal for the entire time. Lets plan a Andabar trip this summer. I know for sure that you will do a world tour someday.

...DEBADITYA BASU

Jitna I hate you humne ek dusre ko bola hai, utna kisi ne nai bola hoga. Trw reports, countless labs, tere saath baithke prepare/solve karne me mazaa aaya :D. Lekin tere "gawwwwwwd" waale comments annoying hain :P. I know this will just trigger you to use it more often in our texts. Agar MS k liye gaya to chocolates ki photo bhejke jalaate rehna :D. ...HARITWAL YASH MANOJ

If I said you were an inspiration for me, that would be an understatement. Seldom I have seen guys who are as focused as you are in their pursuits and at the same time are humble enough to help those around them. ...BHUVAN GUPTA

You know how we all make plans and set targets for ourselves, but how many of us can say they fulfil it every single day, I know a person who can....Rohan ! Academics are just one part of it, let me elaborate, if he wants to go for a trip he will convince all of us (a gp of around 20 guys) to go there while planning a elaborate "shadyantra" around it, if he wants money for the summer he will just crack GSOC, if he wants the world to know about the trips he will make a blog around it (a awesome blog btw).... and most recent of all... :D he wanted to know who wrote testimonials for whom, so this guy just wrote a code and compiled data for all the students fetching it from the site.... lol. You are just awesome man, always fun to be around you. All the best for future !! :D

Melange Testimonial Pambu! Can't possibly do justice to the time we have spent together and all the lingo we have in a testimonial. I'll always have place for you in my basement. :')

...YASH PANDYA

I don't even want to imagine how life would have been like had we not known each other. There's so much we've shared over the years. I really treasure our friendship(more like broship?) and hope it always stays the same. Just know that wherever you are in the world, I wouldn't miss a chance to come see you. I'll be looking forward to the day where you're a chirpy boss in some big-shot company by day and a chirpy member of a dance crew by night. :D

I'm sure we'll keep in touch because I keep stalking you on social media. Though you have pretty much aced everything, I am still counting on your restaurant plan and will always be there to freeload. :*

...ABHIK RAY

The girl for whom getting an MIT admit is as easy as breathing.

...RANAWAT CHIRAG DINESH

I still remember the first time we went on a basketball outing Menon said never drop her from the team she has infinite energy. And you have definitely lived up to that every single day I've seen you. It's so unbelievable how much you've achieved, your list is like a clickbait. Really glad to have known you and thank you for making some time for me. Do stay in touch. I would really like to know someone like you to show off to any friends I make in the future :P

...Shreyas Rajesh

You may get into MIT etc, but you're an idiot who can't shop online, is utterly useless while driving lizards out, makes up words, still learning the paradigms of female friendships. But I am so glad I know all this. You make everything fun, even cleaning :p I was right, we needed to spend more time together. Ily :*

...SOUMYA JETHANI

This is the last message that I am writing. And the only reason I postponed this so much is that I didn't know what all should I write here. I don't know when did your hatred for me started turning into liking. It's been a really long way we've come. From Subodh Sir's amazing classes, to the two intense years of Junior college (where probably you were the only person more chill than me), to those amazing games of mafia (will never forget the one where you cried like a typical girl when you didn't want to get eliminated :p) to coming to BITS together, to being the first person to have a spare key of my room, (cause apparently my mother thinks that girls are more responsible :l), to the most incredible PS-1 (Can't elaborate because lack of space) and finally being in the last semester. We are at the opposite ends of the spectrum. I don't know someone who is more different than I am. But I want you to know ki matbhed kitih astil my respect for you is immense. I have so many things to learn from you, kaam tevha kaam, party tevha party. Ajibaat gallat nahi. Amazing time management skills. One of the sharpest people and the only one who cracked GRE, CAT, got placed, received calls from the top IIMs and got through the topmost universities in the world for MS. Apli katha ithe nakkich sampnar nahi. Bhetat rahu aayushyat. Best of luck mhannar nahi karan I know you have always made your own luck.

...ROHAN A GAJENDRAGADKAR

It's funny how I think we first spoke and got to know the other based on mutual hatred for the teams uncooperativeness. Since then, we've met too many times gone to too many places I'm not going to bother :P Great knowing you and stay in touch!

Someone kept a really apt name for you. Sassy. One of the most chilled out and coolest person on campus who is always ready for a trip to Bog. Always admired your attitude of not at all being bothered by how the world perceives you. One who gives true life advice. Sadly, you failed me during the time I need you the most, iykwim. Truly a nihilist at heart! And I know you like to think otherwise, but please note that your capacity is quite limited! :P

...KATHAN KASHIPAREKH

Shukla ji! It's so funny, when we used to share the same corridor we rarely talked. Now that we live in completely opposite corners of the hostel, there isn't an outing without you. I love your confidence, your style and your way of living life. Let's keep tagging each other in those memes forever.

Sabhyata, I seriously wait for your whatsapp stories and trust me I love them a lot. You have come a long from being the quiet girl in Nettech classes. Now you are a bit of badass yourself. You seem to break all the stereotypes and I absolutely adore that! Also you have a beautifully crafted dark sense oh humour (I am a big fan). I will remember you always, and yeah keep rocking the world with your confidence.

...ABHIMANYU SINGH SHEKHAWAT

Sash!! You are actually the first and the only person on this campus who I call my sis. You are the 'jaan' of every outing. You are a perfect mixture of sensible and badass. I will never forget our outings in the past 1 year. You were my only motivation for the tattoo, the braid and the cocktail. Also, ab ajeeb ajeeb Punjabi aur English gaane kaun bajayega :(Although I'm still keeping my hopes high that we would be in the same city during P.S. and you're gonna keep pushing me to do more and more badass things. Always keep smiling and keep up this carefree bindaas attitude of yours! Keep in touch always :* P.S. The high point of any of my outings is still you asking that angrezi guy out :P

...TAMANNA PAHOOJA

As I start thinking what to write here, a plethora of emotions starts surrounding me and I feel a lack of words to describe everything. But then I try being a realist and I realize it's all due to my poor vocabulary :P. Probably I should take your help in writing a testimonial for you and I know you'd be more than happy to do that considering the amount of obsession you've with yourself :P. Bohot koshish ki par nahi hoti teri tareef mujhse. Surely gonna miss all the bakhchodis and conversations. PS, placements ki itni tension mat liya kar. Sab ho jata hai, har saal hi hota hai. Bas coefficient of sincerity increase kar le thoda apna. And most importantly, I believe in all your dreams and aspirations. You're going to achieve all of them!

...GOURAV GOEL

Dude you are full of life, fun to be around and all that other stuff but one thing I will remember the most about you is that lab, god you can stretch a joke, will never forget that....PS I will get my revenge someday :D !! Vo kehte hai jauhar ko hi heere ki parakh hoti hai, you were the first one who told me to write. I couldnt imagine any other person with the same amount of enthusiasm for hindi films and thus began a journey which transcended films,academics, personal life, to places which are just beyond words. Waise tumhara shukriyada karne ki liye kuch jyada kashta nahi leta seedhe Paash ko hi quote kar deta hoo (isse thoda

intellectual qoutient bhi badh jayega :p) " Main aadmi hun, bahut kuch chhota-chhota jodkar banaa hun Aur unn sabhi cheezon ke liye Jinhone muje bikhar jane se bachaye rakha Mere paas aabhar hai Main shukriya karna chahta hun" Next MAMI ke ticket book karke rakhna :p

...VAIBHAV Shetiya

I'll try refrain from gali :p as much as I can while writing this for you. But I'll say, despite what may seem to others, you are best in understanding who I am. Sagar, the guy who tried everything, from movie making to CS, and excelling in all. Being a neighbor, I have seen you change so much from the first year. From not going out much to making every of the outing plan for us now, from teaching people who drink to drinking yourself and from taking too much tension to being one of the most chilled person. Bas aise hi life main phodte rehna. All the best bro.

...VISHAL AGRAWAL

You have been my co conspirator for all thought crimes that I have committed in my life. It's always good to have someone who agrees to everything you say. Let's hope our partnership continues for all crimes that we are going to commit for the sake of humanity in our near future.

...DIVYAM MALAY SHAH

One of the most open minded and humble person I've seen- and open minded in the truest sense. Absorbed as much as you could and did that thing in college which many of us forgot-actually LEARNED new things-both theoretical and extra curricular. You are not afraid of trying everything and working hard, and that alone will set you apart from most people. All that aside, you were a close friend with whom I could talk freely about anything. A genuinely nice guy who is intelligent and helpful. All the best! Touch mein rehna!

...NIKHIL NAIR

All the best bhai! Grey orange phod dena aur Siddharth ki lete rehna. My advice: life goal aur change mat karna

...SUNEHA BAGRI

Muah! <3 You can make me smile any day darling! I still remember how we met. I'm glad we've been there for each other all the time. Just remember, I'll be there for you forever. Hope you get all the

happiness in the world! Lots of love!

...SRAVYA YARLAGADDA .

I don't know how my college life would have been without you. From midnight question solving sessions to chilling out (in DOP & LOP(umm..as well :P)) in Mumbai, it was all amaze. Kichhu's "Birds of a feather flock together" will always make me feel elated ;). Itna saath ghumte the ki teachers bhi bolne lage the :D Sakshi, you have been a great companion since we (actually) met. Wish you all the luck in the years ahead..cheers to our friendship!!!

...Shimona Narang

Sakshi, you are the most selfless and sweetest friend I have, so sweet that if someone described you to me before I met you, I wouldn't believe that person XD. I really miss being able to talk and hang out with you everyday. We connected really quickly in third year but I regret not spending more time with you in out first and second year. But it was too much fun creeping out Suneha, playing pranks on Urvashi and Apeksha (Jogw notes and soap-paint). Also, I'm glad you visited a part of the campus with me for the first time. Btw, I still remember how you jumped with the coffee in your hand vividly and how I lost pathetically to you in tug of war. And I must say, you are also one of the wittiest people I know. You can own pretty much anyone you want. And hearing you swear in Hindi is legit awesome. I look forward to our meet ups in the future. Stay this amazing always. Love Ishani :* :*

...ISHANI GHOSE

Sakii! My College Life==You. I don't know where I would have been if not for you and your room and your food of course :P. The good and happy memories that I share with you are just not worth being cherished, they are priceless and no amount of fights and arguments can ever overwrite them. You have been the pillar on which my college life has been built and I would hate for you to not be a part of my life outside college. Thanks for making college bearable. Thank you for all being the person you are. You would never know the number of lives you have touched in this college and being the selfless person you are, you will never accept how amazing a person you are. I look forward to many more fights, arguments, food outings, movies and everything else possible (good or bad) with you because no time spent with you can be a waste. Your sister from another mother (:P). <3

...APEKSHA JAIN

Hey Batman waali!! You are the first friend I made on campus and I instantly felt at home in your room with your Batman doll and your Ajmer stories on my first night o campus. I will cherish the countless times I spent studying in your room (on my butt-seat), watching movies with you and eating all your cheeselings! I've never met anyone with as much positivity and loving vibes as you; you bring so much joy to our lives and I will miss you very much! Aise hi hasthe our hasathe rehana and stay in touch until we meet at someones wedding for the next all night gossip session (JK... we will meet before that :P)!

...PEDNEKAR SAMRUDDHI SURESH

Sakshi, ahhh Batman, my english teacher! You are an amazing friend and very outspoken too; sometimes it worked against me, mainly during Coalescence meetings :p. Tujhe to pta hai ki apan same jagah se hain. Jab tk mai Ajmer nahi aata Prithvi ban kr tab tk tu Batman ban kr sabki dhayan rakh and ek baat aur sabko bta mat ki tu Batman hai. Ye personal baaten hain, ise choopana hota hai, tu abhi noob hai isliye tujhe nahi pta. Ha ha. Ye sab chor, rock krti reh tu! Tc.

Cheers to all the lectures, road trips(you were a great navigator), fests(I still wonder how you would managed to reserve seats for 10 people in a jam packed audi) :D All the best for the future :)

I always think that you have been a bad influence, but I like it that way. Thanks for being there when I needed it. We had some great times over walks, trips, campus explorations, night outs. You have always tried your best to make college fun and keep the group together and I love you for that. By the way the Mumbai offer is always open.

...SHUBHAM AGARKAR

...MADHUR GARG

Teekhi mirchi! The corridor misses you. We never needed an outing, cause random Saturday hostel parties with dancing,mehendi,movies were just enough. We never needed to decide a time to meet each other, because an hour long gossips in the corridor were fun enough. Be this bubbly girl that you are always and keep talking. :p

...Ayush Sharma

Sakshi! Lol! you are the sweetest person, always ready to help, always ready to put extra efforts for friends, you are the reason i have not got NC in many of the CDC, i cannot thank you enough, dusre ka bday celebrate karna just because i will feel good, you have put a lot of examples like this to show your selflessness, i hope you will remain the same. baki toh zindagi bhar mujhe zelna toh hoga hi tujhe :P

...MAYANK Anchlia

Friends for the last 8 years despite a lot of ups and downs (and people :P) , PS might be the first one to actually separate us . Miss the study sessions when all we did was wake the other one up and sleep ourself , the gossip and bitching sessions , and the random life discussions. I dont know how but we are just going to have to make this long distance thing work , hopefully not forever . Btw we are still taking a house together right since single forever ? XD

...APARAJITA

Motu!! College would have been uneventful had it not been for you! You added the spices to my rather bland life. You've been there with me with since first semester, guiding me through every part of my life and helping me whenever I was down. We made quite a lot of sweet and quite a lot of not-so-sweet memories together, from our walks accompanied by your never ending blabber about absolutely anything to all the outings we have been to, from fighting in the morning to talking and joking like nothing had ever happened in the evening. You were my constant in college and I can't tell you how grateful I am for having a friend like you. I will surely miss talking to you (or should I say listening to you talk? :P) and having you around. Baki to kya? Zindagibhar jhelna he hai tujhe! Sehe lenge! ;)

...RISHAB PARAKH

I thank shesha and prerna that i got to know you. Miss smarty pants, my last sem neighbour i will miss ypu loads. I will miss all the gossips and movies and outings. All the best for future

...RIKKIN AMIT MAJANI

You were the most enthusiastic and positive person in our group. I desperately wish you keep our group together like you always have. It was so much fun being on outings with you, except for the time you screamed at me at Caculo ;_ (I'm sure there will be many more outings in the future. Cheers

Bheeeeeeeeeeeeeeeeeeee.... Ye kaafi h bolne keliye, ki tu kitna badhiya aadmi aur pyara banda h. Finance phodna h? Phod dega tu... Chemical me phodna h? Phod dega tu... No matter kitne bhi tough situations aayenge na, BT mat le, tere saath accha hi hogta. Will miss all those "secret" political discussion we have in your room. Thanks for being there all the time bhai.... All the best and humein mat bhulna kabhi. :)

...KANDUKURI SAI OMKAR .

Let's say you take a suitcase and walk around with it all day. It's gonna get heavy. You can't expect everyone to carry that suitcase for you. To apologise for how heavy your suitcase is. To discuss with you why suitcases exist. To join in and bring their own suitcases. To stop using suitcases because you're finding it hard to carry yours. Why? You chose that baggage. There was no suitcase, and then you took one. Similarly, if you 'take offense'....carry that shit around yourself. That's YOUR suitcase

...MADHUR DODEJA

...PALASH Hurkat

...RANIT BANERJEE

I still remember walking up to you for the first time outside CH-2 and WOW what a great decision it was. Little I had known then I will be so close to someone so humble, calm, helpful, KNOWLEDGEABLE whom I can trust blindly in any problem. You are the person who has always stayed with me in my happy and sad times too. You'll always be my go-to person for any advice. Created a lot of memories with you, be it playing TT, badminton, to watching movies, awesome road trips and what not. Always be in touch and will meet soon. All the best for your future.

Tejas Sangol, the Dark Knight of our department. Dude, you are the most complete guy from our department. I am just amazed how good you are at everything, and still so humble about it. And that's the best part about you, you're too humble! I was lucky that I got to know you, you give me motivation to explore this field bro. Again, THE BEST guy from CS 2014 batch. Keep in touch :)

...ABHIJEET PRATAP SINGH TOMAR

Senpai, teach me anything, everything !! SE was great fun and so was all the time sitting in someone's room having random conversations. Keep in touch and keep acing !!

...SHUBHAM AGARKAR

Sanjeev Sripadraj Murthy:2014A3PS0335G

To the biggest Dravid and Madan Mohan fan I know. You are one of the most competitive and easily likeable person I have met. Your random accusations, improvement in playing the flute, interest in Carnatic music and baniyan showing skills will always be remembered. I am sure you will succeed in your field. Inshallah apse bar bar mulaaqat hoti rahe. All the best for your future!!

...Ameya Mangesh Deshpande

Allahu akbar - Most competitive guy in the group.:p Also the most knowledgeable in the group. Your ability of spinning words and convincing others of the contradictory, kaise kar lete ho? :p. The person with the highest cg in the group along with exceptional street smartness. Quizzing and language god. Best of luck for the future. I am sure you will ace everything you do. And of course we will stay in touch Yours kalumama :)

...DESHPANDE CHIRAG ANAND

No matter what Maliwal says about you, you've always been a true friend, and an interesting fellow. Hats off to your determination, especially during exams. Hope to see you in the US. Good luck, Murthy ~ Paaji :D

...Dhananjai Sharma

Question: How to be a Murthy? Answer: Be an extremely disciplined individual who is already blessed with the brains of a mathematical wizard. Be a fierce competitor who strives not only to improve himself but all others around him. Be the person who can always reason out things with logic and who never fails to be there for his friends (unless it is exam time - marks zyaada important he). But also be the one who keeps making sexist remarks and who keeps crying about everything he possibly can. And that's how you

be a Murthy.

...RANAWAT CHIRAG DINESH

I hope you shed a tear or two when you read this page and the beautiful things people have written about you. Your weird fascination about a certain culture, South Indian Pride and immensely deep relationships within your family makes you stand out from our group! Be the hardworking person you are, since none of us can do it as good as you! I wish you all the action in life since success is undoubtedly yours!
ADIOS, AMIGO!

...VARAD JOSHI

The best description for you would be my constant partner in these 4 years and agar Bhagwaan ne chaha to for life. You have been such a good partner that some *ahem ahem* one *ahem ahem* is extremely jealous of you. But kya karu, mujhe jo teri lat lag gayi hain vo itne aasani se nahi chutegi. I have argued, better word fought, with you so much without ever coming to a conclusion that I don't recollect any issue jaha apni bhaiss na hui ho. The only reason our debates ended was if either of us had to leave. But the way we put each argument past us and discussed more important points in life is one of a kind. We know how much WhatsApp chat history we have. There is only one person in my chat list close to that and vo bhi kaafi dur hain. If there is one person from whom I have tried to learn the maximum number of things it is you. Your discipline, the command you have over multiple languages, your mail writing skill, your sincerity, the way you can look at any situation from a completely (il)logical perspective keeping your emotions aside (I know you would say that you don't have emotions but I know you do and I have seen you almost on the verge of tears). I really do wish you take Georgia Tech so that I can have at least two more years you. Our fights are never going to reduce, neither in number nor in intensity, but neither is our friendship. I know you believe that you won't be in contact with a person once you move away from him but I also know that I won't lose contact with someone who is so dear to me. To let's see who triumphs whom. Won't say bye cause mostly we are going to the same place.

...ANAND Dugad

Murthy, you are a true friend and a disciplined human being. Thats about everything nice I can say about you. So for the purpose of this testimonial, let me elaborate on those two... You are the person I looked up to when I had to wake up early and go for breakfast. Apart from Akshay, only you were practical enough to choose A-mess. Discussing (/arguing) mythology and controversial issues with you has been an immense pleasure. Your art of story telling will be remembered by everyone in our group. I know you will critique even this testimonial, but thats who you are. Stay the same and I wish you success (as it is the only thing that matters to you!)

...RATHI SHIVAM NARENDRA

Will never forget the memories we made in CEERI and third year, really wish we had met earlier in college. Learnt a lot from you. Hope we will have many more memories like the Jaipur trip. To the ideal crime partner US mein bhi phodte rehna.

...DEBADITYA BASU

Aapke discipline, ethics, philosophies pe kaafi charcha hui hai aur hum usme kuch naya parda nahi daal sakoonga. Lekin tumhara Nusrat Fateh Ali Khan Kaifi Azmi, Shyam Benegal, Bhagat Singh, Narendra Modi ko ek saath appreciate karna mujhe politics ke boundary se badhkar tumhe ek insaan ki taur par samjhne mai aur mere khud ke complexities ko suljhaane mai bahut madadgar rahe hai. Kaash har semester ki subaah Talat ke gaane se hoti, lekin der aaye durust aye!! Aage bhi baatein karte rahenge !!!

...VAIBHAV Shetiya

The guy is close to being know-it-all :p.. Main toh bhai just amazed tha teri har cheej ki knowledge

dekhe. After working with you in CEERI, I realized that you are just as hardworking as your fun. Behind that tough exterior you show, you have a very gentle heart. BITS mein toh phod hi diya.. Ab Austin ki baari hain :p. Best of luck for your future

...ABHINAV SINGH

Most straight forward person I have met....When we first started interacting I was very shocked about your opinions but then really enjoyed discussions and debateing with you....Janab, aapke academics ke baare mein to kya hi bole Subhanaallah!!! Inshallah aage jarur milenge!!!!

...JAYESH SABOO

"Kya bae stud?!" Your 'rational' opinions always make for a great conversation. I will surely miss our discussions over you know what and also how you would come up with these weird stories where girls are stalking you around the campus. I have always admired your ability to say whatever is on your mind, that too without caring what others might think. Stay the same. Here's to hoping girls keep stalking you in the US. Cheers mate.

...KAPIL KALRA

You're so savage it's scary. Be thoda less creepy. I have no doubt we'll keep in touch, but I will definitely miss your (condescending?) presence. Will you at least cry if I beat you up?

...JAYATI SINGH

I take full credit for 'bigadofying' you at CEERI! :P Keep getting 10s throughout life. US mei milte hai :P

...Rujuta Kelkar

I take full credit for 'bigadofying' you at CEERI! :P Keep getting 10s throughout life. US mei milte hai :P

...Rujuta Kelkar

That gyaani person who knows a lot about everything he is passionate about. It was fun working with you in ERC in 2nd year to DD group work to having you as a flute learning buddy to carnatic music and VLSI classmate and having a garba learning buddy. Hope you become more mature as you grow up :-P (I know you are chhotu at age but you'll reach there :-P). Apart from that, I have learnt a lot from you about being serious for things which are really important. Hope you go a lot ahead in life. All the best for future :-)

...Bhakti Vora

Sanjeev (I will give you a bit of respect here :P), you are undoubtedly one the smartest people I have ever met, and your cunning behaviour makes it the perfect combination! Your love for ancient music, your motto of secularity, equality, love for humanity and your talent to make your flute sound like a train make you a unique and a gifted individual. You are a hardworking and an extremely motivated person, I can only dream of having such skills. Though I have never said it to you directly, but our group would have never been the same without you. Best of luck!

...Soham Kelkar

Having known you from Podar, it was a relief to know that someone as dependable as you would be my neighbour in college too. I don't think I will ever meet anyone who defends "South India" as passionately as you. I am always intrigued with your strong points of view on all current affairs related issues - especially those related to politics. I truly admire your dedication and your perseverance, and I am sure that it will help you achieve amazing things in life!

...ROHAN A GAJENDRAGADKAR

You are one of the smartest, coolest and most humble people I know and I know you will do great at everything you take up! Thank you for all those great conversations in the mess; I'm sure your going to win many hearts in the US with your wit and expertise on so many things! All the best and stay in touch!

...URVASHI JAIN

You are one of my closest friends and definitely the most tharki one. Hahaha.. I will always remember our discussions on random topics during meals, how Shivam and I used to love hitting you and all the other stuff we did to you. :p. Well, you are one of the most hardworking guys I have ever seen. Always stay the same and keep doing best.

...Akshay Sancheti

Murthy...we have less memories but jitni bhi hai achi hai sirf...great knowing someone as smart and honest as you. Keep in touch and all the best bro :)

...GOYAL RICHANG VINOD

Hopefully next time, I won't carry the bad luck when we set off to see a tiger :P We can then use the wimby bag to pack extra Masala Dosa's to celebrate :)

...B RACHITH AIYAPPA

Aur bhai, Murthy. It's been great knowing you. To all the analog pspice fuck ups. :D

...Abhyuday Puri

I can't quite match the flattery you've doled out on my page, but I can't keep mum either, so here we go. Here's to a great neighbour, witty quiz partner, voracious devourer of books (Agatha, especially), hopelessly outdated audiophile and closet feminist. AH-1 115 is a large part of what made my time at 116 so interesting and memorable. Thanks for being around :) Also, you might want to tone down that conservatism. In spite of appearances, Amreeka's more liberal than you'd think. :P Re:P.S.: The hyphen is added. Balance is restored. Thanks for the irksome heads-up.

...NISSIM GORE-DATAR

I remember how over a serious conversation about our careers I asked you what it is that you really like doing and you replied with "logon ko chutiya banane mein maza aata hai". Will never forget our Vodka sessions, the jokes, teri tharki soch, the mafia nights where we both fucked up, your dance with Anand, and even our talks after PS. I am glad to have known such a smart and equally haraami person. I have no doubt tu jahaan bhi jaaega phodta rahega. We haven't talked a lot in the last year of college, but my love for you will remain the same. Stay away from the police in America. Remember that you are black and you are stealing their jobs. ;P Good luck bro! :*

...ADARSH

2030 me bank me job karte mat milna, Maliwal we bet Har jaunga. Thank you for notes, books, tips, paper, solutions and all the other help. India aaye to jaroor mile. You're so talented, India ko jaroorat Hai.

...SARTHAK SINGH

Sankar Manoj:2014A8PS0164G

...DEVESH RAWAT

Sanket Deshpande:2014B5A30599G

How can we have such identical history? How? Also the paths that you'll choose in future, won't be the normal ones, because that's the way you are. There will be times when you would be absolutely alone in your pursuits. And in those times, when you feel like calling me, DO NOT! Jokes apart, I'll always be at max, a phone call away.

...ARINDAM DHAR

Bro that Bangalore night was too much fun (although we went home only with ourselves :P). But you still achieved what you set out to in the second year. Khuda hafiz Rafiq bhai, duaon mei yaad rakhna.

...ARKAPRIYA PAUL

She's the real cuty. Someone who is so accommodating that she let me sleep in her room for an entire month. Those were the days, where we missed all possible labs, surprise quizzes etc. She has the craziest laugh ever if you spot it you're sure to laugh. She's the Daku of our group - tough and known for breaking things, but when it comes down to stand up for a friends and take care of them - she's the first one to do so. She is one of my closest friends. Love you Sassy Sassssssu.

...Shreya Arya

Sassu!! you are literally the STRONGEST person i've known. pange lena mei bhi hamesha aage aur exams phodne mei bhi. Let's go on that roadtrip we planned? The fun loving foodie who's a little box of happiness to everyone, all the best for life ahead :)

...SABHYATA SHUKLA

Ade sassu!! The bouncer of the corridor. The way you bravely say ' ghoosa maar denge' boosts up a lot of courage for everyone. We have danced so much in all the DJ nights that I guess whenever we meet it has to be dance party definitely. Keep up the love for food always as we live only once. Be this jolly always. All the best for all your fights in life. :P

...SHRIYA GUNE

The one who is always my constant shoulder to cry on for anything boring happening in my life. The only person with whom my pictures come out the best. The one with whom I can talk rudely anytime and yes the one and only partner in crime who will help me in taking treats from anyone's pocket. I remember the first time I pinged you with such politeness(LOL :p). Thanks for being there for me during all of my tough times. Your opinions matter to me, although I don't let you know that. And yes, jahan bhi rahenge ob milenge. STAY HUNGRY!!! STAY FOOLISH!! ...MADHUR GARG

Sassu :p I think sharing the same washroom made us such good friends :p. Geting up late and greeting each other good morning when it's actually quite a lot of time after 12, bitching about some very uncool projects if you know what i mean and ofcourse sharing the same pain of EEE/Eni courses brought us so close :p. Always be this cool and mast Bihari ladki that i have known for 4 years :D

It was a joyride watching you and Mayank fighting over silly reasons and then patching up :P I remember in first year, you were calculating your expected cgpa in my room and wondering whether CS milega ya nah. Ek wo din tha and ek aaj ka din hai.CS God. It was fun teasing you with multiple girls :P Keep this dedication going. I am sure you will achieve great success in life.

I know that I joke a lot about you being a pro and phodu insaan but believe me when I say that you are really an inspirational person. Knowing you has been great. I still remember the two of us standing outside Halan sir's chamber two months into the sem not even knowing what our SOP topic was. You have achieved all these great things like starting PMP, being the Prez, being a senate member and finally Antarctica. While these are great achievements, the real thing that matters is the lives that you have touched and mine is one of those. I know that if I'm ever in need, I do have a friend who I can completely rely on. Thanks Sarthak for being a part of my college journey through all those labs and pre-exams study sessions. All the best for your future endeavors. I know that you are already on a path to achieve great things in life.

To the best president this campus has ever seen. Sir it was an honour to know you. I am so glad that I lived so close to you. A perfect leader: this is how I describe you. A person who is meant to achieve so many great things in life that CSA president would seem a minor achievement. One of the most patriotic persons I know. Someone who really wants the system to be cleaned. I will never forget those pre-election discussions, the PMP which you took to the highest point and a constant supporter. Thank you for being a part of my college life. Kuch kahaniya batao yaar. Yeh sem kaafi suna lagta hain kyuki aap dur ho. Humesha contact mein rehna.

...ANAND Dugad

Arey Prez! 1st year se leke last day tak.. I can't believe the transformations I've seen in your. Sabse bada bakchod to sabse samajhdaar ladka! I'm confident tu aage jaake phodege. All the best bro. Hope to stay in touch. Cheers! :)

Your help and support has kept me going in the right direction. Thanks for listening to my greeks and nonsenses. Its said that "the privilege of friendship is to talk nonsense, and to have his nonsense respected" . Thanks for always helping me. Thanks for listening to "Aj se mai vegeterian and other similar stuffs". You never stop trying and this always brings out the best in you irrespective of the domain you choose. Thanks for everything and ya you are my best buddy .

...ATISH KUMAR SINHA

Bhai yar.. Pro Hai tu, love your easy to go attitude. . Aise hi rehna.. Keep in touch and keep smiling..

...Ankur Kumar

Let's start at the beginning. Workshop. That's where I knew you from first. Since I knew that you were grouped with Pujan, I knew you were doomed. Somehow that random guy from CH-2 started spending more time in CH-6 rather than his own hostel. I still remember those days when you'd sleep in my room around 1 and would stay till 4 and then at 4 you'd ask me to accompany you back to CH-2 coz you were scared. Well, guess what, I was Scared(er). Post Compre, we went to the library just to take random selfies and then I forgot my keys at the Basketball court. BC raat ko 2 bje post comple the campus felt spooky AF!! But there was no problem, I always had someone to accompany me. BTW, fun fact: The only time I've traveled to Vasco (or anyplace for that matter) without any objective was when I went there with you. We actually bonded the most when we both were trapped in hell for 2 months (Read: Angul). All those labs we've shared. I wouldn't ask for anyone else. You were and still are the best lab partner, friend and sometimes even a teacher that I could ever ask for. Jump to today. I was blank ki BC what should I write here?? I can't even frame our friendship into a paragraph. To put it all in a nutshell (**SO THAT BITSAA PEOPLE CAN PUT THIS ON YOUR PAGE**): Saurav Raj is that one friend that everyone always yearns for but never truly finds. He is the Krishna to my Sudama (Read: He'll help me financially when he's rich AF). You'll achieve great things in life bhai!! Never give up on your dreams, Keep sleeping....

...MEHUL KAUSHIK

Arre bhaaiiiii! Tu bhai bohot sweet banda hai! Always smiling and always laughing! :D Cheers up the mood! :D Humaari ADVD lab yaad hai mujhe..kuchh ni karte the hum..bass batiya k room chale jaate the! xD Cheers to those talks we had about life and *you know what all* :P Par hum zyaada baar bahar ni gye saath! :/ Maybe that's a reason to meet up later in life and catch up from where we left it! Aur artist

hai bhai tu..Arts n Deco ka chiraag! :D Aur vo Green Tea ka pact bana toh liya par follow toh karna hi ni hume! xD To DSP k liye padhna, or for Analog to those random shit we did together, those will forever be with me! :) Khush reh bro! Aise hi haste reh, muskurate reh! And, mazze kar! Kuchh bada karke dikhaega ladka, mai jaanta hu! :D

...ISHITA MALVIYA

I wanted to be the first one to write, but then this "Useless Ishita" :P Can't blame her but ;) I don't know whether it was our common love for food or similar taste in other things (:devil emoticon:) that bought us closer, but whatever it was I am grateful that it happened <3 I can't even count how many time we just sat there, in our hostel rooms to talk about topics ranging from Rasmalai to Choco Pi, or just joking about stuff that looked trivial to other folks. Those are some of the memories I will treasure for a lifetime. It is amazing how people often wonder how can we get along so well! They exclaim "From how long do you guys know each other?" Maybe it was not about days we spent but the moments that we laughed together, made us who we are. (Kitni dafa subh ko maine tere aangan main baithe baithe shaam kiya :*) I often ask you to iron my shirt, check my flight tickets, keep my secrets. Do you know why ? Because after meeting you, I now know how it feels like to have a person close to you who will choose you over anyone, every time. It just feels great to have you around even when you don't watch movies and can't name a single infinity stone, and trust me if it is with you I will watch all the 2500+ episodes of Taarak Mehta over and over again. You are honest and avoid drama which is why people always feel so comfortable to talk to you. Plus you have a decent IQ and EQ both so it is just all golden for you. You are one of the reasons that will make me miss my college but I am not going to miss you because I will not leave you only :P No matter where do you stay (with whom do you stay :P) I am going to meet you each time with the same love and warmth. I want you to know: "If you remember me, then I don't care if everyone else forgets." <3

If you think you have a good deal, think again. Jainam Shah will do better. The most shrewd businessman and hardcore Gujarati you'll find. Your love for Garba, Navtara, Tarak Mehta (I do not approve but anyways :P) , Cricket and Squash is unparalleled. To the wonderful study sessions discussing connected components of gossip, scheduling of dark lane trips to maximize throughput (ahem ahem) and indexing code names using food references, we found the most practical use of everything we learnt :p. Like we conclude that Greedy won't always work, NP is too hard so we agree that DP is the best. You can certainly work on your jokes but however bad they may be, I'll complain but listen nevertheless. Stay the lively person you are and continue organizing more wonderful Shaiyara outings.

Aur lodha ke naye kapde leke bhi. ;)

Chief and Creative head of Killogicals, it was a delightful working with you, listening to your crappy jokes and hoping to kill you because of the same. The corridor was never the same without you bhai. Keep committing the crime of speaking out those shitty jokes out loud :D

...MAYANK KUMAR

Hands down, you're the most cheerful, lively, entertaining (and pink) person I have or will ever come across. Although, your puns were quite deadly - you made college bearable, and you're the first person that comes to mind when one wants to refresh his mood. Also, now when Google photos shows that my

phone has more photographs having you, than many of my blood-relations, reiterates the fact that you have become family. Dear to-be-top-investment-banker, having shared so many memories together, I hope you'll be able to take off time from your busy schedule, for us to share many more in the future.

...Rohan Goel

I will find you and burn your beard :p .

...AKSHAY GINODIA

Two people of same mentality are always meant to become best friends and about your mentality Hahahahahahahahaha..Let's not talk about that shitshikharsays.tumblr.com :p. Those who want to kill shikhar do visit the website it'll give you a solid reason to kill him and to praise him more at the same time. Atlast do remember one thing 'I'll miss you bro and no matter what how much we fight or argue but the bond we share that will never fade away.Best of luck BHAI!!

...SAKSHI MEHRA

You did your job of hostel representative pretty well. Making proper conversations about issues which need to be solved, making it possible to end ladies curfew, everything was so admirable. I'm glad you joined our corridor group now.

...PEDNEKAR SAMRUDDHI SURESH

It was a bliss having you around. You are so authentic, genuine and speak your mind out. 6 se 8 jaana bhi ek kala hai, koi tumse seekhe. Just don't be so serious all the time. Enjoy life as it comes. Career vagehra toh chalta rahega. Taking a little detour doesn't hurt. God bless.

...ANCHIT AHUJA

Shimonaaaa bro. Thank you helping survive the craziness that was nagda. <3

...SHRIYA SRIVASTAVA

I had the best time hanging out with you during our first Waves. I'll always remember the stupid conversations about not getting CG in first sem and then our vow ki "second semester phodenge" xD. You are one of the kindest people I've met on campus although I still don't know why we lost touch after our first year. I wish you a lot of success and happiness in life. :)

...KASHISH MALHOTRA

You're one of the most humble, kind and down-to-earth people I know. That's what makes you awesome! Haan, we did start talking quite late. You're one of the good things that happened to me through DRM. But, I'm glad I've met you. I'm pretty sure you'll reach greater heights in life. I wish you all the success in life. Ab US jaane ke plans pe focus karo! Hope to stay in touch. Cheers! :)

Shampyyy! I still remember the time when PV outing used to be announced and we used to look at each other and say tu jayegi toh hi main jaungi. Itne saare saal ka PV dance, teri aur meri coke ki addiction, soooo many outings...yaad rahengi 'jab tak hai jaan' (although I'm not sure you'll get the reference :P), If I have seen immense growth in a person in all these years, its in you. I have always admired you and I always will. Achieve all that you aim for and make your parents proud! Love you loads!! Also, Sona kitna sona hai <3

...TAMANNA PAHOOJA

Roadies Partner! I'll never forget the on spot improvisation you had done during that bungee basket task of our campus-roadies. This little improvisation of yours made me your fan. And I promise we'll never lose contact since I am going to irritate you for all my upcoming Goa trips.:p. Stay the same!!

...ISHANT Gupta

Motee, Thanks for being an awesome SOP and Thesis buddy. You have grown a lot from the grumpy girl I met during first year T1 (:P) to the awesome, independent, focussed and honest person you have become. Had a wonderful time being in your company. Sorry if I irritated you too much by calling you motee (crosses fingers). Pizza khaate rehna glum glum (Hope you remember :P). Thank you for the memories, take care and wish you the very best ahead yaar. :D

...Shambhu A

Shampy! nothing... Virsa Bhangra sessions, same timetable, same fear for Maths courses, stealing mangoes..none of these could bring us as close as that one lizard in your room that forced you to shift your entire world into my room :p. You are a passionate, bold, determined person and along with that you are this person who takes care of everyone in her own way so responsibly. I have no clue how can you be both these people at the same time. We have such beautiful memories together, I wish we had more time to create more. Nevertheless, who says its time to say goodbye. Love you.

Times we spent in Hampi iand Gokarna will be cherished forever. Stay the same and keep spreading love everywhere. Did I mention that you are the best???

...MANU SARASWAT

You are my first true female friend on campus. If there is one thing I know for sure about you, it is that you are absolutely original and you can't tolerate fake people. you are so open minded and zero judgemental. This makes you a wonderful friend one can have and I'm glad I have you as my friend. You were there on my days of depression and you helped me recover it too. I still remember it was you and Honey who came and talk to me, in that particular crucial moment of my life. Thank you dear, thanks for those comforting words, thanks for being an awesome friend. I hope we remain good friends even after college. I hope you achieve all success in life :)

...YASH MEHTA

The humblest SoBo I have met in my life! The best thing of my BITS life is you. Let it be sharing secrets, cribbing, gossiping, bitching, giving advice to each other when we ourselves have no clue what to do :P, worrying about our career, trying to solve problems in each others life and making fun of all the mistakes we made - all these are special memories which will last for a lifetime. You are pro in whatever you do and yet the most down-to-earth person. Your carefree attitude to all the drama in life is something I always look up to. No words can describe the bond we share and that's because of the simple, pure and sweetest soul you have. You are one of your kind.One of the smartest and talented person I have come across in campus. Keep in touch,dear! NSPD! And always remember (FRIENDS-0514-13:14-13:22)! :P

I hope you achieve on the similar lines as you have been achieving throughout these 4 years. Don't ever be influenced by anyone. Keep rocking it through those curls :P Hardly do we find people who have plenty of resources but still choose to be grounded. And she is one of the very few people of this type that I have met in my life. We 'have' to stay in touch. :*

...SHRIYA GUNE

Shreya! All the conversations we had in Honey's room are memories that will be cherished. You're an amazing person. Good luck! :D

...SUMEGHA SINGHANIA

Ms Shreya Arya --- First Year: Complete Strangers, Hardly knew each other even after being in mime. Second Year: After our farewell started we started talking, I still find you the scariest amongst everyone in our batch :P Be it Akilesh's (Hmmmm) "You can do better" or Random Library lounge sittings and bitching about some people or your's and urva's Girl talks :P We started to get to know each other :) Third Year: Full time we used to see each other faces. Always you used to yawn in Mime Meetings :P But yeah third year was resistance time when started to like each other more (Haina? :P) and outings and kaam and eating in NC and going out to good places. Fourth Year: Hampi, Gokarna, Manu ke saath chilling, Nowadays I Just feel bored whenever you are not around. Kaafi Ainnn we all used to do and kaafi planning chal raha for a Euro Trip. Tum finally Hindi seekhli, Tumhare saath Mujhe bohot mazza hai khel khud karne mein and vasco jaane mein. Kahi bas chalne mein. Kaafi Mime ko sone ke liye lite leti thi tum but ab toh khatam ho gaya hai aur tum kumbhkaran ke tarah so Jaogi..... Ainnnnnnn..... :* :*

Hey BBZ. Thanks a ton for always being the one to take my side when the rest of our gang goes ballistic. Really glad to have known you throughout college, and especially for having gotten to know you all the better over the last year. ('You make new friends twice in college: in first year, and in fourth year' said a wise woman not long ago). I'll be ever ready to go for a late-night drive or an impromptu outing, anywhere on the globe (especially down in our favourite rain-blessed continent). Given how our home bases are so proximate, I doubt keeping in touch will ever be a problem (Mumbai FTW!). And anyway, it's gonna take a lot to drag me awaaaay from you ;)

...NISSIM GORE-DATAR

I don't know why it's only now suddenly that I realised that your last name is damn cool. You're very composed and headstrong. I have a bias towards maths and physics people anyways, but you're very smart. Your qualities will take you places. Take me to fancy places when we meet in the future. Here's to all the fun times, and bored sleepy times in CS classes. Best of luck.

A talented artist, trained dancer, aspiring pianist, compassionate human being and a wonderful friend. You are the best neighbour one can get. I wish I get roommates in future like you :P You are one of the important connecting bonds of our corridor group. It's so funny to tease you about your OCD :P That blushing grey green eyes :P. And the important part - she let her friends mess her room, she will take the trouble of cleaning it later alone. (I still remember you cleaning your room with dettol after one of T1/T2s since literally your room was a library for the Maths girls). I took the freedom of taking food without

permission only from one person so far and that's you Though we have had so many wonderful memories in this 4 years together, my sabse favorite would be that night when I came to your room on my birthday last year(hope you remember, I still have the pics :p). Thanks for that wonderful birthday celebrations. Your dedication to Nirmaan was so inspiring(truely a daandevi). You taught me a lot of things without you even knowing. Thank you dude! Love you lots. Keep in touch :)

...ARCHA R I

The best friend I could ever hope to have. You have such a beautiful personality. You are kind, caring, humble, compassionate, helpful, and down-to-earth. You have so much love for everything in life. You're also unbelievably creative and artistic, and your drawings and crafts are so beautiful. I will miss those late night/early morning talks that we had, and watching the sunrise after staying up all night talking about random things, and you talking me into taking photos, and going on random walks, and all those philosophical discussions about art and religion and life. You have taught me so much about so many things, and it has made me a better person. You have made a huge impact on my life, and I know your kindness and love will make a difference to many people in this world as well. Never change, and keep in touch <3 <3 <3.

...LEAH RACHEL CHACKO

One of the most caring, helping, over optimistic (double positive :P), motivated, dedicated, hardworking and sweetest person I have seen in my life. Whether it was 3am emergencies or looking for notes or any problem at anytime, you were always there. The experiences from arts and deco, great fun and exceptional work in Nirmaan and the tales of our corridor, everything would have been incomplete without you! The best neighbour anyone can have! Hope you get all the success and happiness in life! Always stay in touch!

...HONEY JAIN

It was always felt like homey environment whenever I came to your room. We had some of the best memories from Arts and D outings and work to watching movies and making random hairstyles to having best time in Nagda. You are one of the most generous, kind hearted and empathetic girl i've ever met. Hope we meet in future and keep doing random lame things. All the best ladki!! :-)

...Bhakti Vora

Shriya aka Daan Devi, she is the sweetest, kindest and most empathetic person I've met in college. I admire her. She has made our corridor a family, including everyone in all activities, talking to everyone. She wakes us all for exams, takes care of us, helps us in every way possible and she asks nothing in return. She has taught me how to find happiness in little things. I will never forget the late night conversations we have had. Love you Shriya.

...Shreya Arya

The best person I met on campus. I personally haven't met someone with a purer heart. Always the first person to help, and the compassion you have for people around you, even in the outside world, is something people can only dream for. The artistic talents you have in you, combined with the creativity, is sure to catapult you to success and fame once you take it up as a career. I will be the first person to buy your artwork. Working with you in Nirmaan will always be one of the best experiences ever. Thank you for such an amazing JoGW. The commitment and the passion that you exhibited being the 'Daan Devi' is something that will always motivate me. Stay in touch. Enjoy life. Paint and draw more. And, let me know when and where will be your first art exhibition. And, given the empathy you have for people who are less fortunate than you. I am sure you will put in your best and maximum efforts into making this world a better place to live in. :)

...SIDDHANT RATHORE .

Most caring and optimistic person I met on campus :*. You had been my constant source of food for all there years :P. I can literally barge into your room anytime and disturb you. You know I really admire your double positive nature, never lose it coz it makes you special. Always be this helpful, creative and fun person as you are. Keep spreading love. Al the best for your future!! Be in touch.

...SANSKRITI SINHA

...BODHANKAR PRATHAMESH VIJAYRAO

Our friendship happened because of us and this credit goes to nobody else. There, I said it. The depressing one semester out of campus was all made up for with that one 3AM talk and the endless daily talks. Your genuine nicety towards people, the compassion for a generic well being of everybody and your pure form of friendship is definitely etched in my memories. I dont know what I brought to our friendship, but thanks for sticking by always and understanding me and my thoughts in this fast moving world. This Marathi Brahmin is never letting you go! Keep Drawing, updating Whatsapp Statuses, and Keep irritating with your dumb jokes! All the Best for everything that you do!

...VARAD JOSHI

Though we met properly in our second year but whatever time we had together we made the most out of it. We may not have been to many outings together (ur fault) yowe may not have had any meaningful conversations but those 9 am maths lectures were as good as it gets because of u..because of ur humour(wretched though)..because of our art of not giving a shit..hope u'll remember me after all the meaningless laughter we shared together...wish u all the best for ur future.:)

...SNEHA GARG

...PEDNEKAR SAMRUDDHI SURESH

Shriya! :D Bro..you are different. You are like a mom's soul trapped in a girl's body. Thankyou for waking us up, taking us to classes, sharing notes, giving us food, letting me keep kung fu Panda for so long and for so many other things. You are so artistic, never let it go. And stay in touch :p

...Mansi Swami

The only good thing about Maths and EEE is that I have met friends like you because of that. You are really nice person and your dedication for NIRMAAN is unmatched. Shriyaaaaaa! You are an amazing human being. You're so supportive, so caring, so positive(a little too much, but that's okay). These four years I've seen you change your perspectives about things, seen you conquer your fears and work on weaknesses, but never at the cost of things you value, and that is something I respect a lot about you. Thank you for being there for me and caring for me from the first day till the last. You've taught me the value of believing in things and people and what it actually takes to maintain relationships, the effort that is required. You're easily the most beautiful soul I've ever met. Always stay the same, never let anything or anyone bring you down. I hope we stay in touch! Loads of love! :*

Arey Blondie! How to do you carry that much of swag bro !!! Please share the secret of your charm, for which girls are crazy! Aur jaldi se Bangalore mai koi job dhundale!

...GABALE PRATHAMESH SATISH

Kai zala!? You're weird but you're nice! Thode ideologies different hain hamari ,par abtak saath reh liye hain toh shayad aage bhi reh hi lenge. And because you've been there for me always, guided and influenced me, given me a different perspective, suggested random weird ideas even though you also made fun of me , ridiculed me, given less bhaav, never have listened to me and everything, I still like you. Count me in for your non running/trekking future plans and bhoolne ki koshish bhi nai karne ka.

...SAKSHI SHARMA

Hey bro! I think there's more to you than the cold, calculating and stoic self you present to those around you. :P I really like your running style, and hope to see you at the Mumbai Marathon sometime soon! Best of luck bro! We had some great times together!

...ASHU TAYAL

Agarkar, I have known you since the time we were workshop partners in the first sem and have had great times to remember since then. Hope to do the same in future. I donâ??t need to wish you luck for future, because I know you would do great. Just be yourself!

...PUNEETH SRINIVAS MOHAN SALADI

Are aggu! Tere saath kitne logon ko judge kiya LCS classes mein, kitne projects aur assignments kiye, TA bhi bana, gaaliyan bhi khaayin, marathon bhi bhaage. Pro aur aalsi donon hi tu hamesha se hi hai. I think the only reason you finish marathons fast is so that you can go back and sleep. Having slept back alone on a class that we were supposed to TAKE wouldn't have been as much fun. I will remember you for the honesty with which you approached things in life. Good luck to this free agent who I am sure is going to do several awesome things in the future!

...ADARSH

Yo Blondie, sorry for irritating you a lot in these 4 years. Thank you for guiding me during placements and I enjoyed a lot last semester talking to you. Best of luck for the future and Tinder Mumbai awaits!!

Hi friend. Without you my college life is incomplete, for obvious reasons. From meeting in the Nirmaan inductions for the first time, becoming such good friends and whatever followed :P Thank you for being a better friend than most people are able to be in a lifetime. Without your help, support and constant daant I don't know if I would've been able to be half of what I am today. Thank you for teaching me to be besharam and that life is too short to give fucks to people and things. Always stay the same, loud, Bhopali who boasts about how well he cooks. You will be terribly missed. I really hope you always stay a part of my life! I hope you get everything you want in life and I hope we get to dance and look stupid once more in life! Loads of love! :*

Let's go trekking together pleasee . Loads of love

Cooper! In these four years, we have been after each other like Tom & Jerry but we have also been there for each other like John&Sherlock. From spending hours in library to amazing road trips, from high end classy hotels to little food vans, from Mongi ki coffee to some interesting Goan special, from Eco to EEE, it has been full of ups & downs. But in the end life has its own amazing way to sort out everything and put everything in the best way. I have some of my very best memories with you, one of the few people who knew everything about me. Keep up your spirit of life and keep doing what you do better than the best :D. My best wishes for you.

working in Nirmaan is your friendship. Every single time we talk, there is something to learn and think about. The best thing about you is you are there when your friends need you. You are life of the party. All the outings, meetings and roadtrips would have been so dull without your jokes and dance moves:P Except being a great person at heart, you are exceptional in the work you do. Nirmaan could never had a better President than you. Keep up the good work always and keep in touch! All the best for future! I know tu phod dega like always! (PS: Bada aadmi ban ne ke baad bhul mat jana :P)

The day we got the JNV results, I was sure that you are one of the few people going through the exact same emotions as I was because that is how deeply you care about the cause. All the best and keep the racist jokes coming :P

...Somya Shubhangi

Definitely many will agree that you have all the traits of being a successful leader and we all would like to see you leading us, and the country in the near future. Baad me patani milne ka time ho ya nahi Rathore saab aapke paas, autograph abhi de dena:P

I will always remember my 21st birthday for sleeping with you! :p One night ensured my whole semester will pass by happily and in all probability, my whole life. You literally know when to stay calm to handle the situation and when to take the stand for what is right. I loved how you opened up about the myriad shit in your life and how we connected at almost all instances. You are that person who I know will definitely understand my stance in a particular problem and understand my thoughts however different they might be. Thank You for travelling on the night of 24th and Thank you for being you!

...VARAD JOSHI

Rathore sahab! Never did I expect that what started as a random walk while discovering similar tastes in food would build up to something so priceless. I am sure even 10 years down the line when you open this yearbook we would have enough emotional, beautiful and motivational messages in our inboxes for each other. So call me up whenever you read this and miss me :P .

And not to forget about your nature, bhai I'll never find a guy with a nature like you, actually I don't want to because I know we'll not loose each other. I'm glad I get a friend like you to whom I can always count on.

...Velidanda Srinivasa Tanmay

From starting off as corridor friends to working together in Nirmaan, this is the person who has left a lasting impression on me throughout college. We have gone through infinite ups and downs bhai, but what has always kept us together and what will always do is the shared passion we have to strive to make things better for the people of our nation. I wont say we will work together someday, because we definitely would. Kyunki apan dono ka sapna ek hi hai bhai!

...MEGHRAJ JAGTAP

Mr. Rathore. The nation is definitely in need of amazing leaders like you. May all your wishes come true. The most talented backchod one could ever meet. All the best in life bro Duaaon mein zaroor yaad rakhna.

...HARITWAL YASH MANOJ

The feeling of respect is mutual Sir. I don't know humari dosti pehle 2 saal mein kyu nahi hui. Agar hoti to shayad iss college ke liye aur iss desh ke liye aur bhi kuch karte. When I look at you I see a more extremist version of myself. Though or thought process in different our aim is the same. And I don't care what our paths are but I am sure that a couple of decades from now both of us would have moved close to that common goal. I really do hope that the thing which we discussed at the Ashram does happen in future. It is rare to find such a motivated person who wants to fight for this country. You truly do follow your idol. I won't be wrong in calling you the Bhagat Singh of today. I really do hope that you become an IAS officer and make these politicians straight. Contact mein jarur rehna. Ja raha hu mera vatan chod kar kuch saalo ke liye, khyal rakhna uska

...AKSHAY KUMAR

Rathore! First year, met for the first time, hated each other. Third year, were made a part of the same team and become inseparable bros. If I talk about college, it is incomplete without mentioning you, the bench, the 4am talks, the random bog trips, the road trips, the getting drunk, the "perfect", talking about things we rarely talk about to anyone. What I like the most about you is that you are what you say and you do what you believe. I know you will do amazing things in life. Thank you for all the things that you've taught me, thank you making me a better human being, thank you for the support and understanding and thank you for making my college life as amazing as it was. Keep in touch! Loads of love. :)

...Wahiduddin Patel

Some people are born different. This person is born with all the "Rajput ushuls" and with a purpose to change the way things work. Never have a met a person who has this kind of thoughts. The kind of leadership qualities I have seen in him during his tenure in Nirmann is something which I really appreciate and look up to. Be it football, be it academics, be it open mics, be it Nirmaan, be it SAE , he has done everything with the same passion and spirit. If you can carry all your principles and thoughts along with you throughout your life, I don't think any force can stop you from making this world the best place to live in. Always keep your ideals the way I have seen them. Simple living and very high thinking perfectly suits you. He might look serious but is totally opposite most of the times. A perfect entertainer with lifetime validity and free of cost. Thank you for teaching me what life is and how good people can be.Thank you for adding that awesomeness in my life and letting me be more of myself. I can (and most of the people around have already said) easily say what I am today is definitely because of you. I hope I carry everything that you taught me alongwith forever. You very well know you are here for a purpose, always keep working towards achieving it. All the best favourite human for everything that you want to do. And remember, You will never walk alone. :)

...SHRIYA GUNE

Hi, Somani my close friend, I was very lucky to have a such wonderful neighbor and friend in my time studying in BITS. I think it was to you only i spoke about my everyday life in BITS. The TV serials i am watching (sorry that i spoiled you too), how may hours i sleep every day, how lazy I am, Political or Social issues of India and others etc . and it always fascinated me that unlike all other friends, you always heard everything humbly and sometimes laugh also about it. Even if i require to something for some urgent matter it was to you i always come first whether it is pen, pencil, sharpener, money, Camera (DOPY mates), or sharing laundry . It was always nice to have a person who calls me while going to mess (did'nt get bored as I was not going alone) or wake me up during exams. Trip to Vasco, Madgao (Navthara) and old goa was also nice. We will meet again for sure even after leaving Bits. I wish you success whether you are working in India or Abroad. All the Best my friend

...PEDNEKAR SAMRUDDHI SURESH

Cuteeeeeeeeeeeeeeee, tu aisehi rahegi na hamesha. Kabhi mat badalna. From being just Maths and EEE buddies to friends I guess. It's always so much to fun rant about you and insult you so much. I guess you won't leave coming behind me everywhere even in PS-2. Please take some things atleast seriously. And thode emotions jaga le apne andar. Some friendships aren't named as best or close but are still special. This is one of those. Please stay in touch and keep learning new hairstyles. :*

...SHRIYA GUNE

Snehaaaaa! My hubby :* Please go to work and get money and get promoted also while i do yoga and make food for you :P I am so glad for you there with me in Nagada, our infinite patte nights, gossip sessions and random photo sessions were only possible because of your aalas. Don't leave me and run next time in case of earthquake. I love you motu :* Keep in touch!

...AASHIMA RATHORE

...TANU RUNTHALA

"Mehfil mei teri, hum na rahe jo gham toh nahi hai, gham toh nahi hai, kisse hamari nazdikiyo ke kam toh nahi hain, kam toh nahi hain...." In you i found a sister and an encouragement that i would not let go for this one life. Wo tera room, common room se lively hona, mere DSP assignments likhna, NC saath chalna, confessions daalna, bro i am carrying this entire box of memories that i shall cherish forever :) P.S. send nukes.

...SABHYATA SHUKLA

Brooo... Sup Bro.. Thank God I got an opportunity to be in a room near yours. I never thought we could be such good friends. Terekha pata hai na tera room is the common room of our corridor. Poore din ke kaam and practices ke baad you are the person i really look forward to meet and burn all my tensions. You are a very pure person.I am always gonna remember all our gossips about 'you-know-who/all' and BiggBoss and all random stuff. Tere saath seriously bohot mazze aate hai. All the best for your future and always stay in touch.

...TANYA SHAHI .

Snehaaa, the queen of sass ;) Zindagi mein sab blur ho saktा hai but mujhe tera room number 230 humesha yaad rahega. I might not have so many memories anywhere in the entire college as compared to jitni tere room mein hai. Pehle nahin mil sakti thi? Thank you for all the TV shows you suggested, all the

dahla pakad and literature, all the discussions about every freaking TV show that ever existed and for those uncountable times when you made me laugh. Tujhe mehndi lagana, quiz ke liye uthana, tujhse hairstyles banwana (although mera abhi bhi pending hai) aur tujhe judgement mein harana....yaad rakhungi main , Jab tak hai Jaan , Jab tak hai Jaan! Always be the same. I'll really miss you!! Stay in touch :*

...TAMANNA PAHOOJA

Sanehda! Rare creature on the face of earth, that has sarcasm flowing through her veins. You are my bro, our problems of life are so similar. EEE? Naah. Cards? Naah. Cricket ground? Yeahhhh :p. This is how much we grew up in a year. From extrme fasting, to ek dosa chalta hai to aadha cheese garlic nann, life has been amazing with you. Who knew a little group of four would become bigger than a joint family with so many characters! And the favorite place for every family event is your room. Always be this chill max, not easy to decode but simply amazing person you are and let the dark rumour rise :p Will miss you

...Mansi Swami

Hey motiii!! ssup? bahot mast hai yaar tu. Ekdum bindas. jab bhi bore ho tere room pe chale jao bas apne aap mood acha ho jata hai. Don't let this craziness go away please. You are amazing in your own way. Chal ab padh le kal ke quiz k liye :P All the best and be in touch.

...SANSKRITI SINHA

Ai Tatti, Bhai tu kahase aayi hai. Itne similarities hum main already hai ki tu copy karti hai :-P Itna ghar banaake ke kaise rakh leti hai tu apna room. Always the go to place to get mind off something- room no. 230. All those concerts, and random logoki acting, those random inventions of lame things, we should definitely open up a youtube channel. And o, vishva sundari, hope you be successful in following gym ka timetable kabhi toh. :-P Thanks for keeping your door and above all your heart open to all of us. Thanks for listening to our rubbish crap. Thanks for always taking our pictures but never complaining(well once) about nobody taking yours. Thanks for being that easy going friend who never judges anybody. Chal ab all the best for future.

Soham Kelkar:2014A3PS0266G

One of the most chill people I know. It is always fun to hang around with you. Keep rocking and acing life, like you did in EEE.

...SIDDHANT RATHORE .

Soham and his indelible laughter will always stay with me, well at least for a few months :P. The guy who tries to show "faltu ka swag" and manages to succeed on some occasions as well, has taught me a lot of things in these 4 years, which became all the more memorable because of him. A fine gamer, an awesome pianist and even better human being, I'm sure Hell Rider will do well in his future. Best of luck buddy!

...Sanjeev Sripadraj Murthy

A few lines are not going to be enough for me to describe you, to describe our bond, to describe why whenever I want to share a secret you would be the first person I go to. But let me try. It all started in the bank if I am not mistaken. When you became an honorary member of our corridor. Our friendship started because our language was the same (though we all know how fluent you are in it), but today we don't need the reliance on any language to know what is going on in each others mind. I am 100% sure not a single couple on campus can beat us in Rohan's game. I openly challenge everyone. I think my friendship with you defines the word 'friendship'. We've seen each other at our happiest moments, we've seen each other at our worst and one thing that I would like to tell you is that don't have a single regret about anything in the past 4 years. It has all been worth it and it is these experiences that are going to drive you towards that direction. Don't change the way you are even though you are too good for the world, even though people might use you, but one day it is this nature that is going to get you everything you ever desired. And in our next Journey though I won't be physically with you, you will always be in my heart. Also don't forget about DMK. We have loads to achieve.

...ANAND Dugad

We have reached point where our start is too much years ago and our end is when death will doth us part. You have been an integral (and a differential) part of my life, one of the few constants in this world of change! A perfect Good Boy - Bad Boy combination who literally think the same thing at the same time and almost say it as well! Pace -> BITS -> Bangalore ->USA. We have started our never ending world tour already! We'll keep dumping bitches and go to riches! This message was just to ensure to you that I am still a little in touch with m emotional side when it comes to you! If it ever comes up, there will always be one guy violent enough to back your every decision and beat the hell out of this whole world for you! All the BEST! Lets Change this world with our riches and keep dumping bitches!

...VARAD JOSHI

Fukat swag dakhavne....Kasa re? :P. Awesome gamer not only in computer games but in chess and outdoor sports as well. Not to forget gamer in context with chick magnet :p. Mala pan game takayla shikav re :p. Bridge devta :p. Moreover an awesome person and very good friend. Our candid(fake) swaggy pictures and your laughter which made us laugh will always be in my memory. Best luck for the future and keep in touch :)

To the person who is always roaming in the corridor, looking for people to play bridge or seeking company to go to mongi/foodking. Your laugh inducing laughter, ugach cha swag, pro-gaming skills and batting skills in both senses will be in my memory. Always keep smiling. Stay in touch and all the best for your future!!

...Ameya Mangesh Deshpande

From the weird screams while playing DOTA resonating in the corridor to the empty, fake threats - dar gaya, Dhananjai, I've always admired your style and calm nature. Lucky to have had you in the neighborhood. Good luck for your future ventures. See you in the US. :D

...Dhananjai Sharma

HeLL RideR! From what started in those group discussions in Anand's room, I think our friendship has grown a huge deal. I have always admired your calm attitude (and so the pumped up shouting Soham on the frisbee field scares me :P). You are the iPhone buddy, the true raees of our group :P. I'm always gonna remember those crazy AOE and frisbee games. I'll remember our winning streaks in bridge and crazy stuff like the spoon-ketchup incident :P. Hope our paths cross soon again. Keep being the awesome person that you are :D

...RANAWAT CHIRAG DINESH

Soham is not as half bad at DoTA as he is in poker. Invoker mid gg for life. See you at TI40.

...Shubham Shastri

Wanna g anytime? FYI, These ancients ain't gonna defend themselves. Keep in touch, LadiesMan 2917.

...KAPIL KALRA

Soham...I don't really have words to describe our friendship. We don't meet often, don't talk often but I know that I can bank on you whenever there is a problem and I know that you will be there for me. You are the most innocent (and naive :P) person I have ever come across. Hopefully, tujhe ek achi ladki mil jaye jaldi US main. Hoping to have many more conversations and discussing your love life in the US. All the best. Love Apeksha :)

...APEKSHA JAIN

Rarely does it happen that I can describe someone in one word. But for you it is - SWAGMAX. Your laughter while allegedly studying in Anand's room and persistence in going to mongi will be remembered forever. BTW did you talk to Sam about PPO at Mongi ;) But one thing is for sure... You are a great listener and you have given me some of the best advice in life. Hope you confess to her before leaving college. I know you are going to US but do keep in touch. Best luck.

...RATHI SHIVAM NARENDRA

Soham ! A gentleman. My constant, my person. <3 Your weird laughter. Always found you at Mongi sipping Frooti or chai. We shall always stay in touch :) :*

... Vaibhavi Shanbhag

Hello HellRider. You have been one of my closest friends on campus. I will always remember the AOE games, frisbee and all the fun we had together. I know that if u try hard, one day you will definitely be able to beat me at AOE ;p. And how can I forget about your unusual laughter which we could hear even when you were on the 2nd floor and we were on the ground. I wish you all the best in your future. Stay blessed and stay in touch.

My soulmate, you were the first of many people i asked out on campus and this has been the most successful relationship ever (apart from this other guy you are seeing, whom i call my brother). The one that i could always call my best girlfriend :* Thanks for bringing such joy, booze, food, bestest outings and love in my life. ily :*

...ISHITA MALVIYA

These boxes wont ever be enough. I love you and that's obvious, given there is hardly any day that goes by without our regular banter. But recent developments, I admire you. I admire how dedicated you've become, be it fitness or in general life. And that too with a much more positive attitude. But the best part is how you motivate people around you, waking me up for every class without fail even though you know I am not going to is quite something. So thanks for taking care of this laid-back anime freak aka me. I am not going to say stay in touch, coz in all possible universes you will end up with me (just hope that in at least one of those parallel universes, we dont end up in tara manjunath). You deserve the best :*.

...SOUMYA JETHANI

I wish Soumya had introduced me to you sooner. Frankly, your craziness scares and inspires me at the same time. I hope our friendship only grows from here, because I think I have a lot of things to learn from you - like How to Party Without a Care in the World. Putting that aside, I think you are a wonderful friend and human being. Stay crazy.

...KRATIKA CHANDRA

SONI. You're the weirdest person I know. Aah I wish I knew you sooner, but I am so glad that summer 2017, Bangalore happened (BT aside). I hope we end up somewhere together and scare the crap out of the people there. I know I can always call/text you whenever I am low and you'll make me laugh like crazy, and I hope you know you can do the same :*

...JAYATI SINGH

We've been living right across each other but never talked until 3-2. I wish we'd known each other sooner. I love your spirit and drunkenness. Next time let's look around before we talk about controversial stuff :P Please stay in touch and all the best

...AKSHAY CHUGH

Hi there. That jersey confusion was an honest mistake. :(You didn't have to laugh at me so much. But then, your smile is so adorable that one can't even get angry. May you keep playing football, writing about football and dreaming about football. :P

...Somya Shubhangi

^ AH2FC FTW!

...Varun Nayak

Somehow we manged to have fun talking about absolute nonsense and continuing a joke long after it has any right to be funny. My main advice to you would be to read books more carefully and not jump to conclusions about important characters.

...NIKHIL RAMESH

From a fat lab partner to a gym beast :p you have changed a lot . Cheers to all the lame ass jokes and god theories in the last 4 years.

I hope to see you evolve into Claire Underwood one day. Hope to see you around after college too. Love you.

...KANNAN KAPOOR

Oye. Tu meri item dost hai. You spice up my life like no one else. I will miss our not-so-useful group study and 3am deep talks. Stay as chill as you are. I am glad I taught you some really useful skills *wink*. Don't listen to anyone who tells you tu perfect nahi hai. Cool Nidhi is not half as cool as you.Though slow down with your anime obsession already. Love you :* PS.I hope you're reading this after 10 years in your personal bath tub with rose petals, bath salts , music, khusboo and champagne.

...ADITYA SHRIVASTAVA

It's always exciting to see which phase Soumya would be in next, either the '3 day anime marathon' or 'non-stop deep study sessions'. It had become my responsibility to remind you to write reports and for labs. I'd definitely miss our long deep talks and discussions about the most random stuff possible. You definitely light up everything and everyone around you with your aura. So glad to have such a pleasant person in life :)

...AASHIMA RATHORE

SOUMYA JETHANI tumhare bare mai main kya kahu. Ek page kya, puri book nahi kaafi hogi. You are my jaan and jahaan. You are my eternal source of hassi and maza. Love you more than anyone ever can and ever will.

...KRATIKA CHANDRA

...SHIVANGI PANCHOLI

You inspire me, and I have a long list of things I have learned from you. You're one of the people I know won't try to keep in touch when we're far away, but if we're in the same city, will travel from Malleshwaram to Indiranagar (without phone ofc) to meet me and we'll still have a non-pretentious blast. I will come to Bhopal once I swear and we'll have poha and go to Kafe Kulture lol. Let me know if you need me to highlight words for you kabhi in life.

...JAYATI SINGH

Hey kiddo, keep being the cheerful, happy-go-lucky person that you are and never grow up. Its always a lot of fun being around you, especially drunk you, especially. Good luck for the future, keep spreading love all around. :D

...ARITRA CHOWDHURY

Soumya, I hope you find an alarm clock capable of waking you up in the future and hopefully keep your room clean :P Yaar yeh log kitni bakwaas karte hai! Arre ye kya chudaap hai! Extended hi to my tallest friend. Despite having different branches, different interests and basically nothing in common, our friendship has survived till now. I miss our walks and our discussions about life and all the fuck-ups we did. You know everything about me, good and bad, thank you for being there for me and being supportive despite my short temper :P. Let's make a promise of spending more time together next time we are in the same city. Looking forward to meeting someone special the other time:P Stay the same jolly fellow and keep acing life. Love you.

I'm so glad to have you around me. You are legitimately one of the sweetest and kindest boys I have met, and one of the most amazing friend. Main toh marr hi jati 4-1 and PS-II mai tere bina. Here's to the 4 years of college together and the shared future workplace.

...KRATIKA CHANDRA

Don't forget me when girls fight over you. Oh wait

...JAYATI SINGH

You've been a constant these four years. Let's maintain this? I admire your sincerity towards friendships. Stay in touch wagerah lite I will always keep bugging you.

3.14159265358979... One of my first friends on campus with an amazing taste in music. It was fun just walking and talking at night randomly first year or two. And it's always fun to talk whether it be football or CS. You're very genuine. Have fun, and best of luck!

...ABHIK RAY

I'm surprised you haven't punched anyone in college.

...I JAYANTH .

It's been great watching your transformation from the awkward 005 I met in the first week to the goofy tech millionaire I'm writing to now. The only thing more amusing than how quickly you flare up is how quick you are to forgive. Thanks to you and J for putting up with my idiosyncrasies right from our fest friend days. Looking at our track record of rendezvous in Mumbai and Hyderabad, I doubt you'll be getting rid of my occasional company anytime soon. :P P.S. - Save me some space on your couch (or the spare bedroom, or the spare mansion) - you know I'm going to need it someday. P.P.S - I can't quite match the cheesiness of Jayanth's Best Friend's post, but I'd like to think I tried.

...NISSIM GORE-DATAR

Thanks for the penalties saves Pai. Sorry we couldn't do better justice to it in the semi-final. I know you're going to well in life so I'm not going to sat anything about that, but I hope keep the passion for the game kicking and alive.

SUMEGHA SINGHANIA:2014B2A30859G

The bro times shared can never be forgotten. Those talks till 4 am during compre are something I'll never forget. There have been extremely few people with whom I have been as comfortable as I was with you. I could discuss any and everything with you, without any fear of being judged, because you had already judged me enough. :P I am glad that I joined Nirmaan for it introduced me to people like you. College life wouldn't have been the same without you. I will always be indebted to you for all the support you provided me during times when I wasn't able to talk to anyone about it. I could never forget that. It was an amazing experience working with you in Nirmaan. All the best for life. Phod dena. And, stay in touch, hamesha.

...SIDDHANT RATHORE .

Fun and carefree person you are. Had a great time during the late night last minute studies! Sarcastic jokes, cribbing about EEE, food from NC, road trips, bogmallo visits and panicking to complete the syllabus- all of these would have been incomplete without you. Wish you all the success in life! Hope to see you in future.

...HONEY JAIN

...Sarvajot Singh

Hey Sumegha! The time we spent together taking those late walks , all nighters (turning into gossip sessions) and being savage at times have been fun. Have a great future and hope you get all you want :)

...ARPITA MEHTA

We have had our own share of some amazing memories together . First year exam sessions , random night walks , cribbing about life in general was so much fun with you . Chemistry would have been half as fun if you were not there . Failing in organic exams together and then laughing about it , running to print the graphs , last minute lab report completion , breaking the test tubes in labs , we have seen it all . We have had our share of ups and downs but I will.always wish the best of everything for you in life . Stay this cheerful , bubbly person you are . Love you <3

...AYUSHI SONI

I really admire you for what you are- carefree, chill, caring and honest person. I respect your way of thinking and your attitude towards your friends. All the times i photoshopped you, annoyed you :P and shared our frustrated heads to each other, i'm gonna miss all that a lot. You are really close to my heart.

All the best for future and keep in touch..!! :)

...SIMONA ACHARYA

Ladki!!!! The first person I met on campus and whom my parents approved of. :P It was not a smooth sailing life since then but I am glad that we reunited because of a very good reason, our work for Nirmaan. The hours of working resulted into infinite seconds of memories. We never really met or talked everyday but I knew for a fact that if I ask for something you will always be there to help. I would always be indebted to you for showing me what it is to live in a bigger world and come out of the small town cucoon. There are numerous things I saw in you and your thinking which has made me what I am today. The last 4 semesters have been life changing for me and you have been a very important part in it. Thankyou for improving my Hindi so much. Thank you for all those bog evenings. Your open attitude towards things is something I am definitely working upon since months and I am sure to learn it soon. The common suffering because of dual life and EEE is something that has definitely added in making the bond stronger. I will always be there to listen to anything you want to say and say even more after that. :P Thank you for tolerating me for so long. We will obviously stay in touch. #TreasuredReunion. :*

...SHRIYA GUNE

Is it even possible for two people to fight this much and still remain such good friends? Ladai khatam nahi honi chahiye,bro. Hands down, the coolest girl I've met on campus. It is with only you that I can take the liberty to discuss almost anything, not just because you are so open-minded but because after such a long friendship I don't even care being judged by you or offending you :p. One of the few people who always seem to have the right set of words at the right moment. Tu zindagi mein bohot aage jaane waali hai. Hope to remain friends with you for a long time!

...MEGHRAJ JAGTAP

Sumooo !!! You are a great person at heart..You have the quality of making any person feel comfortable to talk to you in seconds. I envy you for just one thing.. Ritu ko apni jiji se zada pyar h (haha :p). Thanks for recommending me books, kaju katli and staying in touch. Take care! Be the same always and good luck for your future! Lots of love. :)

...SAURAV RAJ

You literally are one of the few people who made chemistry bare able for me especially the labs. Your smile is really infectious so dont lose it ever. All the best bro for everything ahead but stay away from chemistry for the rest of your life :p

...RANIT BANERJEE

Omegaaa....you are the most sophisticated, yet crazy person that I know. Tu meri first project partner thi Physics project mein (although that was a disaster :P) and ever since you have always had a special place in my heart. From our gossip sessions to our red chilly dinners, I will miss every moment that I spent with you. Always be the chirpy smart person that you are. Loads of Love !! :*

...TAMANNA PAHOOJA

Paglu! you are few of the first person I have met on campus, I totally admire your straightforward nature. Our super long talks during fest time was always a stressbuster to me, thank you for sticking till now, I hope we remain same till very end. <3

...MAYANK Anchlia

Hey Sumegha, from working together in Emp-Ops to heading Nirmaan in 3rd year, from amazing outings to the Jacinto photowalk, from being Lab partners to doing DM together and then eventually

dropping/not getting DSA, I adore every memory we shared together :3 . You know, I always felt you are a female version of myself because we had so much in common. Well, expect the part that I somehow gathered a little more courage to stay back for another sem in this dead place. Indore jake chichen khana chhad mat dena! More importantly, don't forget the person who taught you eating chicken :p. Good Luck for PS2!! :3 :3

...MADHUR DODEJA

tere saath emp ops mein kaam karke maza aaya. apni dudh sagar outings is the one of the best outings i had. u are very hard working, intelligent and fun to hang out with. stay in touch. also tu humesha hi emp ops ki "don" rahegi :p

All the best for u life and i hope IT ps mile apan dono ko . Sath mai bethke phir royenge!!

...SNEHA GARG

Omega! We don't talk everyday, but the days we do it's difficult to keep a track of time because there is always so much to talk .It has always been easy to talk to you about anything. More than anything, i love our jogging sessions, those slow rounds at the start, where we just quietly talk. Those study sessions in my room a night before exam, all of which ended with 'what must happen shall happen. Sleep is more important'. From discussions of DSA to how expensive and complicated weddings are(Your di's wedding), we have covered everything. Our friendship does not look what a conventional friendship looks like, but it is something i would like to cherish. now that you live close to Bhopal, do visit :P. Lots of best wishes.

...Mansi Swami

Without you I have got C even in labs.Thanks for tolerating my antics in lab and actually doing experiments in lab while I was busy snoring. All the Best

You are the best person I've met on campus, feels so good to share anything with you, our frequencies match and it's never boring to hangout with you. I still remember how our crushes used to change every alternative day. All the best for your future be, love you, keep in touch

...EMMANUEL MANIHAS KRUPA

SUMEEEHHHAAAAAAA!!! Meri dooosssstttt! Tu na sabse chill aur calm bandi lagti hai mujhe apne poore batch mei! So, it's always awesome to hangout with you! :D Cheers to all those times we have spent in our shitty chemistry labs! You were a part of the reason ki labs aane ka manna hota tha! That

stupid Chemistry outing jaha humne humaari one and only pic click ki thi! :P Though, I looked so bad! :/
And, then, uske baad first outing with you! :D Kaafi significant day tha humaari friendship mei! :P
Arreee...and, also, those rants about how chemistry sucks and how everyone in chemistry sucks at the
Food King after the labs would get over! Uske bina lab wale days khatam kaha hote the! :') To those
random bog outings jaha jaake humne pata ni kya kya baate ki :P apne tak hi rakhna unhe xD And,
thanks meri beard ki taareef karne k liye xD Aur kya mast naachti hai yaar tu! Zephyr wala dance,
remember? ;) :D And, I haven't told you earlier but, I like your smile! :P <3 So, keep smiling, always!
Don't know what tantrums life throws at us, so, I hope we can stay in touch, always! :) Keep being the
awesome and chill person that you are! Stay happy, stay blessed! ^_^ Lots of love right back at ya! <3
Until next time :')

...SWAPNIL TAPARIA

Our DPS connection always makes me smile to think the world is really small - stay in touch and let's
keep it that way :)

...Veena Vijai

Hey bro! I am really gald I met you in college. The things I have shared with you I never can and never
will share with someone else. Tough times will come and go but the connection stays because the
connection we have is rare. Stay in touch buddy :)

...PRERNA DAVE

Hey bro! I am really gald I met you in college. The things I have shared with you I never can and never
will share with someone else. Tough times will come and go but the connection stays because the
connection we have is rare. Stay in touch buddy :)

...PRERNA DAVE

Sumeghaaa! Analog Lab would have been so dull if it was not for you. I can recall some amazing time on
outings with you. Who can forget the bread omelette and chai wala outing to candolim :D You know
what - you should come more often on outings with us :) . You are always fun to talk to . Initially I used
to be pretty scared to be joking around with you :P But then things eased out . And now you have been so
trained to get the shit things i say :D Always keep smiling . And stay happy . Love you

...TUSHAR JOEL CORNELIUS

SUNEHA BAGRI:2014A1PS0528G

What did you learn in college? Always trust me, not Nandan xD #Resistance Hahaha too much fun that
was. Ok, it's getting late, time for LIGHTS OUT!

...YASH MEHTA

...SRAVYA YARLAGADDA .

How are you?

...I JAYANTH .

First Of All, Trust me not Mehta :P How come you are always there in my happiest of memories of college? Coincidence? Hell no. You made it happy. Be it watching Eternal Sunshine of the Spotless mind, Or be it playing Resistance, Be it Just taking Case of Urvashi so many times. Be it Watching Lights Out or Be it roaming on Kolkata's streets and getting followed by beggars. Be it just sitting in MBFM classes because nothing used to happen really :P You are the one person who was constant in this equation. Thanks for being there. We had planned a lot of things to do like waveboarding, Table Tennis, Jogging, Not Drinking :P But Yeah lets finish all that once you come back to campus :)

...NANDAN THAKUR

I got really lucky that day outside the CC, when we struck up that conversation and later got the same timetable :D. Thanks a lot for always being there for me, looking after me and putting up with my occasional weird moods. College would have incomplete without you given that you were a part of everyday I spent on campus(except 4-1 of course). And also hats off to your parents to have brought up a person so beautiful, smart, talented and also sweet, humble and completely(seemingly XD) unaware of how awesome she is. Oh, and I really miss teasing you about your multiple admirers :D

...ISHANI GHOSE

SBAG, How's life at JP? Missing the rest of us? ;) Dude, kabhi junk food bhi khaa lo! Life in Mumbai was fun with you dude. Those 5 months and 3-2.. I'll never forget those days. Keep in touch.. All the best dude! Cheers :)

...Aravind Bolisetty

You are one the nicest person on campus. I wish you the best, keep in touch. :)

...Siddharth Kumar Sah

Found your JoGW messages a few days ago. Reminded me of those never ending conversations near the stairs, hope to have more of those, just a better place this time :p Never let that cheerfulness glitch. You're a wonderful person Suneha, all the best!

...SOUMYA JETHANI

What a smile. **whistles**

...Shubham Shastri

Will miss the food salvaging stories, the pikachu, the hanna montana, the bakery and all the giddy giddy

things we used to do as lab partners. Be the kind, jovial and friendly person you are :D. "May there be no bottlenecks in your successes" Ahem! Ahem! .Wish you all the best ahead foo :D

...Shambhu A

WFC = Weird Funny 'Cool'

...ROHAN A GAJENDRAGADKAR

Bagriwari!!!! I never believed anyone would become so special to me that they'd replace Bruno! From being the psudeo-owner of phone (and half my clothes) to my life-guru, you pretty much were my college life! There was nothing we wouldn't know about each other's life and its going to stay that way... we need to be better than my dad's best friends. You are super amazing and I will wait for your blue and pink gifts always! Btw... I still have all those JOGW messages you received from your hundreds of admirers; waiting for us to get older so I can show your kids!

...URVASHI JAIN

Suneha..I couldn't have asked for a better love guru than you in college. :P Thanks for always being there at all those times that I needed any relationship advice. Hoping to have many more "Sakshi's food is our food" moments and all those long conversations about how much guys suck :P Love Apeksha :)

...APEKSHA JAIN

Suneha, hello pretty lady. I really admire you. I think graduating early requires a lot of courage, you're already working when most of us do not know what we want do. I'll never forget our third year waves, those times we stole Nandans chappals, random meetings in Mumbai, all the those times when our planning time was more than outing time. Miss you!

...Shreya Arya

BYE SUNEHA. I have a lot of memories with you but frankly speaking I've just been privileged to have known someone so humble, polite and pure at heart as you. Your very presence is enough to make all sorrow or anger disappear. I hope you get over your fear of dogs coz otherwise I'll ask the next dog I meet to chase you. To all those TED walks and mess chill scenes together. See you in Mumbai, and this time we'll click a picture for sure!

...Suhas S Pai

Suneha! You are definitely one of the most selfless people I've met on campus. Thanks a lot for all the help you've provided whenever I needed it! Keep rocking :D

...PARTH BHANDAKKAR

The Shrink I never paid for. The best take away of PS1. Best Navigator and the most punctual! Senti Message when I leave the country!

...VARAD JOSHI

Hey BBZ. While penning this piece, I realized that what I'd like to say here isn't too different from what I'd scrawled patiently and honestly in your birthday scrap book back in first year. I guess that just goes to show the kind of person you are: level-headed, friendly, and unaffected by all the success that you've deservedly achieved. And, of course it also means that you're still a Powerpuff, a gossip queen, and a flirtatious man-izer who makes the most of the looooong distance between Goa/Mumbai and KGP to have her fun on campus and at work. ;) Indra Nooyi bankar bhool mat jaana plis. Lots of Loooue, Mojo.

...NISSIM GORE-DATAR

Hi Suneha, hope you're doing fine :) I've known you to be incredibly sweet and a very nice person to talk to. I have immense respect for your balance, level-headedness and confidence. You've done amazingly well for yourself, and I wish you all the very best for every endeavor you take up, I am convinced that you will ace them too :) Take care!

...Velidanda Srinivasa Tanmay

You were a great person to talk to, very polite and humble. Had lots of awesome memories in PS-1 that I'll remember for long. All the best for your future endeavors and keep in touch.

...KAPIL JAYESH DESAI

Dear koochi Poochi, love your sing song voice. Let's put our face in food :P.

... Vaibhavi Shanbhag

Sunehaaa! Apart from thanking you for all the fun outings and ted walks and random other time pass talks, and all the wonderful memories we have together, I have to really really thank you for having the confidence in me for becoming a good engineer one day. The kind of confidence rarely anyone has shown and then kind which pulled me through the times I doubted myself. I promise to go on the proposed road trip which never happened. Also you have a beautiful smile and a cute laugh.

...KADAMB GUPTA

Suneha! you are one of the sweetest people I have met and you have a very cute smile <3 Stay the same helpful and positive person that you are! All the best for your future!

...SHESHA VERMA

One of the sweetest and most kind hearted people I know of, you are one of the reasons why I liked going to SAPM classes :-P! From a friendship that started with a course in finance, I never knew we'd become such great friends! Also, change your mobile network asap, cause your current one sucks!

SWAPNIL TAPARIA:2014B2A30862G

A person with a good sense of humour. You can make people laugh when it's most difficult for them. The sarcastic and utter nonsense comments on EEE group are commendable. ADVD labs would have been so boring without you! Hope you meet PC soon :P Have fun in life!

...HONEY JAIN

Swapnil! Cheers to 3 years of sucking terribly at chemistry, telling each other we'll go to class from tomorrow, being forced into going to Bog, PC talks and suffering through all the labs. Thank you for making the labs a little bearable. You're an amazing person. Never lose your beard. Loads of love! :)

...SUMEGHA SINGHANIA

...FERNANDES GLENN JACOB DENSTON

Bhai, I have known you for more than 8 years. Same colony mai toh rehte hi the college bhi same hi mil gyा :P. I have seen you seen you change from a shy, quiet, studious guy to the most chilled out person I know. I probably have the most dirt on you, but chill aunty tak koi baat nhi jaayegi. I have had the most fun in pulling your leg, saying something about PC and seeing you go red with anger, kya kare bhai bhai mai to itna chalta hi hai. Hope your dreams come true and I wish you get to meet PC atleast once in your lifetime (kyunki tujhse bada PC fan I doubt iss duniya mai hogा). The most funniest guy i have ever met. Bro if i remember correctly we never had any serious talk because you would always crack some joke and made me laugh and i really enjoyed those moments. You are a great singer and i really mean it. You have a lot of talent and i know you will do good in life. Never lose your trademark(BEARD).....

...ABHINAV SINGH

People watch Padmavat and think Khilji was the biggest Aashiq. That is because they haven't met you yet. Na unhone kabhi kisi ko itni Shiddat se chaaha hai aur na hi vo apni poori zindagi me kisi ko itni shiddat se chaahenge. Tu hi saccha aashiq hai, tu hi saccha premi hai. I feel very dishearted that ye one-sided reh gya but don't worry, there'll come a day you'll find that perfect someone jo tujhe bhi usi conviction se chaahegi :-P....In order to look for her you can use your EXPERT level stalking skills which you have honed over the years by stalking seniors and juniors alike... Till that day, keep playing Clash Royale, Pokemon Go and ludo on your phone. I honestly think you should adopt Manjrekar(the cat, not the professor) and I wish you all the best for your IOT and coding endeavors. Pyaar mohabbat dhoka hai, padhle beta mauka hai!!!

...MEHUL KAUSHIK

Bhai bhai!! Tu "faad" hai, all started from the first year. Aise hi khush-mizzaz rakhna life mein! All the best for your coding! Stay in touch! :)

I couldn't have survived DD project, ADVD or PS-2 without you. Thanks for always being there to "baby-sit" me. You made the best of my 4-1, my favourite meal has been 5 eggs and fruit bowl for a very long time. Watching friends , helping you cross the road and listening to you complain about your stuff are things I shall dealy miss. Thanks for sticking by!

...ROHAN Dutta

Hey former neighbour..from 'Tu room pe rehti kab hai? ' to 'Tu room pe karti kya hai?'. Thanks for your stationery supply , pep talks, 'mock interviews' and reality checks. Someday, I'll ace your mocks. And I know you'll ace life itself.

...ARKAPRIYA PAUL

The Goa-Mumbai-Lucknow flight with you is memorable. You are the sweetest. Stay in touch.

...MANU SARASWAT

Swatii! Thanks for letting a homeless person crash in your room. You are probably the sweetest person I know. And of course, juniors (you know which ones) suck. :P Their designs are nowhere comparable to yours. You will get everything you want. No doubt. Just keep trying!

...Somya Shubhangi

I have seen you go from "Dekh sneha mujhe padhne de I HAVE TO GET XX CGPA" to "Yaar mere saare subjects mai av- hai, Let's go out !" and it's been a heck of a journey with you. Shouting your name out loud while passing through your room was my favourite past time :p but then you used to throw me out of your room. I wont thank you for being there in my most difficult times, for always having chocolates for me, for being there but I promise, I will always be a call away. And Please kabhi kabhi naха liya kar !

...MADLE SNEHA MALASIDDHA

Yaar tum 3 saal kaha the. We shared almost all of our classes and yet never became friends. This is probably going to be one of my biggest regrets in BITS. However PS ke 5 mahino mein unn 3 saalo ki bharpayi achchese kardi. You are one of the most amazing people I have met. You are probably the only one who could hold her own against constant taunts from the three of us without getting angry. I know that our friendship has been short but even in this short time you know most of my secrets and I know quite a few of yours. I can just sit with you talking and talking and completely lose track of time. I can never thank you enough for the anniversary poster, something which I call a completely selfless deed. I know that you will land up with an amazing RAship and a brilliant college for MS thereafter. There are so many more things to write and I have used backspace so much while writing this message because I can't mention those things on a public forum. I just wish that you remain happy whatever you do. Always remember that anytime you feel that you need to speak to someone, or are feeling low, need any suggestions, just want to get it all out, anything at all, I will always be just a phone call away. P.S: Please mere saath bahar chalo. Thak gaya hu baar baar puchkar

...ANAND Dugad

Thank you for not giving up on me and dragging me to everywhere, from classes to Bogmalo :*

...Ankur Kumar

If my thoughts right now had a word limit, they would've crossed it. I'll try to summarize. I was happy when you flunked jee. Your name on the priority list during 5th iteration wasn't something I was looking forward to. I hated you when I first saw you here at Chor Aunty buying stationery. I didn't want you here. No reason. But your warmth can melt the coldest of hearts. If I've changed so much, I owe a big part of that to you. I know if there are 5 or 6 people opposing me, you'll still be that one standing by. Thank You Tamanna. Thank You for always seeing the child in me. Thank You for always acknowledging the beauty in me. You'll always be special. Academics probably haven't treated you well, but I'm sure better things are just around the corner. Have a wonderful life ahead. Also, do get married. Also, atyant pyaar. :*)

...ANCHIT AHUJA

Tamannaaa!!!! Vivid is the Virsa outing at Colva where i got to know the most about you and got a relief that I atleast got someone to talk with in Virsa. Third year se patte khelna aur aakhri sem mai cooking and saath mai marathon bhaagna...all these will be etched forever in my heart <3 Thank you for being there always..Wish u get into a business school and become a BOSS one day..Good Luck for your future!!! Stay Connected.. :D

...Shimona Narang

Hey gorgeous coordi ! It doesn't matter how less we talk nowadays , but the bonding with you is incomparable. I always respected you and u r a great and genuine frnd . Fash would be nothing without you , u put everything in Fash from the very first year . Your hard work always motivated me .Baaki first year mai dark lane mai team ke saath nikal jaana , audi mai early morning practices , B dome ke corridors mai so jaana , bahar stairs pe beth ke gaane gaana ,it was all so much fun with you yaar . I really miss our fash days . and your energy level is epic yaar , bhale hi outings ho yaa fash practices mai kaam karwana ho . U r a lovely frnd and always stay in touch . Love u :*

...TEJAS AGRAWAL .

If I were to sit and jot down the fond memories that we share, I would probably run out of time and this platform the power of processing it...Tamarna Pahooja, Armoured Car, Shikari amongst a few rhetoric I use to refer you(damn proud of myself to coin these terms :p). Lucky that I didn't like this campus initially and set off to Mandi only to realize that this small trip would gain me you. With you arnd this seemingly arduous four year journey went past like a breeze...I am seriously jealous of you ke aisa koi kaise ho skta hai, that aura around you can even make a paralyzed fellow full of zeal again. Unmatched compassion, tender and caring heart, no doubt that everyone around is able to confide in you their worst of times. What could be a bigger testimony than me an introvert, reticent fellow talking everything out to you..... Love you a lot:*

...BHUVAN GUPTA

Tamanna!! You are a very sweet person and really fun to hangout with. I am always gonna remember how enthusiastic we get for playing cards, and how we use to cry and rant about not getting enough audi slots or going to Panaji for costumes. You are pretty and I wish you all the best for your life ahead. Stay in touch.

...TANYA SHAHI .

Not once,do I have to think before telling you about my darkest thoughts. Not once, do I have to think before coming to you and crying about the childlike of things. Not once, do I have to think before telling you if you ever were wrong. I won't tell you how amazing or what a great person you are, but I will tell you that you are someone who taught me how much power can reside in a friendship.Not many people in this world can have a big heart, and these 4 years weren't enough for me to learn even a bit of how you can see something good in each and every person. So I am gonna need for my entire lifetime. And yes, you are always welcome to eat at my place. I <3 u.

...Mansi Swami

Songs' choice or our love for Bollywood or hate for the same person or same branch or being rant partners, it's hard to guess which trait made our bond so strong. Basically just being there and being together always has been the key to this amazing friendship developed over the years. ...HIMANSHU SINGHVI

Confidence is the first word that comes to mind when I think of you. Sometimes when I ask myself, "Kya ukhad liya coordi banke third year me"? my best reply is the priceless friendship of you , singhvi and zz.These two-odd years that we have known each other, you have been a very chill person to hangout with and a very dependable colleague when it comes to work. You are that person with whom I'd do shots when I'm 50, remembering all the DC memories and laugh, saying "Been there, done that". I find you very able and independent. Society today loves your kind of people; you're definitely going to make it big.

...JAYCHANDRAN PADAYASI

DD, MuP, comm sys partner. This itself states how strong our friendship is. If someone can make through all of that without tearing the other person apart it itself is an achievement. How can someone dance for hours, and still be so full of energy to play five rounds of literature, or still be ready to dance again on the local hostel dj, As a friend I have always admired your confidence and how frank and bol you are(& how you would readily tell me about all your crushes :p). And as a dancer I have never seen anybody except you who has loved dancing so much that they remember every dance sequence irrespective of whether they are a part of the sequence or not. TUSHAR JOEL CORNELIUS:2014B1A30858G

The times when your balcony used to emit smoke like sizzlers were the best moments I had on campus. We've been through all the thick and thins, taking other people's cases in order to let our "Delhi side" rule over us. From getting same GPAs till 3 decimal places, to acting like a retard on compre minus day 3, (not to forget the seasoning oregano incident) and how we started certain things for a lovely "husky" voice to sing with. PS-1 was fun too, watching all the GOT eps and hunting for people to sign for our attendance haha. Love you #ATAKAforever

...KANNAN KAPOOR

Yo Bro. Even though you cannot understand my jokes, I will miss our bakchodi after college. Bhagwan kare tera Nutanix ka sapna poora ho. I miss our jamming sessions outside CH6. Next sem we gotta do them. Don't ditch me :*

...SONI SALONI

Tu Beer hai BC. Sahi mein. Acquired taste. Shuru mein kadwa lagta hai..ganda sa..then dhere dhere aadat ho jaati hai..tolerable ban jaata hai..and eventually you start liking it(and it is best enjoyed with a sutta). I'll never forget your balcony bro..life mein uss jagah se zyaada apnapan aur kahin toh nahi hii milega. Teri vajah se I can deal with any problem in life..no one can make me feel unworthy..inferior..kyunki uss sab kii toh tune aadat hii daal dii hai. Love you bro..life mein Koi bhi dikkat ho toh I'll be there for you..Tujhe bura feel karwaane ke liye.. :P. Always be like this..a true embodiment of the great city that is Delhi. #ATAKAforever

...ARJUN NAIR

College kaafi boring hota tere bina itna sab kuch kiya h humne saath ki sab kuch mention bhi nhi kar sakta. kaafi seedha bacha tha main before i met you chaar saal kaise nikal gye pta bhi nhi chala tere saath. The fact that we both have uploaded the same picture for the yearbook tells how much love we have for each other. Nd I am really glad ki finally tune admit kiya ki vo sab stories cooked up thi and that theory still holds true. I would never forget the first road trip that we went on where Kannan,Arjun and Aviral finally understood how important it is to keep us together and what happens if they leave us behind and no doubt we are the best team ever. Abhi bahut parties honi h Bangalore main

...NIKHAR Bajaj

My relation with you was like with old monk, bitter in first year - manageable in second but after the hampi trip in third year, arre bhai bhai bhai! I will always remember that trip always ;) The YOLO nights (I coined that term rmbr?) in that balcony we shared will be the most memorable moments of my college life. Our mindset may not, but I do hope our paths cross someday :) Pursue music. live life. stay blessed.

To the buddy who helps people get over their crushes and exes :P Although I think I have said it plenty number of times, you are the funniest guy I have met. Keeping people around you happy and smiling is the best quality one can possess. It feels weird to say this about a guy who I assumed to be drunk the first time I met him :P. Thanks for being my saviour in 1-2. Our conversations have come a long way, from you considering me a kid to you, well what do you consider me now? :D It is always fun to have long talks with you about life, Bangalore experiences and the "new topic" (#part2) Looking forward to you getting placed in an awesome IT company. All the best in your future endeavours. Stay in touch :)

...ADITI MAHESHWARI

Tushar! Are you sitting in the library, coding? Now when I think back, our dinner table discussions/gossip wouldn't have been even half as much fun if it weren't for you. Major missing your guitar sessions. You never let me play your guitar, though. :(And why do you always run away from me my love? :P

...Somya Shubhangi

There are very few people who are as witty as you are. Your company kept me going in my low times. Bhai tere sath haar ek ke lene mein kafi maaza aaya. Tere se jyaada bakchod meine aaj tak nahi dekha. life mein tu kafi phodega .Aur haan NATHURAM GODSE begunha tha :p

...SONAWANE AJINKYA LAKHAN

To the funniest person i know in campus (yeah, had to accept at some point of time anyway), it's so tough to go on outings without you(read without the jokes). Things might go downhill from time to time but you'd always be my best friend. I hope no Lavanya ever replaces me in your life :P And if you want to hear besure hindi songs, you know who to call at 3 AM in the night! I will insanely miss our high jamming sessions. Honestly can't imagine college without you. You can always find me whenever you need someone to third-wheel. Thanks for always handling my rants and craziness. Get placed in the best IT firm and then treat me with infinite food. :*

I will always remember the things we used to do in our first year from singing(I am a good singer by the way), chinese whispers, dubsmash, THE CH6 FASHION SHOW and all the poker and movie nights. I have always seen you happy, smiling and probably that's the best thing about you. Hope you stay happy and in the end just saying meri advice rang laayi thi vaise :P.

...SHUBHAM PRADHAN

It's been great getting to know you, first through bio and then through mech. Your patience and calmness amaze me, as do your carefree attitude and ability to master anything you put your mind to - be it codes, concepts, games or marathons. If I could take a leaf out of your book, I'd learn to live in the moment and go all-in on whatever I take up. And thanks, of course, for putting up with my idiosyncrasies (or idiocy, mostly) and being a great benchmate. :)

...SAKSHI MEHRA

Urvashi!!! Stop taking tension about studies abhi toh :P I have so many memories of college with you that I'll cherish forever (excluding the jain parivar dinners tho hahaha xD). I love how you're always up for something adventurous and your childlike innocence. I feel comfortable in telling you just about anything and I'm going to remember our friendship forever :) I loved all those times creeping you out in college :p Forever in my winger dude ;) I'm really happy to have gotten to know you really well in college and you're a really super genuinely caring person :) Don't let anything trouble you ever, you mean too much to me. PS: I keep getting that nagging thought in my head which repeatedly tells me that I should have asked you out in college and competed with the tree.

...YASH MEHTA

A big thank you for all your notes in Bio and CS - helped me graduate. All the best for your future.

...ARKAPRIYA PAUL

Whistles at you

...I JAYANTH .

Urva !!!!!!!!!!!!! This Testimonial doesn't contain enough space to how much I can write about you and how much I Adore you and like you. Mrs Subcoordinator, Our journey has not been anything short than a roller coaster ride. I still remember those "maine nahi katta" moments of yours from first year to like going on Cricket Feild during 2-1 FBI times. Going out with Me, Suneha, Tushar for Non-Alcoholic outings to nowadays only thing you care about is Smirnoff Green Apple :P I literally don't know someone else soo much than I have known you in my life. Because of you I always used to be motivated and because of you half of my college memories are really good :) You will be always the closest to my heart, my true friend no matter where you will be in the coming future. No matter whenever you call in future, I'm pretty sure it's gonna be a missed call :P also Congrats, Aakhir mein tumko bhi koi mil gaya. Signing off, Nandan Thakur :* :*

...NANDAN THAKUR

Banananana- The Banana Song and all the nicknames for the people in your life is a book of its own. I miss sitting on top of you and creeping you out. Let's stay in touch and go on loads of trips. I get to gift your kids stuff in blue and pink bags. Lots of kisses

...SUNEHA BAGRI

Urvashi. You have been an amazing friend and an amazing neighbour. Please stop worrying so much about everything. You are doing great in your life and you will achieve whatever you want and even more. I will definitely miss all those conversations that I used to have with you in my room (and also you borrowing my bucket :P). Hopefully this won't end so soon. Looking forward to many more of these conversations with you. Love Apeksha :*

...APEKSHA JAIN

Urvashi !! You are the most honest and genuinely caring person I know. Literally, I don't know anyone else who gives a recheck to get their extra marks reduced. Your notes and last minute discussions have always saved me in the exams. From going to Monginis before the Bio classes, calling first yearites kids and wondering just how dumb they are, considering the faculty kam padhi likhi, listening to your mime problems and sometimes weird future plans (Remember that ides of yours to open a special school similar to Germany), planning a startup (which we might do one day :P)....each of these moments have been really fun and special and are the best memories of college life. Thank you for everything. You are the best. I know you will do great in life so stop worrying so much. Have an amazing life ahead and let's stay in touch.

...ADITYA AGARWAL

You are so sweet and confident always! It was nice knowing you. Continue to ace life as you do always. Wish you all success in future.

...ARCHA R I

It was great knowing you over these past 4 years and even more wonderful having discussions on history, places and politics which I'll confess are topics I can hardly discuss with girls. Your receptive nature to almost any topic under the sun, is so inspiring and I always come out equipped with more knowledge after each of those discussions. It's really inspiring to see how you balance every aspect of your college life so well. It's sad that we couldn't bond very much but I am still thankful for the time we did actually spend, and they will surely remain with me. All the best for your future, which I know you will ace! Hope we meet soon again !

...Sanjeev Sripadraj Murthy

I don't think I'd ever forget the moment I shared with you and Nissim in second year. Thanks, and stay in touch

...Parth Madan

So Urvesh, it's been a long time, and I think it's going to be long time before I get to see you again. I've had a long enough break to recover from your drama, self diagnosis of psychological disorders, scoldings and reprimands, chats while showering together (separate stalls actually XD) and I'm missing them a lot a now. Thanks, for all the night time snacks and agreeing to keep the corridor lights switched off(except that one time XD). Keep in touch bro :*

...ISHANI GHOSE

...ABHIK RAY

You're a wizard, Urvashi. It's alright if your horse is eating the flowers or if it's inside your cube. Knowing you, you'll always find a way to cheer people around you. Elephants may not forget, but I now know they can sure welcome me - something I'll always remember. Lot's of love and Delhi food coming your way soon. Till then, let's plan something for the next few months. :D

...SAMMIT JAIN

Hello Bestie. How can I possibly summarise the entire time I've spent with you?! I know will be in touch, we can barely last 2 days without talking to each other. You've been my constant support system, someone who I can trust, someone who always wishes the best for me and someone who can make me happy instantly. I admire you, the way you've taught me to manage my time, to deal with people, in general to accomplish things. lol I find it so awkward to write for you - you know I love you.

...Shreya Arya

It's so great and fun to have you in our club, and it's so fun to listen to your stories mainly the Manix wala. It's never boring when you are around. Always keep smiling, nd all the best for your future, keep in touch

You are certainly one of the most sincere and talented people I have met in this campus.I have always enjoyed your company,be it in DD lab or while studying TOC or while just sitting together in class.P.S: I like listening to your stories,especially the way you narrate them.

Urvashi! you are life a famliy to me since we were in mime, you are such a nice person, i wish i could have you around me for more time, maybe in agra.. ;P all the best for future.!

...DEVESH RAWAT

There was probably only one thing good in my first year. And it was those study sessions with you. I have missed that so much in the past 3 years. On multiple occasions I used to think that why aren't our branches the same. But jo ho gaya so ho gaya. It was an amazing experience knowing you. I know you'll ace everything you want in life. All the best for your future. Stay in touch

...ANAND Dugad

Heyloooo, Madum! Not putting down much here, given the smorgasbord of college experiences we've shared over the last four years, most of them without planning to. Nonetheless, I must thank you for putting up with my Nissimisms for all that long (though, for once, who did the tolerating and who did the talking is debatable). It's been great to see the princess come into her own from being a liberal arts refugee to being an ace biologist ready to take the IAS in her stride, should the need arise. Thanks for making light of all the poop research, and going to the extent of embodying it in that delicious cake (not to mention the choco-poop-muffin). Don't forget our deal regarding your school - I'm looking forward to all that biogas;) Oh, and thanks for the creepily detailed visions of my future family life and advanced tips on being a good dad - not that I'm going to heed them, of course. And please don't cancel my voter ID; I'm not the mean one here.

...NISSIM GORE-DATAR

Urvaaashi! We have come a long way since the first time we met while giving the mime audition! You have been a constant support system throughout these four years! I am sure things wouldn't have been the same if it wasn't for you! You inspire me :) I know you will achieve great things! Definitely counting on that awesome school to make this country a better place. I know we will start in touch! I will miss having you just 5 rooms away :')

...JOISHER HEER VIPUL

...MADLE SNEHA MALASIDDHA

You are the most driven person on campus i have met. When you decide to do a thing you make sure you do it full justice , be if anything. Our morning jogs to bog and hollant were truly amazing. I still remember breakfast in zari, after that rewarding jog and trek to hollante. Tambdi surla and dudhsagar would have been dry without your enthusiasm. And not to mention solving all those physics assignments together. Hyperloop mai saath mai kaam karne mai maza aya. All the best for your endeavours and stay in touch.

Even though we may differ in our ideologies and political views, it's always a treat to listen to you. Ab toh Talat Mehmood bhi shuru hua hai. And carrom of course. Best of luck for your future.

...Sanjeev Sripadraj Murthy

Thanks to your unique views on many issues which have helped me form my own on many occasions. Those discussions on cinema will be remembered and also thanks for the movie recommendations you gave from the first year. Eagerly waiting to see a film(s) with your screenwriting (or direction) in near future. All the best for your future!!

...Ameya Mangesh Deshpande

To the person with whom I can argue with for days and weeks together but never fight a single time. If I were given a choice to save only one of my friends and let all others die I would undoubtedly choose you. For I am sure that you are going to do much more for humanity than probably all of us combined would do. You are one of the most humble persons I have ever met. A man whose views are unimaginably different than the general opinion yet a man who would always listen to each view present. I wish that each and every person in the world would have your level of tolerance. I think that that itself would finish off all the hate crimes that have become so prevalent in today's world. I am sure that one day you would become one of the best directors this world has ever seen and I would be proud in telling my kids that this man was my neighbour in college. I hope you find all the answers that you are looking for so that you can finally come to peace with this dogmatic society. Our paths are going to diverge after college but one thing is for sure, whenever we meet I'll make sure that there is a game of cricket ;)

...ANAND Dugad

The one guy who is always in the opposite team of every debate! The one quality which I most respect about you is that you have not accepted anything about anything because someone else has said it, you always have your independent line of thought for every small thing in the world! You are one the most well read people I have ever seen be it sports, politics or movies! Best of luck for your future! 15 years down the line we all shall discuss and prepare you for your Oscar speech!

...Soham Kelkar

Surprisingly, we seemed to be on the same side of any discussion and yet were completely different viewpoints. Arguing with you was an enthralling experience. It taught me more than the lectures in this college, maybe! From ridiculing Chirag to intense discussions on films and worldly philosophies to bashing the existing societal paradigms, Thank YOU for being the perfect blend of knowledge , experience and manners! We hope to see your film being the first to win an award in this commercialized cinematic world! ALL the BEST, from the biggest contributor to your film's profit! :D

...VARAD JOSHI

One of the closest friend I have. Even though our interests differ I like just listening to your line of thought. You have a very independent line of thought challenging each and every thing and not accepting things just like that. Movie recommendations are without a doubt always from you and it's no surprise that each and every movie you have recommended are a sheer bliss to watch. I will never forget our carrom matches which strengthened our bond even more so. It was only because of you started following politics and I am loving it. Cricket in pune and in Goa is incomplete without you. Waiting to see a film written by you. Ekda ali ki kalav majhya ghari baghu ;). All the best for your future. Stay in touch mhannar nai karan apan rahuch yachi khatri ahe.

You are a very humble and understanding guy. I wish you the best. Keep in touch. :)

...Siddharth Kumar Sah

A racist, feminist and fanatic in the purest form! You have an opinion on certain issues that differs from the general public. Also you have the gall to hold on to it! That's what I like about you. Also your fashion sense is excellent. Though you like some really crappy movies(most of them marathi), I sincerely hope you become a great name in movie industry. Good luck.

...RATHI SHIVAM NARENDRA

Great to meet you...I have learnt a lot from you. Your knowledge and opinions about various issues are very interesting and always encourage me to dig deeper for facts. Hope to see you soon to be associated with a movie....Best of Luck!!!!

...JAYESH SABOO

Vaibhav, you are one of my closest friends on campus. I always remember you every time I read about feminism. I respect you for your way of thinking and I have always loved debating with you on issues ranging from politics to Bollywood. I wish you all the luck and success in whichever industry you wish to go. All the best, stay blessed and stay in touch.

...SUMEGHA SINGHANIA

You have a soft spot for your friends. Somehow you always seem to know what someone is going through and you do your best to cheer them up. You are that unique friend in a group who knows everyone's secrets and respects them for who they are...I really wish I had known you earlier as I have known you in my last semester.

...AZEEM SYED

Nag Mere Bhai, kabhi toh ruk ja Frisbee field mein. My favourite Frisbee player.

VARAD JOSHI:2014A3PS0147G

Though I knew you from first semester, that one 4am talk on your last bday changed everything, isn't it? Now I can graduate with not just the degree, but a friend like you. I am yet to find someone with whom I can rant so comfortably. Your sarcasm and no-bullshit attitude is something that will always amaze and inspire me. I know for a fact that you'll rise high in life, given how much clarity and poise you have. Watching you play TT in this Spree, made me realise the patience you exhibit before taking any action. or a shot. Being around you is fun, not just because it's fun but also because you don't hesitate in telling what is wrong. That is something everyone should have. Probably the most open minded and accepting person I know. Thanks for the memories. Stay in touch. Rock it. You're welcome for your best Bog experience. ;)

...SIDDHANT RATHORE .

It's hard to write something about a person despite having spent 4 years with him. It seems excruciatingly tough to pen down anything that describes you. To probably the only guy in the group who could openly show the path forward in you know which field I'm talking about. All the best for your future and not your field since I'm sure that is relatively stable :P

...Sanjeev Sripadraj Murthy

Varaaaadd!! Lucky to have had a neighbor like you, who I could irritate 24X7. Shall always miss the melodies from 305 (now 306). It's difficult to cover all the memorable moments in a couple of lines, but I'm grateful to have found a friend like you and to have shared a good number of moments where our sarcasm aligned pretty well. I know you'll make it big. Hasta La Vista, Baby!

...Dhananjai Sharma

My only Marathi Brahman best friend. Now it seems that this was meant to be. The one of its kind of friendship that accelerated so so quickly, but normally from my standards. :P You are that one person whom after all the experiences I found to be sane and rational in thinking. Aaj kal aise ladke kaha milte hain. From then it has been an amazing journey. To see you ace the tennis matches with that aggressive small talks between the shots was so much fun. I still remember that I always had this image of you of a boy who is so open minded and it was so true. Be this accepting always. It feels so good to see you acing your life. It gives me a lot of motivation to do something good in academics. :P Come back soon to India. And keep telling me 'important' things on text messages. Please learn to crack lames jokes from me. And keep tolerating me forever. This thread is a forerever bond so we will obviously stay in touch. And hum Hain rahi pyaar ke phir rahenge chalte chalte. Stay the same. :*

...SHRIYA GUNE

Whatever the occasion be, whatever the mood be, whatever the time, place, I always knew that there is one person who will always be there :) Those deep talks about your life, my life, others life, the others in others life; apart from keeping me entertained, taught me a lot about life. It feels good that there is at least one person as lit as me B) I can surely say that you are the one person I have learnt the most from, you might also be surprised :D If I was given a choice of keeping one friend forever, you are the one : Stay lit, stay awesome B)

...Soham Kelkar

From playing FIFA to intense discussions in Purest MG to winning of our bet against Vaibhav, your presence made the group much more entertaining. You insulting random sometimes not so random people was always entertaining and weirdly fun to watch. Need to learn the thing from you in which you are undoubtedly the best in our group. Stay in touch. All the best for your future!!

...Ameya Mangesh Deshpande

Where do I start? Bangalore? Because that is where our closeness increased exponentially. Or DD? Which was the first time we were involved in politics. Or that one night when 5 of us just sat in 120 talking about life? Or my favorite, the mathematical analysis of probability of rape as a function of various variables? I think we have talked about so many things in such great detail that finding the exact combination of words (that too after finding out about this stupid word limit) is going to be difficult. You have played a major part in transforming me from a rigid, naive boy to a person who has finally started to accept different view-points even if he doesn't agree with them. Apart from that I have really enjoyed having a friend with the same sense of humour which both of us will have to take of at least for the next 5 years. Baaki jari apan veglya shahrat asu tari adhun madhun bhetat rahu ani aplyat parakotiche matbhed aslet tari aplya maitri la kadhich tada jaanar nahi yachi mala khatri aahe.

...ANAND Dugad

Jab se tere naina, mere naino se laage re! (Bana hi dia Bollywood). I am so glad to have met you through the experiment, guess we would have got along even if we were actually blindfolded :P Itna khush toh mein kisi se milke nai hui, by god! :D You are certainly a big ball of joy whom everyone loves. Even though we are poles apart, i know we will always have things to learn from each other. I hope my ranking never degrade in your list, competing with such super stars gets tough at times. And yes, how are you so good in this field? You should definitely take classes on this! We have had many deal-breakers, but the seal always stays. Keep achieving infinite success in life, your lady luck! :)

...AASHIMA RATHORE

What can I write here about our discussions that would not get you banished from human society? Lets see... Throughout our time at BITS you have been very vocal about almost everything. You have been a player, hater of Mechanical Engineering, social renegade, disgusted by my jokes, etc. But the quality I admired about you is that you were never afraid to speak the truth. You are the person I would come to for an honest opinion. Hope you stay the same and acquire the eagle! Keep it up. (No pun intended!)

...RATHI SHIVAM NARENDRA

Complimenting and building on each others jokes made life at BITS so easy dude!! Those mess hours would be the most missed things in my entire BITS life(I know there's not much colourful in it but still :p...) Your easy going nature and self doubt/criticism not hampering out to express your opinions is one of the many things I am trying to imbibe. You will always be remembered for introducing me to Aai Mala Maaf Kar, insheallah Palme d'Or (Oscar is too mainstream :p) milne par bhi !!!

...VAIBHAV Shetiya

One of the best defenders in frisbee and a pretty darn awesome tt player. Discussions of purest MG on the group or in one of our rooms were always lit. :D Also how can I forget cricket and all that sledging :p. Your batting(in both senses) is too good. Sarcasm- god level, even Chandler will have a run for his money against you :p. Always keep up your game, keep acing in everything and best of luck for the future. P.S. Next time don't hit anyone with a belt or curtain holding rod :p

...DESHPANDE CHIRAG ANAND

We have some random laughing memories but I feel lucky to have such rich friends :P I'll someday

master your random throat noise and then we'll have a competition, which I'll obviously win. Ps: seems like I'm the only one with a 3 line testimonial on your page

...AKSHITA MITTAL

You have legit always been there for me and I appreciate that a lot! That is why I gave you the best gift ever :P Keep cracking lame jokes and making people smile! #Marathibonding4life

...Rujuta Kelkar

Kulkarni, I'll miss you. With EEE, C mess, Motor drives and our shared love for girls and gossip, it makes me sad to have so much in common with and adore someone from Thane (ew)

Varad. The person who gave me the best life advice all the time. Feel blessed to be your friend. Exams to heartbreaks, you have always been there for me. The 3 am alarms <3. Our deep conversations at every meal to the point of getting kicked out of the mess. Made mom jealous because I called you more often :P. The most Bollywood person I have ever met. The roothna and the manana. :P. Simply cannot summarize in a few words.(Yours had to be the longest testimonial I wrote obviously!) Our khatti-meethi friendship makes me wish we could turn back time and relive those good old days again. Keep in touch :)

... Vaibhavi Shanbhag

Your bollywood dialogues and our zindagi ki batein will always be special. Let's watch more plays and eat fancy food- this time I shall reach on time and navigate correctly :p Stay in touch? And don't tell me about leaving this country through testimonials :p Dear Zindagi will always remind me of you now :p

...NIKHIL TRIPATHI

You are officially the tallest person that I've known in my entire life yet. Thanks for being my badminton buddy (and waking me up {which I know would have been quite irritating}). Thanks for teaching me all ED and ED-like courses. In reply to your comment: Badminton, tere room pr study sessions in CH-6, loads of outings, Amboli and DSP lab. Dekh tu life me phodega to hai hi. So, once you make enough money, I would be ready to undergo a larynx/ vocal-box surgery if you would sponsor that.

...MEHUL KAUSHIK

Hey there, You are one of the most truthful person I have met. You values define you. If someone ever said that in college whom do you trust the most I think it will be you. Thanks for teaching me always. If it was not for you I don't know how would I have survived EEE. You are one of the best person I have known . Thanks for always being there. You are just like a brother to me. I think I am irritating sometimes, I sometimes make you angry but in the end you always support me and try to bring the best in me. Thanks for always being there. and ya you are one of my best friends.

...ATISH KUMAR SINHA

Bhaiiiii!! You were my first friend on campus. I remember going all the way to CH6 to lie in your room. You have always been there for me.. LIKE ALWAYS!! I am grateful for your friendship and I admire your rules but sometimes don't agree with some :p. But Mehul k against jo bhi rules ho I am with you(hahaha).. Infact uske larynx/vocal chord k surgery me I will also pay half the cost. You are the most selfless person I have met and the real 'jack of all trades' personality. Tune meri itni help kari h that I would never be able to pay you back. Thanks for listening to all of my bullshit and being there during my tough times! Stay in touch always and hope you get all the success in life !!! Cheers! :)

...SAURAV RAJ

You were the only person who could wake up all the 7 days in a week at 5 am to play badminton.Thanks for teaching me all the courses like ED , EM , ADVD , MUE .Will always remember the nights before exams where you taught me these subjects.

...SARTHAK SINGH

VARUN GOYAL:2014A7PS0107G

I found someone similar like me who hardly cared what other's think and live the way he feels right. The level of sarcasm you have can't be matched that easily and because of that our college life was so interesting. You are the one who showed me how coding is so simple and gave me confidence to start it too . From numerous ashkandh stories and theories to all night bakchod talks and poker games we did a lot of thing together. Thanks bro for the great time and hope our bakchodi goes on forever.

...SHIVAM GUPTA

The guy with the most perseverance. I've seen your journey from getting zeroes in CP Lab to topping DAA to getting placed in Microsoft, and all of that was because of your hard work. Tere sense of humor ke baare me to comment karne ki zaroorat nahi hai because everyone knows about that. Hostel life wouldn't have been even half as much fun without you. Keep in touch and keep sending me Ashkandh jokes. :P

...AKSHAY GINODIA

Varun, I have been a fan of your data structure and algorithmical skills. Have seen you do away with your junk addiction which truly amazes me. Will miss your mimicries and jokes... ab 'dimag kaun udayega yaar'

...Rohan Goel

I'll always remember our SOP. The hard work we did and finally publish a paper. XD The level of dedication you show for coding is unmatched. I'll never forget our discussions on random coding problems. I really wish to have more of such discussions and coding sessions together. Kudrat(aka Simmy) ko pata le bro, teri he vo. those pre-placement talks, discussions and random shit. "Daaru bhar gayi he dimag mein?" Hamesha coding ki baatein karte rehna, essa he rehna. Pizza khate rehna, Coke bhi pe lena :P. aur Codeforces pe red bhi hona he :D

...PRIYANK LODHA

Whether it be intellectual talks or bakchodi talks, no one can match you in either. I am lucky to count you as my friend. And even more lucky to be there in person for some of your ashkandh stories :P You have an amazing sense of humor, and your level of sarcasm is even better. Also, your choice of movies and books is on another level. What bahir is to gym, you are to competitive coding. Abhi bhi pakka koi contest hi de raha hoga tu. Keep coding :D

...Pulkit Agarwal

Arey bhai Varun ! Even though I got to know you just for a sem kaafi mazza aaya tere saath.. I mean itni gandi koi kaise le sakta hai kisiki tune hi sikhaya. tere karan effortlessly bhakchodi ho jaati thi. Kaafi hardworking hai bro tu. I remember you were the guy who used to drink cold drinks regularly and ab bhai GYM ja rha hai ^ Kaafi changes .. Sahi hai bro .. Bhai Microsoft ko bangalore shift krva de.. tere dank jokes kaafi miss krunga.. Aur haan don't Run from Sim afterall tu hi to Raj hai :P

...ANKIT

For him 'Dimag udd gya' is the another way of saying Eureka in desi style:D. I'll never forget the happiness on his face whenever he finds out the Solution, it's like as if he has found the treasure. This passion of yours towards DSA and algorithmic problem is admirable. I hope we'll never lose touch and I get to hear more of Ashkandh jokes :p.

...ISHANT Gupta

"Every group should have a punjabi guy", you were that punjabi guy in the group, but with the brains of course :p Never cared much about the troubles of the world, did what you wanted to do and sailed through these 4 years of college life like it was a walk in the park, Microsoft mai teri ye job hi teri mehnat reflect kar deti hai. Bahut maze dilaye hai bro tune, nobody can beat you in your jokes and quick sense of humour, agr kabhi coding se man uth jaye to stand up comedy consider karna :D All the best for future bhai, stay in touch !

...MADHUR GARG

varun bro , I hope I had met you earlier , one of the few good things that the hostel shift bought . The FIFA legend , the coding guru , the typical engineer . Thank you for being such a lovely host , bro Bangalore mein job dekh le and yahi reh. Really hope that we stay in touch <3

...YASH KARNAWAT

Ah, I didn't know we had so much in common before that awful DJ party in Hyd. Looking forward to knowing you more in Microsoft :)

...KRATIKA CHANDRA

"Aur Bhai" and "Dimaag udd gaya" are typical varun stuff which were heard on a daily basis. His wit and always non stop taking ashkandh cases is just gold. He is the least mess easting person and dreams about chips and coke :P Once varun is sleeping nothing can wake him up, literally nothing can wake him up :P Always telling about his crazy Chandigarh stories and walking in front of my corridor with a book in his hand before the exam night. All the best bhai. Machaate raheo :D

You are my over-achieving friend who I always brag about, it's an honour to be your friend (free ka maska hai, appreciate :P). ...YASH PANDYA

Varun! I remember the very first time we met, when you were walking back after a shower, and we spoke just in front of our room. To say that you are multi-talented and versatile would be a gross understatement and undermining of what you truly are. I have immense respect and admiration for your self-belief, your determination and your confidence. Literally, every course you pick up, you study it the way you fundamentally believe is to be studied, and you prove yourself by acing them all! Your epic stories are already well accounted for in this testimonial page. On a non-academic front, your skills in every sport, especially football, your energy and enthusiasm, manifested in the first year dances for the hostel truly round you as a complete all rounder, by its truest definition. You absolutely aced the MS process, and I'm sure you'll absolutely smash it at Stanford. All the best bro!

One of the best people I've worked with. Without a doubt, the sweetest person I know, on campus. Keep this innocence intact while you speak, it makes talking to you really fun. :)

...SIDDHANT RATHORE .

Veena! Remember the first time we met, we got super excited that we had a mutual friend who went way back? :P You're the sweetest person I've come across. Good luck for everything in life! :)

...SUMEGHA SINGHANIA

Veeevez!! Glad to have known you in this college, more or less through EEE classes. I feel fortunate to have heard you playing guitar and singing in Punjabi and Hindi both, before the end of this chapter. I know you'll make it large. Good luck! ~ DJ :D

...KRATIKA CHANDRA

Whoever teaches you next, don't fall asleep. Thanks for being my support system. Don't throw the H&M gift ever

...JAYATI SINGH

You definitely have the best taste in music. Keep sending me songs, also of you singing in Hindi *-* Still remember how clueless (to put it nicely) we were in 1st sem phy lab. Love watching you act.

...AASHIMA RATHORE

Veeeeeeeaaaaaaa, what would I do without you. My bestie, my longest lady friend, a person whom I can completely rely on for all my problems, a person who won't judge me, someone whom I can tease numerable times and still I won't stop. We have not studied together a lot, nor have we been on many outings but you are one of the people who is closest to my heart. Bangalore wouldn't have been half as much fun without you. I am so glad that I could finally meet your parents and obviously Vandana ;). I hope that you soon become good at driving and navigating. Jokes apart, I know that you know but I still want you to know that I will always always always be there whenever you need me and even if you don't. I know that I would be receiving a Rakhi every year however far we are. Thank You for being there in my journey of BITS. It would have been seriously bland and boring without you. P.S: We have to go on multiple outings in the remaining sem. Also I didn't mention marriage, I'm feeling sad.

...ANAND Dugad

The right VVAY! :) I don't think I'll ever meet anyone else with whom I can get high on conversation and a random walk together at night. I have enjoyed your company so much and especially at times when

I needed it. I hope we stay as close as we are in our last semester together. Best of luck for everything

...ABHIK RAY

Veena, first of all really cool haircut. Haters gonna hate. You're too nice a person. We are yet to go on that outing we planned when neither of us went out on our birthdays! But its been really nice knowing you. I shall continue to sing along to every single song that exists and hope you'll stop laughing at me and join in someday :) Looking forward to staying in touch

...Shreyas Rajesh

Thank you for everything. For befriending me on the second day. For staying a close friend through these four years. For introducing me to all of my now-very-close campus friends. For being the one to put sense in my head when I've not been thinking straight. For reminding me of Bangalore when I'd feel lost among everyone else. For reviewing my literary pieces. For chilling with me when I was bored at times on campus. For being a library study partner in 3-1. For being the wonderful friend that you are. Whatever happens, promise me that you'll stay in touch. I know that we haven't over the last few months, but after college life is gonna be so different and I'm gonna miss you. Good luck for the future, VV.

...Suhas S Pai

Veena Vijai. My ATM Bank Friend. You looked like a kid then still do. All the best. I love your haircut

...NANDAN THAKUR

...Rujuta Kelkar

You have such interesting things to say every time we meet. Your music suggestions are the best. Remember we tried composing a song once? Fun times. Thanks for talking sense into me whenever I needed. All the best Veevz :D

...SOUMYA JETHANI

Hi Veena! I've always been amazed by how nice a person you are. Back in Waves in first year, you provided me the contacts of all your friends who could possibly come to participate. I remember observing that you were friends with almost everybody, and they loved to be in your company! Its amazing that you pursued all your passions and interests while on campus, be it through music or drama, while doing equally well in academics.. All the very best for your further studies, I do hope our paths could cross again one day!

...Velidanda Srinivasa Tanmay

Hey Veena! I'll always remember you as the most planned and meticulous person. and also as the "Speech God." And also, you being savage AF at johns after the LIIT. That was a great great day, and we've got to do that again.

...Abhyuday Puri

It was fun scaring you in the corridor, library, or basically, everywhere I could find this fellow tiny person :P Love your curls and your ability to be able to talk to anyone about anything. I still remember

those guitar sessions we had in your room. Keep enjoying and suggesting music and do introduce me to your "hot" friends, now that I know your being cupid skills :P

...ADITI MAHESHWARI

A very sweet fellow Bangalorean and one of the first people I met on the campus. It's unfortunate that we never got an opportunity to interact much as our college life progressed. Let's catch up sometime if you are in Bangalore.

...DIVYAM MALAY SHAH

Veeena ! Love your courage and confidence to rock your current rad hairstyle. I have always loved your hair... and confidence... and the fact you're as confused in life as I am. We have had so many long conversations about Convergence and Dojma and books and life and stuff... I love your unique point of view ! Stay in touch :)

...DEVASHI GULATI

It's amazing how you're friends with EVERYONE

...LALIT SHEWANI

"We were meant to wink into existence, only to crumble to dust. In the meantime, we might as well be happy". Talking philosophy with you was fun. We should do it again some time :)

...R HARIKRISHNAN UNNITHAN

...AMAN GARG

Veena, you're really cute, and I love the way you carry yourself (love the haircut :P) You are really easy to talk to, I like that about you. Best of luck!

...Shreya Arya

Veena, I never thought I will ever be so close to someone who I have hardly talked to before 4-2! Thanks for being there for me and always listening to my rants. I couldn't have survived this sem without you. For all the times you made me walk in the sun when I don't want to and for all the times I made you walk in the middle of the night when you didn't want to, the point is atleast we both know that it's still the right VVAY! :')

...YASH PANDYA

I love your home's banana breads. What would I have done without you in Bangalore? Its great to have you next door. Plisss spend more time with all of us. And ya I keep checking you out all the time :P

...Varun Nayak

You are one of the nicest people I know! And SO AWESOME! You had great taste in Music and literature. It's a shame that we didn't hang out more than we did. I am sure I'll be hearing your name for something brilliant you'll make in future! :D

One of the colleagues I will always have utmost respect for. It was always hassle-free working with you. Somehow, we were really good in our partnership of being PLs. Your ability to remain calm, no matter how adverse the situation be, and your perennial down to earth and humble nature is something I haven't seen in anybody here, and that shall always continue to inspire me. Shiksha was made super duper fun because of you. It was always amazing having you around. It was a great experience working with you. We haven't talked a lot, but the mutual respect we have for each other is something that always makes me happy. Wish you all the success in life. Do stay in touch. :)

...MANU SARASWAT

We've had some truly great times, be it in Shiksha, campus, or in Bangalore - I hope those traditions continue through the years :)

...Veena Vijai

Danda boi! I have really enjoyed spending time with all the different versions of you I have seen in the past 4 years. From the gossips, to BT, meeting outside labs, surprises and the chill hotstar provider who has aced it with his MS admits! The only constant has been BITS please and your late FPL dash to the top! Hope I can manage to keep winning the league! :) Keep BITS please alive! Wenger Out!?

...YASH PANDYA

Tanmay Bro! It has been really great knowing you. We met late but it has been fun since then. Munnar trip is where we got to know each other and playing those trivia Quizz with such intensity will remind me of you. I hope you get what you desire for in life. Best of luck for all future endeavours. P.S.: "Best Googler award goes to you."

...SAURABH VIJAYVARGIA

V.S.! you've put me in quite a tight spot by doling out flattering comments on my page here. Which compels me to be uncharacteristically nice to you in reciprocation, so here goes: here's to all the times spent chatting about our oft-clashing ideologies, planning out our futures and having to wing it anyway, roaming around Mumbai playing the roles of amateur guide and guinea-pig tourist, squabbling over lame slights and generally making one another's time in college more memorable. Thanks for being a bit of an on-campus mom, pushing me into doing useful things that I'd been putting off or dismissive about; you know full well how much that's helped, professionally or otherwise. There's many things that I admire about you but would never dare to admit. Which means I won't say them here either, so good luck figuring them out. I doubt distance will be much of a separator here, since we've managed just fine with weeks non-contact on campus too :P And you have vested interests in this relationship, seeing as how you need to learn Marathi to cement vaini's family's approval.

...NISSIM GORE-DATAR

Danda, there's something which I admire the most about you, the clarity which you have for your life goals...Bakchod at its max and yet fully committed to your goals....Rarely have I come across a person as dedicated as you...Cheers to all the moments that we shared... All the best for all your future endeavors and stay in touch.....

...MAYANK KUMAR

Arnav Vijayakar aka ROWDY aka EEE God aka EG God aka everything-with-e-in-it-god, if there is one word that comes to mind when thinking of you, then it is, gaaaawd - with folded hands and head bowed in respect. ...SANGLE SOURABH SUNIL

SOBO Snob! Yet snob is the last word anyone can say about you. BITS me suna tha lite ke bare me, and uska sakshat darshan kia tere roop me. Tune bola "Let there be lite", and sach me, there was lite. One of the most intelligent people I know - jispe tu focus karega, us field ko tu conquer karega. From tutoring me about life, to tutoring me about lucid dreams, you have always been one of the people I look up to the most. Jitna tu lite hai, utna hi dedicated hai. Keep lite and rock the world :D PS: Stay in touch. Itna irritate kia hai terekko, kya karunga mai tere bina?

One of the lite-est and still, sharpest minds I've ever met. Usually, people achieve Nirvana, but Nirvana itself achieves Rowdy. Keep succeeding in life and humesha touch me rehna. :* PS: uP project ke liye gussa nahi hai na? :P

...YASH KARNAWAT

Rowdyy, this name equates to many memories, Arnav ke nam ke to yad hi nhi tujhe kab bulaya tha last time. Pehli bar suna tha ki tu CS chod ke EEE liya hai to lga kya pagalpan hai, but then you proved that you are the EEE god, ES mai full lana jab hamara single digit aa rha tha, ya phir EEE courses phodna jab

hamein syllabus bhi nhi pta tha. Itna pro hoke bhi itna lite kaise hai tu, truly the one person that has reached Nirvana so early in his life time. Bahut yaad aati hai teri hostel mai. Mai aa rha hun bangalore lekin tujhe pareshan karne phir se..... Beware :D

...MADHUR GARG

...RANIT BANERJEE

I know a lot of seniors and I have taken advice from a lot of them. Most of those advice were useless, misleading, or marginally beneficial at best. Then I met Vishwa Prakash. He's not a senior to me. However, when it comes to Chemical engineering, he is. In fact, due to his grasp on Chemical, people often confuse him as a M.E./PhD student! Pehle me apne group se bohot pareshan tha. Mere project partners sirf bakchodi karte the. Ammonia stripping search karne ko bolo to Jennice Griffith stripping khol dete the. Mein himmat haar chuka tha. Par jabse VP hamre group ka official councellor bana, tabse sab kuch badal gaya. Ab hum ek raat me poora midsem submission with 'thank you' slide complete kar paye" If it weren't for VP, there wouldn't have been any motivation among us If it weren't for VP, there wouldn't have been any PDP project. If it weren't for VP, there wouldn't have been Coalescence. Oh wait, sorry. Anyway, I am trying really hard to stay away from VP. Because I am certain that his influence on me will make me want to go to Chemical core. Thank you VP. May you finish your PhD soon! ð?¥?

...CHAND SETHI

VP... Tu kitna zyada cool hai. Pata nahi kaise itna pagal hai. But koi na. Dil to achha hai Tera. Thoda kam pagal ho to duniya ka kuch Nahi bigdega :P. Just kidding. Always be the awesome person that you are. Aur tu Prithvi Nahi hai. :p

...SWAPNIL TAPARIA

I had a great time at the gym with the "Baddie and the buddies" though it was a short gig. But while we were not pumping iron trying to get into the University of Liftconsin I always enjoyed our little sessions

where we tried to scheme a crapton of ways to earn a quick buck, from being a bounty hunter for the babas and the politicians to colonizing another third world country. The only regret is that we never got to execute our elaborate plan of making a few hundred bucks with help of our multiple "dronebots" if you remember it. We have discussed a whole range of subjects in the past couple of years like you said and I always liked your passionate take on them, like the time once you actually read the Bible. I have faith in you, you may not feel so right now but I know that a day will come when you'll disembowel Anshul and Bhateja in a single fight, and when it comes I'll be there to witness it with a bucket of popcorn. Keep in touch mate.

...ABHINAV TRIPATHI

When you're a short skinny guy in college, it is always nice to have someone who is equally skinny so that the jokes people make on it get distributed... thanks for being that person. Take care bro :)
